FRIDAY, JULY 21, 1876.

Thirty years ago Tilden served one term in the New York legislature and he is still in the first term as governor of New York.

Carl Schurz, in the Westliche Post, in commenting upon the Democratic nomination at St. Louis says: "Humbug, thy name is Democratic reform."

Brussels has the largest refrigerator in the world. It is a large building, whose double walls are filled with sawdust and moss.

The Steubenville, Ohio, Gazette, (Dem) says it will not support Tilden. There never was such a stampee seen in Ohio.

In these days of cheap railroad travel, it has been remarked "that it costs less to ride in a railroad car than it does to sit still in a first-class hotel."

When you see a man trying to clean a paper collar with a piece of rubber, you can make up your mind that he has been hit by the hard times.

Rev. D. Newman Hall says the churches of Great Britain have lost 30,000 members within three years by intemperance.

Eleven tons of coameters for Northern digestion were shipped from Jacksonville, Fla., a few days ago.

London thieves carry a piece of coal in their pocket, believing that it gives them good luck.

The Roman Catholics of Boston hold real and personal property to the value of \$50,000,000.

Professor—Well, sir, voco means "I call it." Absent-minded student—Flash, see up.

The New York Board of Health denounces black hats as provocative of sunstroke.

It has cost Boston \$4,000 in the attempt to get Winslow back to that city.

It costs now only ten cents a game in Pittsburg to play billiards.

Lanscov is increasing in France out of proportion to its population.

The longest periods in a boy's life are those between meals.

The Brooklyn directory for 1876 contains 117,624 names.

Rich times for Kansas horses. Oats ten cents a bushel.

Illinois has 2,000,000 cows and 200 cheese factories.

Montenegro and the Montenegrins.

In the nature of its territory and the temper of its people, Montenegro is the Switzerland of Turkey. How much importance the great Powers attach to the attitude of this petty principality under the present alarming circumstances, is manifested from the declaration of Austria that Prince Nicholas will be held strictly accountable for the conduct of his subjects.

An old Montenegrin proverb runs: "Take my gun or my brother; 'tis all one." It is certain that the man of the Black Mountain reck little of house goods, provided his firelock is left to him, and a decree of his Prince which should confiscate that symbol of activity and duty would plunge him in humiliation and despair.

Up to the year 1853 the mountaineers had not the shadow of organization. When a point of the frontier was threatened, the news, signaled to watchers stationed along the heights, flew like an echo from parish to parish, and called forth every able-bodied man, who, without further orders made all speed to the imperiled quarter.

According to the statement of a trustworthy historian, Montenegro in the seventeenth century was able to set on foot 8,000 men drawn from 90 villages. Only one-tenth was armed with muskets and the rest with yataghan, lance and shield.

In these days of cheap railroad travel, it has been remarked "that it costs less to ride in a railroad car than it does to sit still in a first-class hotel."

When you see a man trying to clean a paper collar with a piece of rubber, you can make up your mind that he has been hit by the hard times.

its present footing, of two divisions, each comprising two brigades or ten battalions of infantry and a battery of field artillery. It is fortunate that cavalry is rendered superfluous by the nature of the ground, for horses enough to mount a squadron could not be found in the principality.

As the obligations of the State are limited to the supply of cartridges and arms, while other equipments, clothing, and supplies, are provided by the conscript, you see no baggage train, commissariat, or ambulances—none of those things, in short, which embarrass the march of other armies.

FOR THE COOKS. APPLE MERINGUE.—Prepare six large tart apples for sauce; while hot put in a piece of butter the size of an egg.

FOR THE COOKS. POT-PIE.—One coffee-cup of sweet milk; one tablespoonful of butter; one heaping tablespoonful of baking-powder.

FOR THE COOKS. LEMON PIE.—Boil one and a half quarts of water, the juice, pulp, and grated peel of two lemons. Add, when it boils, three heaping tablespoonfuls of flour.

FOR THE COOKS. VELVET CREAM.—Half a box of Cox's gelatin in a third of a teacup of tepid water and two glasses of sherry wine.

FOR THE COOKS. BREAD BALLS.—Break the bread in small pieces, and moisten with milk or a little warm water, season with salt, pepper and nutmeg.

FOR THE COOKS. GOOD CAKE.—Take one pint light dough, half a teaspoonful of butter, one cup of sugar, three teaspoonfuls of soda, one pound of raisins; roll and bake.

FOR THE COOKS. NETS FOR THE HAIR are again coming into vogue. Gimpure net is still preferred for lace polonaises.

FOR THE COOKS. SHAWLS OF all sorts appear to be slowly coming into favor again. Simple bonnets of coarse straw are much ornamented with snowflake.

FOR THE COOKS. ARTIFICIAL FLOWERS are abundantly used both on bonnets and for head dresses. Elderly ladies find gimpure lace shawls among the handsomest wraps provided for their wear.

FOR THE COOKS. THE NEW HATS, which are very original in style and introduced for country wear, are known as the macoanais and the avernquet.

FOR THE COOKS. A CORRESPONDENT of the Alton (Ill. nois) Telegraph tells how they do things in Arkansas: A terrible affair occurred here a short time since.

FOR THE COOKS. NIAGARA FALLS were illuminated on the Fourth. Everything was light but the charge.

MORGAN & M'FARLAND'S ALBANY REAL ESTATE CIRCULAR FOR JULY, 1876.

Our circular for July offers rare bargains in farms and stock lands as well as city property. Owing to the stringency in the money market, and a variety of circumstances of an individual character, all lands placed on the market by us are offered at from twenty-five to fifty per cent below their recognized value.

\$5,000—One hundred and sixty acres of land, eight miles south west of Albany and three miles west of Tanager; all under fence; 80 acres in a good state of cultivation; 40 acres in grain; 140 acres good plow land; 20 acres meadow land; comfortable dwelling, barn and commodious out-buildings; excellent well of water, etc. Terms—\$2,000 cash, the remainder on reasonable time. 49

\$1,300—One hundred and thirty acres of land, sixteen miles east of Albany; all under fence; 20 acres of grain good young orchard; 40 acres open for cultivation; 90 acres brush land; good box house; new barn. The whole of the land is susceptible of cultivation, and the soil is first class. Price—\$10 per acre, including the crop. 53

\$7,500—Two hundred and forty acres of land in Polk county, near Bethel; all in a high state of cultivation; good new dwelling house and barn; bearing orchard of good variety of fruit and berries; plenty of good water; healthy location; convenient to schools and churches. The soil is of the richest quality, and no waste land on the place; it is within six miles of a shipping point on the Willamette river. \$9,000 down; the balance on easy time. 52

\$1,800—Eight hundred acres of land on the Calapoia, seven miles above Brownsville; 300 acres of which is good arable land; the remainder is up-land and timber, with an unlimited stock range adjacent; numerous springs of good cold water. A most desirable place for an extensive dairy or stock rising business. One third cash; the remainder on easy terms. 44

\$9,200—One hundred and sixty acres of land in the forks of the Santiam, eleven miles east of Albany; 100 acres under fence; 70 acres under cultivation; 90 acres of brush and timber land; 40 acres in wheat and 6 acres of timothy meadow; good dwelling house; two log barns and a hay shed; a good bearing orchard of excellent fruit trees. The above, together with the farming utensils, four cows and a number of hogs is offered for \$9,200, cash on delivery of deed. 48

\$9,000—A valuable farm in Benton county, seven miles west of Albany, on the Corvallis and Monmouth road, comprising 287 acres under fence, and 40 acres of good fir timber land. There is 110 acres in grain, 13 acres of meadow, 100 acres open brush land, and the remainder good upland pasture. A first-rate two story dwelling house; large barn and other out buildings; an orchard of 300 trees of best varieties of fruit; good water and a healthy location. Half cash on delivery of deed; balance on easy terms. 46

\$8,000—Five hundred and twenty acres land, eighteen miles north east of Albany, twenty miles south east of Salem, ten miles due east of Jefferson, seven miles from Marion Station, and two and a half miles east of Seio; 150 acres in cultivation; 300 acres tillable; plenty of fire wood and rail timber; several never failing springs, and a mountain stream running along the south line; a house of five rooms, a wood shed and other out buildings; a large barn; an orchard of 300 or 400 trees of good variety of fruit; about ten miles of fencing in good repair, besides 7,500 rails ready for use. The place is well adapted to the growth of wheat and other cereals—litt flax, timothy and clover; about thirty acres of timothy and three acres of alfalfa growing; as healthy location as any in Oregon; convenient to schools and saw and grain mills. One half cash, and time on the balance. 25

\$1,500—Ten acres of land, one-half mile south of the Albany railroad depot; beautifully located on high land, which faces toward the city, furnishing a good view of the same, rendering this tract a most desirable location for a suburban home. 32

\$6,400—One hundred and sixty acres of land, all improved and in a good state of cultivation; new one and a-half story dwelling and new barn 32x32; two good wells; fencing good; situate five miles east of Tanager and ten miles from Albany. Price—\$40 per acre; \$2,400 down; the remainder in annual payments of \$1,000. 51

\$6,187 50—Four hundred and ninety five acres of land on Soap Creek, in Benton county, eight miles from Albany and nine miles from Corvallis; 150 acres good plow land, and the rest pasture land; large barn and a good orchard with great variety of fruit; fifty acres of fallow land ready for seed this fall, and fifty acres of as good grain as ever grow. Price \$12 50 per acre. \$2,500 down and the balance on easy terms. 55

\$5,000—A farm of two hundred acres on the Lebanon and Corvallis road, three miles from Corvallis and seven miles from Albany; all under fence and in a high state of cultivation, with a fine crop of wheat now growing on the same and a young orchard of 200 fruit trees. The soil is all of the best quality and produces as much wheat per acre as any farm in Linn county. \$25 per acre; \$1,000 cash; the remainder can be paid by installments. 42

\$3,690—One hundred and twenty three acres of land, five and a half miles from Albany and two miles from Tanager; all fenced; 75 acres under cultivation; 25 acres brush and 25 acres timber land; a good dwelling house and barn; an orchard of 15 acres of young trees of the best selection of fruits; healthy location; convenient to schools and churches. \$80 per acre; one half cash; the balance in one and two years. 54

locations and best farms in Linn county or in Oregon. Price \$42 50 per acre; on easy terms. 204

\$480—One hundred and sixty acres of unimproved land in Washington county, three miles from Forest Grove, and three miles from the Railroad. One of the most beautiful and fertile tracts of land in the State. It is good soil; abundance of good spring water; timber, oak and fir; most of it easy cleared; 1 1/2 miles from the district school house. Price \$3 per acre. 17

Twenty-four acres, subdivided into four acre lots, lying south and immediately adjoining the city of Albany. These are very desirable locations for persons wishing a pleasant home and good place for gardening and small fruit growing, near the city. Price \$500 per lot of four acres, with roadway between each. 15f

\$1,350—One hundred and fifty acres of land in the forks of the Santiam, fifteen miles from Albany and eight miles south of Seio; 40 acres under cultivation; 20 acres open, and 90 acres brush and timber land; all under fence; new 1 1/2 story box house; good well; 2 acres of orchard; the soil is a rich sandy loam. Price, \$9 per acre, cash. 15

From Mercer's Directory of Linn county for 1875, we glean the following statistics: "Bushels of wheat stored at Harrisburg, 209,000; Muddy, 25,800; Halsay, 178,000; Brownsville, 10,000; Shedd, 35,000; Peoria, 30,000; Tangent, 39,000; Lebanon, 30,000; Miller's, 15,000; Seio, 40,000; Jefferson (taken from Linn county), 27,500; Marion (taken from Linn county), 60,000; Albany, 788,000; Boston Mills, 3,000. "Making a total of 1,476,300 bushels. To be deducted from these several amounts is that portion stored in Harrisburg, which was brought from adjoining counties, say 25,000 bushels. Also, that amount in store in Albany which was delivered there from across the "Willamette, in Benton county, say 30,000 bushels. Making this "deduction from the above amounts, and to the remainder add 50,000 bushels as the estimated amount yet in the granaries of the producers (a number of farmers are known to be holding over their "entire crop), and we have 1,468,300 bushels as the actual surplus. "Now add the amount reserved for seeding 73,000 acres, the area in "wheat last year, at the usual rate of 1 1/2 bushels to the acre, and we "get 1,577,800. A similar quantity must be added as the reserve for "bread, which swells the gross product of the county for the harvest "year of 1875 to 1,687,300 bushels. The above figures may be relied "upon as correct, having been obtained from actual warehouse data.

These figures give a general average for the county of something over twenty-three bushels per acre. It is undoubtedly true that if this amount of land was all tilled as it should be, the yield would be fully double that given above. Immigrants who come here for the purpose of improving their situations in agricultural pursuits, may invest their means in such lands as we offer, with the fullest assurance that if they cultivate the land as it should be, and as it is absolutely essential to do in the older States, they will always receive a bountiful reward for their labor; as a failure of crops is something that has never been known in Oregon. It is a fact which can be established beyond a reasonable doubt that there is land in Linn county which has produced a crop annually for the last twenty years, without the aid of any other fertilizer than that furnished so bountifully during the winter months—the rain—and yet this same land will yield from twenty-five to thirty-five bushels of wheat to the acre. Other cereals do equally well. What may be said of the fertility of the soil of Linn county, will apply with equal force to Benton and adjoining counties. But Linn county at present has better facilities for marketing grain than localities farther up the valley—hence more desirable. The present is a good time for new comers to look at lands, as they have an opportunity to see the growing crops. As this has been a backward and unfavorable season, they may very intelligently form conclusions as to what they may reasonably expect under more favorable auspices.

Centaur Liniments.

Letter from a Postmaster. "ANTICIP, Ill., Dec. 1, 1874. "My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing which has done her any good is Centaur Liniment. I am obliged to you to send me this. I am doing well. I can to extend it as cured. W. H. KING.

This is a sample of many thousands testimonials received, of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Aralia, Rock Oil, Turpentine, and ingredients which few know. It is an indispensable fact that the Centaur Liniment is performing more cures of swellings, Rheumatism, Sprains, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lock-jaw, etc., than all the other Liniments, Embrocations, Extracts, Salves, Ointments and Plasters now in use. For Toothache, Earache, Weak Back, Itch and Catarrhs of Eruptions, it is admirable. It cures burns and scalds without a scar. Extracts poison from bites and stings, and soothes frost-bites and chilblains, in a short time. No family can afford to be without the Centaur Liniment, white wrapper.

The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and flesh of the animal creation. It is especially adapted to cases of Swain, Scrofula, Wind Gall, Big Head and Poll Evil, and little less than marvelous. Messrs. J. B. Rose & Co., Druggists, corner of Elm and Front streets, Cincinnati, Ohio, say: "In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell as high as four to five dozen bottles per month to these teamsters." We have thousands of similar testimonials. For Wounds, Galls, Scarcies, Ring-bone, etc., and for Scrofula in sheep it has no rival. Farmers, live-stock men and stock-raisers, have in this Liniment a remedy which is worth a hundred times its cost.

Laboratory of J. B. Rose & Co., 40 Dey street, New York.

PITCHER'S CASTORIA.

Mothers may rest and their babies may have health, if they will use Castoria for Colds, Coughs, Whooping Cough, Sore Mouth, Croup, Stomach Complaints, etc. It is entirely harmless, and contains neither opium, mineral, mercury, nor alcohol. It is as pleasant to take as honey, and neither cures nor gripes. Dr. E. Dimock, of Dupont, O., says: "I am using Castoria in my practice with the most signal benefit and happy result." This is what every one says. It is prepared by Messrs. J. B. Rose & Co., 40 Dey Street, New York, successors to Saml. Pitcher & Co., Albany, N. Y.

POND'S EXTRACT

"Hear, for I will speak of excellent things." POND'S EXTRACT, a Vegetable Pain Restorer. Has been in use over thirty years, and for cleanliness and prompt curative virtues cannot be excelled. BRUISES, CHILBLAINS, CHAPS, Sprains, are relieved almost instantly by its application. Promptly relieves Toothache, Burns, Scalds, Eruptions, Chaffs, Old Sores, Blisters, Itches, Tonsils, Catarrhs, etc. Relieves, reduces swellings, stops bleeding, removes discolorations and restores the hair to its natural color, and prevents falling out of the hair, restores, vertigo. IN LEUCORRHEA it has no equal. All kinds of ulcerations to which ladies are subject, promptly cured. Fuller details in book accompanying each bottle. PILES—blind or bleeding—meet prompt relief and rapid cure. No case, however chronic or obstinate, can long resist its regular use. VARILOSE VEINS.—It is the only sure cure for the distending and dangerous protrusion. RHEUMATISM, NEURALGIA, Toothache and Earache are all alike relieved, and often permanently cured. PHYSICIANS of all schools who are acquainted with Pond's Extract of Wild Hagee recommend it in their practice. We have letters of commendation from some of the most eminent of whom order for use in their own practice. In addition to the following they order its use for Swellings of the Throat, Hoarseness, Inflamed Throat, Hoarseness, Catarrhs, etc. (for which it is a specific), Chilblains, Frost-bites, Stings of Insects, Measles, etc. Chapped Hands, Face, and indeed all manner of skin diseases. TOILET USE.—Removes Greasiness, Roughness and Scurrying, heals Cuts, Eruptions, and Pimples, Itches, Injuries, and restores, while wonderfully improving the Complexion.

TO FARMERS.—Pond's Extract. No stock breeder and farmer can afford to be without it. It is used by all the leading Live Stock, Street Railroads and First Horsemen in New York City. It has cured Swellings, Eruptions, Scalds, Sore Throat, Catarrhs, Stiffness, Strains, Rheumatism, Neuralgia, Measles, etc. Chapped Hands, Face, and indeed all manner of skin diseases. CAUTION.—Pond's Extract has been imitated. The genuine article has the words "Pond's Extract" blown in each bottle. It is prepared by the only persons living who ever knew how to prepare it properly. Refer all other preparations of Wild Hagee. It is the only article used by Physicians, and in the hospitals of this country and Europe. HISTORY AND USE OF POND'S EXTRACT. Pond's Extract Company, 50 Maiden Lane, New York.
