LOCAL MATTERS.

SALE OF GOVERNMENT PROPERTY.—The light station at Yaquina Bay, consisting of a dwelling, outhouses and 38 acres of land, is advertised to be sold on the 13th of July in this city. Who wants to buy a light house?

ON THE JURY.—The following citizens of Linn county are at present doing duty as jurors in the Portland U. S. District Court: J. W. Propst, R. Cheadle, A. S. Nanny, Lewis Cox, B. W. Cooper, William Goltra, A. S. Powell, J. Hardman, and C. Clingman.

The rumor is that the Unatilla House, at Dulles, has been carried off by the flood. The Columbia is racing freely over all the lower portion of that city, and business men have been compelled to flee to the hills with their goods and chattels.

SUDDEN DEATH.—On the 17th at the residence of Charles Miller near Jefferson, Joseph Bradley, a resident of Oregon since '58, died of cramp cholera, after a brief illness, aged about 55. Deceased was a member of the Baptist Church of this city. He was buried at Jefferson last Sunday.

At the Cascades of the Columbia the water has washed away a portion of the railroad track, and men have been at work weighting down the bridges to keep them from being carried off in the flood. The water is up to the O. S. N. Co's shops and mess-house—higher than in 1862.

The married daughter of Mr. and Mrs. Eli Carter, Mrs. M. L. Ferguson, of Los Angeles, California, accompanied by her two daughters, arrived in this city on Wednesday, on a visit. As it has been some fifteen years since parents and daughter met, it was a joyful occasion—a white-letter day in the house of the Carters.

TO CELEBRATE.—A large number of our people will celebrate, as intimated last week, at Hackleman's grove on the 4th. It will be a picnic celebration, and will doubtless be one of the pleasantest ever held there, because no one will be worked to death getting ready. Some money will be expended for powder to be exploded in the morning—otherwise the whole affair will be inexpensive.

HIGH WATER.—The Columbia river was still rising at last accounts, on Wednesday having passed beyond the high water notch of '62 at the Dalles, it had backed up the water of the Willamette at Portland until the water was two feet deep on Front street of that metropolis. The high water of '62 having been outdone, 1876 will hereafter be quoted high water year.

A GRANGE RESOLUTION.—The following resolution was adopted by the Lane County Council Patrons of Husbandry, June 13, 1876: Resolved, That this council recommend to the subordinate Granges of this county and of the State to memorialize the present legislature to regulate the freights and fares on the railroads, rivers and canals within the State. Also to make it a penal offence, punishable by fine and imprisonment in the penitentiary to ship grain unsold without the owner's consent from any warehouse in the State.

MARRIED.—Mr. J. K. Morrison, of the St. Charles Hotel of this city, and Miss Ellen Scraftord, of Benton county, were united in marriage, at the residence of the bride's father, June 21st, Rev. Howard W. Stratton, pastor of the Calvary Church, officiating. We had been expecting this for some time. It was always thus. The handsome and estimable "two made one" have the best wishes of hosts of friends in this city for their future happiness and well being.

CITY COUNCIL.—At a special meeting of the City Council Monday night three new ordinances, relating to grading and graveling certain streets (ordinances published on first page of this issue), were passed. A petition, numerously signed, was presented, asking that an ordinance be passed in relation to the disposition of waste water, etc. A petition was also received, asking that a bridge be erected across the Canal on Fifth and Thurston streets. J. D. Titus resigned the office of City Treasurer, and J. B. Titus was elected to fill the vacancy.

The 4th will be duly celebrated at Scip.

FUNDS NEEDED.—The papers are full of flattering notices regarding Oregon's display at Philadelphia. The credit for securing so grand a display, so creditable to the whole State, is due, probably more than to any other man, to Mr. A. J. Dufur, who is said to have expended \$5,000 of his own means to make the exhibition a success. The exhibition will last several months longer, and yet there is no means on hand to sustain it—to pay the expenses of those in charge, etc. A strong appeal is sent Oregon to furnish at least \$3,000 at once to aid Mr. Dufur in keeping up Oregon's lick, and it is hoped our liberal spirited citizens will respond at once with the coin. The pride as well as the honor of Oregon's citizens is involved in this matter. Let responsible citizens circulate subscription papers in every precinct in the county at once, and the money will be made up in no time. As the matter is urgent, let there be no delay—commence at once.

DEPUTIES.—G. W. C. T., W. R. Dunbar, has appointed State Deputies as follows, for the present year, viz: Col. T. H. Cann, Salem; James A. Smith, Portland; Rev. J. B. N. Bell, Ashland; Wm. Russell, Weston; Capt. O. C. Applegate, Linkville; B. H. Allen, Halsey; T. B. Handley, Hillsboro; Asa Shreve, Dallas, and H. B. Grubbe, Wilber. Further appointments for State and District Deputies will be made in a few weeks.

The Percheron mare, "White Rose," owned by W. C. Myer, arrived by the down train Tuesday. "White Rose" and "White Prince" are to haul No. 2's steamer at the Portland Centennial, while the dapple gray, "Pride of Perche," is to be attached to 2's hose carriage. They are the finest Norman horses on the coast, and will be an attractive feature of the procession.

WELL ANSWERED.—An exchange asks: "If there's a place for everything, where is the place for a bull?" We are inclined to the solemn conviction that the very best place for such an ornament is on—some other fellow. And if we were a betting man, we'd wager the fabulous sum of six bits that a better location can not be discovered.

AN AGED MAN GONE.—Mr. W. R. Graham, of this city learned but a few days since of the death of his father, Richard Graham, who died at Great Harwood, Lancashire county, England, in the 93d year of his age. The Grahams were remarkable for longevity, deceased's father dying at the age of 97, while another of the family reached the age of 102.

ASHLAND TIDINGS.—Is the name of a new candidate for public favor, number one of volume one of which reached us the first of the week. It is a neat six column paper, published at Ashland, Southern Oregon, at \$2 50 per year. It is deserving of general support. Here's our friend Sutton.

MORE GOODS.—The Grange Union Store is again in receipt of new goods—most anything you want or can think of. Drop in and see the boys when you want first rate goods at low rates, and want to trade with three of the best looking and most accommodating Grangers anywhere. Dot's so.

BANNERS AND FLAGS.—The different Granges have been busy of late getting new regalia and bran splinter new banners for their picnics, harvest feasts, etc. They intend to have a good sociable time if they don't make a cent.

CENTENNIAL AT HARRISBURG.—The Harrisburgians have determined to have a celebration on the 4th, and have appointed the necessary committees to successfully carry the matters through. Everybody is invited. A grand ball is to be given in the evening.

If you want a neat hand-bill, flyer, poster, card, bill-head, circular, or anything else in the printing line, better executed at a less price than can be did anywhere else in this burg call at the REGISTER office.

Mr. Myers handsome Percherons are all here, ready for the 4th of July excursion to Portland. That splendid new harness, to be donned by White Prince and mate on the occasion, is also here.

A GRAND TIME.—Was had at the M. E. Parsonage on Wednesday night, the occasion of the strawberry and ice cream sociable. The handsome grounds surrounding the parsonage were lighted by gaudy Chinese lanterns suspended from the fruit trees that fill the grounds; seats had been arranged at convenient distances, and every thing prepared for the comfort and entertainment of all who wished to enjoy a pleasant, sociable evening. Although the evening was cool, most too cool for the enjoyment of ice cream and out-door promenading, yet a pleasant party of ladies and gentlemen assembled at the parsonage at an early hour, filling the parsonage comfortably full, and the evening passed off most agreeably to all. The ice cream, manufactured for the occasion by Mr. J. Schmeer, was most excellent, and the strawberries the best we have seen this season. The cake, pies, etc., were not only in abundant supply, but were way up—couldn't possibly be beat. In fact, the supply of good things was so abundant that a lunch was declared in order from 11 A. M. to 1 P. M. on Thursday Altogether it was one of the gayest gatherings of the season, and we are in favor hereafter of holding similar sociables more frequently, as they don't require near so much labor, are more enjoyable and save a heap of expense.

WM. OSBORNE.—Some two years since, was attacked with tuberculosis of the right knee joint. Despite skillful treatment and a change of climate from this valley to Eastern Oregon the disease steadily advanced until the only hope for relief short of death was by amputation. He returned to his friends near Halsey some two weeks since, having decided to submit to the operation, and on last Saturday, Drs. Rice and Plummer joined Drs. Smith and Wade in the amputation of his thigh near the middle. Mr. Osborne stood the shock extraordinarily well, and at last accounts bid fair for a speedy recovery.

Our subscribers will notice that by the change from a four-page to an eight-page paper, we are able to fill up the sheet and give a larger amount of reading matter than before. It is much handier to read, also, and if preserved can be bound, making a nice volume at the end of the year of 416 pages.

The high water at Portland will prevent a good many of our citizens from attending the Centennial there, but by far the largest number will be prevented from going by the scarcity of coin.

Just now the question which most interests a boy is not so much whether his life will be crowned with glory and honor, as whether his new summer's vest is going to be made out of his dad's old trousers!

RAIN.—Tuesday afternoon and night, a good, old-fashioned, warm rain fell, doing an immense amount of good to growing crops. Oregon can't be beat for crop weather.

SAWING.—Comstock's splendid new saw mill at Pass Creek is at work, sawing out lumber by the car load. The new hotel to be erected by Mr. C. at the depot in this city, will now soon take shape.

The game of base ball on the 4th, between a club composed of the old men and the first nine of the juveniles, will be way up.

The wheat crop of Linn county for the present season bids fair to exceed that of any other since the first settlement of the country.

DRILL.—Department Fire drill on Monday evening at 7 o'clock sharp. Mr. Myer's horses will be hitched to the engine on that occasion.

LOCATED.—Dr. J. H. Irvine, who lately graduated at the Willamette University, Salem, has hung out his shingle at Brownsville.

Messrs. Tyler & Tate keep up their reputation as grocers, by keeping a full stock of fresh groceries, provisions, vegetables, etc., always in sight.

Special Notices.

GONE EAST.—Dr. G. W. Gray has gone East on a health and business trip, expecting to be absent about three months. Due notice will be given of his return. 33m3
