to exert his diabolical ingenuity in the invention of a new disease, he could scarcely devise one more worthy of his genius than dyspepsia. The dyspeptic sufferer is tormented by symptoms resembling those of almost every known malady, and is often worried into monomania by these conflicting manifestations. A favorite though absurd hallucination of the victim of chronic indigestion is that he or she has heart dis-ease. Dyspepsia has often been pronounced incurable, but experience has shown that Hostetter's Stomach Birrers will vanquish it, together with the constigation and bilious derangement which, usually accom-pany it. Disease of the kidneys, and sup-posed rheumatic palus are also frequent con-comitants of dyspepsia, but they, too, suc-cumb to the above named myaluable cor-[sept.

ALSEA RESERVATION. -G. P. Litchfleid, agent at Alsea for years past, by order of the U. S. Government, on the 16th September abandoned the reservation, turning over all the Government property to Wm. Bagley, of the Siletz agency. This reservation, therefore, is now open to settlement. Quite a number of squatters are already there, and a number of the more civilized Indians have located claims.

Mr. C. P. Burkhart has purchased the right to use the new process levented by Mr. Kelly, of East Portland, for drying all kinds of fruit, vegetables, etc., in Linn county. He exhibited to us a few days since, specimens of dried peaches, plums, apples, blackberries, strawberries, etc., put up by the Kelly process, which beats anything we ever saw. It is a valuable invention, certainly.

CIDER.-The Albany Fruit Preserving Company are now busily engaged in putting up apples and other truits, running to their follest capacity. They manufacture a splendld quality of sweet cider at the Factory, selling it at from 20 to 25 cents per gallon, which is cheaper'n dirt. FIRE AT LEBANON .- A fire occurred at Lebanon on Tuesday night, by which Messrs. Jackquist & Blick lost two houses, both used as blacksmithshops-one run by the above mentioned firm, the other by Dick Powers, formerly of this city. Mr. Powers lost his books and accounts, as well as a number of other accounts left with him for collection. Messrs. Jackquist & Blick's loss is estimated at \$500, while Mr. Powers' loss can not be estimated, as he lost accounts as well as tools. The fire is supposed to have been caused by a load of charcoal deposited in the bin a few hours before the fire, among which it is believed were some live coals.

EXPLAINED .- Says the Salem Statesman formed that Mr. Joseph Thompson, after her decease, tound his razor to ber bed room, where she had taken it, doubtless intending to use that Instrument instead of poison, and after writing the letter changed her mind, and procured the fatal draught instead, that ended her life.

ACCIDENT AT JEFFERSON .- On the afternoon of September 28th, while the top stringers were being put on the new bridge at Green's Ferry, the false work gave way, letting one half of the bridge fall into the Santiam river. There were ten men on the works at the time, five of whom were more or less injured, none, however, fatally. Messrs. Harvey Miller, Nelson Roonev and brother, Mr. Crabtree and Mr. Queen were the five that received injuries, all of whom were doing well at last reports. Four of the men fell a distance of torty feet. The damage to the bridge is estimated at \$1,200. Work has been resumed on the bridge.

REPUBLICAN CLUB .- The meeting of the Haves and Wheeler Club last Friday evening was one of the most enjoyable of the campaign. In the absence of speakers from a distance, short addresses were delivered by F. M. Wadsworth, Capt. Miller, Dr. Gray, Mr. Judy, D. D. Gray and J. F. Backensto, while the Glee Club dispensed the finest and most inspiring music. It was a regular political love-feast, enjoyed by the large crowd of ladies and gentlemen there assembled. This evening Dr. Watts will address the Club. The Dr. is one of the best speakers in Oregon, and all should go and hear him.
