It took longer than usual to arouse our citizens to the fact that there was an actual and verifable fire, but when they did appreciate the fact they harried to the "front" with great unanimity. The fire was found to be in the two onestory frame buildings on the corner of Ferry and First streets, the corner building occupied by Chas, Bourgardes, watches, jewelry, etc., while the adjoining building was occupied by Geo. NICE STOCK .- Mr. L. E. Blain has opened out in the clothing business, in Froman's new block, in the room lately occupled by Ben Kohn. Mr. Blain has ordered a splendld new stock, which he is now receiving, and in a few days will have a store full of the latest styles of clothing, gentlemen's underwear, etc., etc. A place exclusively devoted to this branch of business has long been a desideratum, and gentlemen will be delighted to learn that they now have a place where can be obtained the latest and nobblest styles of clothing. etc., in such quantities as to assure every one a choice. Extra sizes of clothing, and general underwear, will be kept, and if g nt'emen wish a particular color, size or quality of cont, pants, shirt, etc., by calls Rev. S. G. Irvine. All are invited. ing at Blain's and leaving his order, he can be accommodated in short order. As Leighton is one of the best boys in America. and thoroughly understands his business, we predict for him a good share of trade from the start. See ad, in this issue.

THE LARGEST YET .- On Tuesday Mr. J. M. Marks brought into our sanctum a sack of potatoes that for quality and size gets away with any of them. The posatoes are the product of Mr. Marks' farm, a short distance from Lebanon, and are called the Garnet Chili. The potatoes everaged 11/2 pounds each, the forty pointnes weiging sixty pounds. Mr. Marks raised quite a large amount of these ground apples, and there are few if any small ones in the lot; generally they are large, and we can testify that they are as good as they are large. They come from the pot white and mealy, making a very attractive and tempting dish.

LEGAL -See the professional card of Judge W. G. Piper, in this issue. The Judge has been engaged in the practice of law in Indiana for many years, where be enjoyed the confidence of the leading legal nunds of the State: and when it was known that he was coming to Oregon to make a new home, the members of the Bar, irrespective of party, united in recommending him to the people in whatever section be might cast his lot, as an accomplished lawyer and a gentleman without reproach. Peoria. The Judge's abilities have already been recognized, and he is walking right into a Inerative practice. Success to him.

GRAND SUCCESS .- The fifth anniversary of the Erodelphian Society, held at the College on Wednesday night, was a complete success in every particular. The house was growded, and the entire entertainment greeted with uproprious applause. We have seldom had the pleasure of attending s literary entertainment where each part was so well and carefully carried through. We are specially proud of the success of the Erodelphians, who grow better and better with time and experience.

To make our little steamer more effective, a heating apparatus must be added to her outfit. From cold water it takes several minutes to get up steam, and an immense amount of harm can be done or prevented in five or ten minutes. No. 2's are erecting an engine house where the necessary preparations can be made and the steamer kept always ready for business. Let our citizens aid the boys in putting up the building, and they will sleep all the more securely hereafter.

Two's FIRST ANNUAL BALL.-Linn Engine Campany gives its first annual ball at the Opera House on Thursday evening, December 7th, 1876. From the advertisement elswhere in this issue it will be seen that the committees are composed of the foremost gentlemen of the city, which is a guarantee that nothing will be neglected to make the affair pleasant and agreeable

CHRISTMAS TREE-For the benefit of those attending the M. E. Sunday School, on Monday evening. December 25th, at the church. Of course those having children attending the school will desire to hang presents on the tree for their children. The tree will also be free to all who wish to confer favors on their friends. Let everybody put something on the tree.

The Republicans of the city will meet in Granger hall, over Gradwohl's store, on the evening of Saturday, December 2d. 1876, to nominate a ticket to be elected on the Monday following. We want the best men in the party as candidates, and to secure these must have a general turn out of the Republican voters of the city Both Conventions come off on the same night.

A TIP-TOP LANDLORD .- We see from Thursday's Statesman that Mr. F. S. Matthews, who for the past two years has aided in conducting the St. Charles Hotel, of ON HAND&CONSTANTLY RECEIVING this city, so admirably, has leased the Chemeketa Hotel, Salem. We can assure the Salemites that in Mr. M. they have one of the best hotel men in the business, a gentleman who will win friends wherever he may go. Success to the Chemeketa under the guidance of Mr. Matthews is certain.
