SPECIAL NOTICES

MUSICAL-Mrs. Nellie Piper, teacher of Vocal and Instrumental music, has recently located in Albany, and prepared to give lessons in the above named branches. Has had several years experience in teaching, and can give the best of references. AT HOME-Dr. G. W. Gray has returned from his Centennial trip, and can now be found at his office, in the Parish brick, up stairs, by all who desire dental work of any kind. 1467.

W. H. McFarland, Sole Importer of the Celebrated Castoria. This is a sample of many thousand testimonials received, of wonderful cures effected by the Castoria Lintment. The ingredients of this article are published around such cities, as contains which Hazel, Mentha, Arnica, Rock salt, Salicylic Acid, and ingredients hitherto little known. It is an indispensable fact that the Castoria Lintment is performing more cures of Swellings, Stiff Joints, Erysipelas, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lockjaw, &c., than all the other Lintments, Embrocations, Extracts, Salves, Ointments and plasters now in use. For Toothache, Earache, Weak Back, Head and Catarrhus Vesiculae, it is admirable. It cures burns and scalds without a scar. Extracts poisons from bites and stings, and heals frost-bites and chilblains, in a short time. No family can afford to be without the Castoria Lintment, white wrapper.

W. H. McFarland, Sole Importer of the Celebrated Castoria. Laboratory of J. B. Rose & Co., 45 Dey street, New York.

Albany Register.

OFFICIAL CITY PAPER. ALBANY, OREGON, FEB. 9, 1877.

THE RELIGIOUS MEETINGS-That have been held in this city nightly at the Court House for several weeks past, have been and still are producing good fruit in the awakening and conversion of the ungodly, and in the revival of christians generally. The pastors of the several churches of the city have taken their regular turns in having charge of the meetings, with the exception only of the pastor of the Episcopal church. The meetings, which are held every night except Sunday night, are growing in interest and power. In addition to the night meetings, noon-day prayer meetings are held daily on First street, in the building next to Dr. Lister's store. These meetings are also well attended. A female prayer meeting is held daily at 2 o'clock P. M., and a young folks' prayer meeting, also held daily, at 8 o'clock P. M. At the Court House each evening a short sermon is preached, after which those who are seeking religion are invited to make it known. The music is first rate, a piano and organ accompanying the voices.

CAMILLA URSO.-The advance agent of the celebrated violinist, Camilla Urso, and troupe, called on us Tuesday. The company is desirous of giving a concert in this city, and will do so about the middle of next month, provided they are assured of sufficient patronage to warrant their doing it. Mr. Luer left a subscription paper at Mr. Barr's music store, where all those desirous of seeing and hearing the celebrated violinist can call and make such desire manifest by subscribing for tickets. If a sufficient number of tickets are sold, then we shall have the pleasure of hearing the troupe. Arrangements will be made, should the troupe decide to come, for a boat to bring down and return the Corvallis people, thus enabling the lovers of music in that city to enjoy the feast with us. We suppose there will be no difficulty in securing the necessary subscription, as our people dearly love first class music such as this troupe affords.

PITCHER'S CASTORIA. Mothers may have rest and their babies may have health, if they will use Castoria for Wind Colic, Worms, Febriculae, Sore Mouth, Croup, Stomach Complaints. It is entirely a vegetable preparation, and contains neither mineral, morphia, nor alcohol. It is as pleasant to take as honey, and neither gags nor gripes. Dr. E. H. Hirsch, of Haverhill, G. says: "I am using Castoria in my practice with the most signal benefit. It is in preparation by Messrs. J. B. Rose & Co., 45 Dey street, New York, successors to Samuel Pitcher, M. D."

PELL FROM THE TRAIN.-A young man named Patterson Crozier, a resident of New York, a recent arrival in Oregon, one day last week fell from the train, between Halsey and Shedd, cutting a fearful gash in his head, badly bruising his hips, and breaking his right arm. He was taken with a feeling of faintness and stepped out on to the platform for air, when a sudden lurch threw him from the car. He is a member of the I. O. O. F., and as soon as this fact was made known the order had him conveyed to this city where he will receive all the necessary attention.

ARM BROKEN.-Miss Belle Paul, daughter of W. A. Paul, Seis, who has been residing at Mr. E. B. Furdon's in this city, attending College, fell down stairs on Sunday, breaking her right arm at the wrist. Dr. Rice gave the necessary attention, and the patient will soon be all right again.

RELIGIOUS.-Rev. L. J. Powell, of this city, will preach on Sunday next at Trinity M. E. Church, near Knox Butte, at 11 A. M. All are invited.

FOR THE INFORMATION AND BENEFIT OF our customers, and to all persons desiring to purchase our celebrated sewing machines, we respectfully notify them that the Messrs. TITUS BROS. are our agents for Albany and Linn county, and that they, or C. E. WOLVERTON, Esq., are fully authorized to collect and remit outstanding accounts for us. The Singer Manufacturing Company, M. W. PARSONS, Manager Oregon and W. V. HIBBON & Co., Portland, Maine.

LEBANON ITEMS.

Our regular correspondent sends the following on Wednesday: The Fair and Festival supersedes all other gossip in town. A mammoth balloon is being constructed for the evening, to be sent up with torpedoes, bombshells and Chinese fire crackers attached to it, which will explode high up in the midnight heavens.

Our new district school is being generally patronized. Prof. F. A. Morris, principal, and Miss Ada Hamilton, assistant. Quite a number of new houses will be erected here the coming Summer. A large hotel is talked of, to be erected early during the coming season. Messrs. Settlemeier & Dawson are making preparations to saw a million feet of lumber by next fall, at their new mill. Mr. McFarland, your gentlemanly townsman and real estate agent, gave us a call last week, meeting with the members of the society on Saturday night, and visiting the different Sunday Schools, on Sunday, in company with some of our neighbor's daughters. The Judge is a clever gentleman, fully able to carry himself safely through the rough and rugged journey of life.

The Lebanon Mills are shipping flour on the Santiam Canal again. Our perambulating postoffice has taken headquarters again down town in one of Bond's hotel rooms. S. H. Claughton, our accommodating postmaster, does not propose, since the formation of the electoral tribunal, to give up the office to Powers, the Tilden appointee, as Hayes is now sure to win. So says Sam. The ladies are making quite a number of fine quilts, to be drawn for on the evening of the 14th instant. John Frouk has erected a new blacksmith shop in town, which makes four shops for Lebanon. Dr. D. W. Ballard has been attending patients successfully in your city during the past week. The Dr. rides day and night.

CORRESPONDENCE FROM GRASS RIDGE. GRASSRIDGE, Or., Jan. 25, 1877. Ed. REGISTER.-Thinking that perhaps a few lines from this part of the country would interest your readers, I send you the following items: We are having pleasant weather at present, and the farmers are taking advantage of it, and are doing a large amount of plowing; but the sawmill men do not appreciate the good weather so much-It has not rained enough to raise the river to a sufficient height for rafting logs down to the mills, and consequently the mills have been idle the greatest part of the winter. There is a debating society in good working order at Powell's school-house, with fifteen members and the following officers: Francis M. Powell, President; Amos D. Coubs, Vice President, and George A. Powell, Secretary and Treasurer. As one of our young men was going to spelling school the other evening, in company with three or four young ladies, the wagon they were in was upset by running over a stump by the side of the road, and spilled the occupants out on the ground. Fortunately no damage was done, and after getting the wagon right side up, they proceeded on their way to spelling school, a muddier and it is to be hoped a wiser company of youngsters.

Yours Respectfully, SAM. SLICK. [Come again, Sam; you'll be welcome-Ed.] VEGETABLES.-We are indebted to Mr. Logman, the excellent gardener, for a supply of Kohl-rabi, radishes and turnips. Mr. Logman will furnish all who desire with early vegetables, etc., as he is making the production of vegetables for the table a specialty-and none understand the business better.

A NEW INDUSTRY.-Mr. John A. McKnight has been busily engaged for some time past in cutting cordwood, at the head of the Canal on the Santiam river, which he intends, early the coming spring, floating down to this city on the bosom of the Santiam Canal.

ARM BROKEN.-Miss Belle Paul, daughter of W. A. Paul, Seis, who has been residing at Mr. E. B. Furdon's in this city, attending College, fell down stairs on Sunday, breaking her right arm at the wrist. Dr. Rice gave the necessary attention, and the patient will soon be all right again.

RELIGIOUS.-Rev. L. J. Powell, of this city, will preach on Sunday next at Trinity M. E. Church, near Knox Butte, at 11 A. M. All are invited.

PARAGRAPHS.

Cool enough. Local matters surprisingly thin. Billy Watkins is the present night-watcher. City Council meets next Tuesday night. "Hose" ball Wednesday night. St. Valentine's day comes on Wednesday.

Mrs. Dr. Griffin is reported much improved by her trip to California. Turnips and radishes have been growing right along during the winter. Get your valentine ready. Quite a number of persons have made a profession of religion and united with one of the several churches of the city since the revival meetings commenced. Sherrill's Cultivator and Seeder gets away with all of them. Van Vactor is fixing to surprise the boys. We won't tell. L. E. Blain has received those new style box-toed boots, and they are elegant. He is also in receipt of an invoice to the California Mfg. Co.'s gloves, the complete, best made and neatest buckskin gloves in the market. He has all the different styles, for riding, driving, etc. Go and see those gloves if you want to be captured.

The stereos formerly occupied by the City Drug Store, on First street, has been refitted and painted, and now looks as neat as a pin. It is to be filled, we are informed, by a large stock of millinery goods. The roads generally are much better than usual at this time of year. The noon-day prayer-meetings are well attended. Shall we have the Uro troupe here next month? The city treasury is "nill of empty." The time approaches when a fellow buys for his chum's sister a highly ornamental valentine, the great center of attention of which is a picture of the fabled boy, who has decidedly more wings than overcoat. The man who "absorbs" liquor lightly is called a "Durham," because he belongs to the "short-horn" breed. An ex. says: People havn't begun to "Oh for St. Valentine's Day" month. There are so many who still owe for Christmas!

Mule deer are said to be plentiful about the foot-hills. We are indebted to Mr. Wm. Morgan for a handy blotter and calendar combined. Will always look out for his friends. Frank Wilton has been playing to fair audiences a portion of the week. Sickness abating in this city. The Woman's Suffrage Convention meets in this city on Tuesday. Prof. Hewitt's wife and child both reported very ill on Wednesday. Two of Harry Godley's children, Annie aged nine, and Fred, aged eleven, are sick with scarlet fever. Mrs. M. J. Hyde, who has been sick of a fever for several days, is reported improving. Those new style boots at L. E. Blain's are the handsomest that ever came to this market. The Ladies' Aid Society meets on the first Thursday in March at Dr. Stewart's. A full attendance is requested. We acknowledge an invitation to the masquerade on the evening of the 14th. Gradwohl has a good, large stock of goods and sells most reasonable. See his ad. Eggs at 18c per dozen is cheap enough. The contract for erecting a handsome bell-tower for the M. E. Church will probably be let to-day. It will add much to the looks of the building when finished. Days getting longer. Our schools are well attended and in a prosperous condition. Ed. Baum has sold out and proposes to start for San Francisco soon, where he will make his home for the future. Ed. is a good boy too. Sam'l Miller's little daughter, Edna, was buried on Saturday. She was sweet little girl, aged about two years. She died on Friday last, of scarlet fever. Dr. Griffin and wife returned from California on Wednesday. Miss S. French, Mrs. McCiang's sister, returned to this city from California, where she has spent several weeks visiting, on Wednesday. Fred Banty has been confined to his room for some days, very ill, but we learn he is better at present. One thing about a wooden pump is it don't freeze, at least the kind that Mollenkopf makes. They are easy to handle, and are desirable to have in the family. Jennie L. Nixon, aged eleven years, daughter of Joseph Nixon, died at Lebanon on Tuesday of diphtheria, and was buried at the cemetery in this city yesterday. Eight members of Mr. Chadwell's family, near Sodaville, have been cured of diphtheria by the free use of soda water from Sodaville. The Woman Suffrage Association commences its annual session in this city on Tuesday at 10 o'clock A. M., at the Court House.

RELIGIOUS.-Rev. L. J. Powell, of this city, will preach on Sunday next at Trinity M. E. Church, near Knox Butte, at 11 A. M. All are invited.

FOR THE INFORMATION AND BENEFIT OF our customers, and to all persons desiring to purchase our celebrated sewing machines, we respectfully notify them that the Messrs.
