Excreme TIME .- The Chairman of the Democratic county central committee last week issued his call for a meeting of the unterrified at the Court House on the afternoon of January Stu, to pass resolutions endorsing Tilden, etc. About the time appointed, after much drumming, fiftyeight persons were induced to go into the court-room and organize a meeting. Of these, twenty-seven were Republicans, called there by curiosity, seven were Chinameri, and the balance were Democrats, we suppose. We give the numbers just as reported to us, and we guess the figures are correct. They passed some resolutions and made some speeches, one of the "invincible in peace" gentlemen being determined to inaugurate Tilden or trust the matter to the arbitrament of arms! The whole affair to the non-participators was about equal to a one-horse circus, and about as complete a fizzle as was ever seen. Not a representative Democrat of the county, so far as we can learn, took part in the little show.

FROM HALSEY .- E. H. writes us from Halsey that it is reported he and the widow and sons of the late S. W. Hayes signed the petition asking for the commutation of the sentence of Wm. K. Nell. He denies the report; says he never saw any such petition, and asserts that there were few persome in Halsey that know of such a petition. and therefore did not sign it. We give Mr. E. H. the benefit of this denial.

At that hour Mr. McClure heard some one trying to effect an entrance into the house through a back door, and he called out, asking what the party wanted. An answer was given, "none of your business." Mr. M. went immediately to the door, and upon opening it descried the burglar making tracks down the road towards this city. Mr. M. having a revolver in his hand commenced firing at the retreating party, sending three or four shots in his direction; but the would be burglar succeeded in reaching his horse, which was tied to the fence, and mounting galloped away. Mr. M. returned to the house, and while examining his revolver, two barrels of which had refused to explode, in some manner one of them did explode, tearing a hole through his hand, which bled at a lively rate; but upon the arrival of Dr. D. Happy Influence of a Great Specific.

For the preservation of recovery of health and strength, the diet should be wholesome and nutritious. When it happens that the aliamentary processes are disturbed by imhalf nus-ticated tood, the best proper or emedy for the evil results of abusing the digestive organs is Hosietter's Stomach Bitters, a most agreeable, prompt and gentle remedy for dyspepsia, and for the billious and evacuative irregularities which result from it. The liver and bowels, in common with the stomach, experience its beneficient influences. The refuse of the system is carried off through its natural outlet, a healthy flow and secretion of the bile is promoted, and a powerful impetus is given to assimilation in consequence of its use. It healthfully stimulates the bladder and kidneys when they are inactive, and by its tonic and regulating action forti-fies the system against undaria. jan.

If a tithe of the testimonials now on hand of the value of Dr. Wistar's Balsam of Wild Cherry should be published, no one would stop to read the bulky volume. Ask any druggist and he will tell you that this Balsum is a real blessing to all affected with throat or lung diseases. All kindred affections, including Bronchitis, Sore Throat, Croup, Hoarseness, Pains in the Chest, and Bleeding of the Lungs, yield to its wonderful power. We advise any one tired of experimenting with Physicians' prescriptions or quack medicines to drop them at once and use this Balsam of Wild Cherry. Sold by all druggists. jan

Recourse is had sometimes to stimulants of a dangerous character. The advice of physicians to refrain from active labor pro-duces no happy results. Why ? Peruvian Syrup will do this very thing.
