diana, while the Democrats elected the and Indiana were the real battle Governor the Republicans made a gain of four Congressmen. The Republicans carried Ol.io by more than ten thousand, gaining six Congressmen. The Legislatures of both States are largely Republican. Assuming the same ratio of gains in the States that went off in the tidal wave of 1874, the next Congress, instead of seventy majority Confederate, there will be a Republican majority of nearly thirty. The people are perfectly satisfied with the one-term principle as applied to the Confederate Congress, and are more than anxious to apply it at once. With nearly a two-third's majority in Congress, and Hayes in the Presidential chair, treason will be made still more odious; the rights of all men, white or black, to worship God as their consciences dictate, and to vote in accordance with their convictions of duty, will be assured in the Southern States, and the whole country will prosper and flourish as it never has before. The outlook for the success of Republican principles, and therefore the success and permanency of the Union, in November next, is certainly most cheering. Let Republicans continue to work until the day of election, that the majorities for Hayes and Wheeler may be still greatly increased.

## COOPER AND CAREY ELECTORAL TICKET FOR OREGON.

The Greenback State Convention met at Salem on Monday last and placed in nomination the following named gentlemen for Presidential Electors : Hons. D. Clark, of Marion ; F. Sutherland, of Douglas, and Bart. Curl of Grant. The gentlemen are all well known, leading citizens of Oregon.

VERY APPROPRIATE .--- The Atlanta (Ga.) Commonwealth has in one columu a poem eulogizing Wilkes Booth and in the adjoining column an edito rial article advocating the election of Tilden. The juxtaposition of the two is eminently proper.
