

FOR PRESIDENT OF THE UNITED STATES, R. B. HAYES.

FOR VICE PRESIDENT, W. A. WHEELER.

REPUBLICAN STATE TICKET. FOR CONGRESS, HON. R. WILLIAMS, of Multnomah county.

WILL ADJOURN.

Congress is about to adjourn, after a long session of many months, having done—what? The House, under control of the Democratic majority, has passed the time in expending the people's money to the tune of hundreds of thousands of dollars investigating Republicans and whitewashing Democrats...

RECORDS CONTRASTED.

The members of the House of Representatives, in 1866, raised their salaries from \$9,000 to \$5,000, by tacking it on to the Soldier's Bounty Bill. This was called the "back pay grab," and Democratic journals assert that it was "sneaked through on the popularity of, and the gratitude to, the soldiers."

Both still oppose Mitchell and Saragut in the ratification of the Hawaiian treaty.

DEMOCRATIC PROMISES.

It brilliant promises were all that the people required, Democracy might hope for reinstatement in public favor; but promises amount to nothing unless they come from a source entitled to credit and respect.

CHARGES AGAINST HENDRICKS.

The Herald's Washington special says charges brought against Hendricks in a Western paper, of being concerned as attorney or agent in lobbying a war claim through the War Department, and when unsuccessful there, in the Senate while he was a Senator, at tracts attention here, as it is founded on his letters and on evidence in the department and Senate.

BIRTH AND PARENTAGE OF HAYES.

Rutherford Birchard Hayes was born in Delaware, Ohio, October 4, 1822. His parents, Rutherford Hayes and Sophia Birchard, were natives of Windham county, Vermont, and emigrated to Ohio in 1817.

VIGILANCE REQUIRED.

The nomination of Tilden and Hendricks means an earnest effort on the part of Democracy to win the Presidential race, if money can purchase votes enough to help it.

A correspondent of the Cleveland Plaindealer gives the following sketch of the Republican candidate for Vice President:

"Mr. Wheeler is a large, powerfully built man, standing very erect when speaking. His hair is growing very gray. It is always combed with scrupulous care; always thrown back from a high square forehead, under whose heavy brows there are very observant eyes. He wears no mustache; the jaws are as square as the outlines of the forehead, and the whole face is expressive of earnest thought, when in repose, but I have seen it soften and brighten, when some friend has accosted him, till Mr. Wheeler grew really handsome. The death of his wife last winter was a sad loss; one that he will feel keenly now, when he thinks how she would have rejoiced in his honor. She was a noble woman, dearly loved by all who knew her."

Gen. Crook, with a total of 3,200 well armed men, was to start for the bloody Sioux on the 9th inst., and expected to find them in three days, unless they had scattered.

HENDRICKS THE REFORMER.

It would seem from a telegram of the 8th inst., that Gov. Hendricks will be given a chance to "rise and explain." From the tenor of the telegram it seems likely that the House Democratic smelling committees were engaged in a one-sided business entirely, when nosing around after Republican delinquents.

The Great American Family.

The admission of Colorado makes the twenty-fifth new State added to the Union since the War of National Independence. The original family, who united July 4, 1776, to form a nation of one people were:

- 1 New Hampshire 8 Delaware
2 Massachusetts 9 Maryland
3 Rhode Island 10 Virginia
4 Connecticut 11 North Carolina
5 New York 12 South Carolina
6 New Jersey 13 Georgia
7 Pennsylvania 14

The Territories remaining to be organized into States:
1 New Mexico, organized 1850
2 Utah, organized 1850
3 Washington, organized 1853
4 Dakota, organized 1861
5 Arizona, organized 1863
6 Idaho, organized 1863
7 Montana, organized 1864
8 Wyoming, organized 1890
9 Alaska, organized 1868
District of Columbia, seat of Government, 1790-1

As a "policy" paper, Tilden's letter of acceptance is very fair indeed, as from it the adroit politician can prove that he is in favor of, or opposed to, any of the issues pending in the present campaign.

Willow creek has had several "cloud bursts" lately, damaging several of the settlers; but people of that vicinity do not seem to be discouraged and still continue to improve.

An official call has been issued for proposals of five per cent. bonds of 1881, amounting to \$2,160,000 to enable the Secretary of the Treasury to pay the Alabama claims.

Tilden's letter, as an example of how often a man can strike at a nail head and miss it, is a complete success.

Gold in New York, 114 1/2 @ 112. Legal tenders, 89 @ 90. Wheat in this market, nominally, 65c per bushel. In Portland, \$1 40 per cental.
