1827-1877.

Married.—In Washington county, Indiana, May 8, 1827, by Rev. Mr. Lusk, Mr. Jno. Marks to Miss Nancy Hamilton. Quite a large company of friends assem-

bled on the 8th inst, at the residence of Mr. and Mrs. Marks to celebrate their GOLDEN- WEDDING.

In addition to the many friends and neighbors who were present on this auspiclous occasion, children and grandchildren, to the number of thirty, returned to the paternal mansion to congratulate the happy couple on the completion of their halt century of married life. A sumptuous board was spread, beautifully ornamented with fruits and flowers, and well supplied with every luxury, to which ample justice was done by all present. After dinner the venerable couple for a second time, dressed in their "wedding best," were the observed of all observers. A selection was read from the scriptures by Rev. S. G. Irvine, and a historical statement made of the lives of Mr. and Mrs. Marks, after which Bro. Worth, of Halsey, offered prayer. Then followed kisses and congratulations innumerable, and amid the falling of tears of joy from behind happy spectacles, the aged bride declared she was happier by far than she had been fifty years before. Amid other congratulations the following sentiment was offered by Dr. D. W. Ballard, of Lebanon:

To the winsome bride and gallant bridegroom on this auspicious occasion, I would tender my heartfelt congratulations. While all are making our impress on the sands of time, deep or shallow as the case may be, yet our friends whose golden nuptials we celebrate this day, have left their "marks" among us to perpetuate their goodness, their domestic felicity, their beautiful and harmonious married life, in the persons of their stalwart sons and fair daughters now present; and while asking heaven's choicest favors on bride and groom, I will give as a sentiment: "The sons and daughters of the newly wedded pair-May each live to celebrate their golden wedding, and be as honored and as loved as their respected Father and Mother are on this their fiftleth wedding anniversity."

Mr. Marks was born in Lancaster Co., Pa., Feb. 16, 1799. So that he is now in his seventy-ninth year. Mrs. Marks was born in Brooke Co., Va., Oct. 4, 1804. After their marriage they resided some nine years In Washington Co., Ind., and in 1830, re- furnished, economical stove in the world, moved to Sulivan Co. in the same State, where Mr. Marks served a term as County
Commissioner, and was, in the days of
'mustering,' for some years captain of a
Richmond Range, and you'll never regret military company. They emigrated to it. Oregon in 1852, and settled on the farm they now occupy, some three miles west of Lebanon: They have lived to see children and grand-children growing up around them, and with the vigorous health they enjoy in this green old age, the hope is not unreasonable that the fervent prayers of all who were present may be answered in their being spared to bless their children and the world with their example of cheerful christian piety, and that when their "evening time" may come "it shall be light."

MACADAMIZED ROAD WANTED.

LEBANON, May 9th, 1877. ED. REGISTER: -Dear Sir: The farmers are about finishing up their labors of the season, and a large amount of grain has been sown, and never was there a better prospect for good crops with good prices, and there is no good reason why both the farm and tradesmen should be thankful for the prospects in the future.

But now, sir, there is another matter that is of vital importance to the farmers, merchants, mechanics and tradesmen of both this vicinity and those of your own prosperous and thriving city, and that is a macadamized or graded and graveled road along the bank of the Santiam Canal from this place to Albany. No question of more up for Summer use. vital interest has been presented to the citizens of Linn county in the past five years than this, and no enterprise, calling for the investment of so small an amount of capital would be so great an advantage to all parties concerned; all would be benefitted and none injured. Let us have the question agitated and worked up. Yours, Re-A CITIZEN. spectfully,

STABBED On Saturday afternoon the Indians camped near the cemetry came into and paraded through the city on horseback, and the "braves" being highly decorated in feathers and paint made a pretty good appearance. They announced that they would give a show out at camp on Saturday night. From all accounts they had a high old time. On Sunday one of the Siwashes ordered a squaw, whom he claimed to be his wife, to accompany him home, and upon her refusal he proceeded to put her through a course of discipline by stabbling and cutting her with a knife in several places about the shoulders and breast. So far as we could learn none of the wounds were dangerous. These Indians need the attention of the proper officers, by whom they should be removed to the reservations. They are of no earthly use here, and are constantly liable to make

A dollar and a half or six bits for wheat seems just the thing, and causes a gentle smile to light up the countenances of those who have wheat to sell or a good prospect; but two dollars and a quarter per sack for flour, and the prospect of still higher quotations, visibly lengthens the faces of those who are compelled to buy! There seems to be no sweet without its corresponding amount of bitter; no joy without its sorrow; no flour without cash!

Mr. John Barrows, of San Francisco, argived here the first of the week.

ELECTION .- An election for Chief and Assistant of the Fire Department was held in this burg on Monday. Both fire companies held meetings on the Saturday night previous, and made nominations. For Chief, Joe Webber was nominated by both Companies. For Assistant, No. 1's nominated Mc. Monteith (member of No. 2's), while No. 2's nominated R. A. Stratford, a member of the Company. There was not the usual amount of interest felt in the election, and a full vote of the Department was not obtained. Out of a possible vote of nearly one hundred and forty, there was but ninety-three votes polled, of which Montelth got 51 while Stratford got 42. And so ended the election.

DELEGATES .- At the regular monthly meeting of Linn Engine Co., No. 2, Monday, Messra. Eugene Buchanan, W. P. Scott and W. H. Huston were elected Delegates in the A. F. D. for the ensuing year.

[Letter from a Postmaster.] "ANTIOCH, ILL., Dec. 1, 1874.
"My wife has, for a long time, been a terrible softerer from k heumatism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaur Liniment I am rejoiced to say this has cured her. I am doing what I can to extend its sale. "

W. H. RING.

This is a sample of many thousand testimontals received, of wonderful cares effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Arnica, Rock Oll, Carbolic, and ingredients bitherto little known It is an indisputable foct that the Centaur Liniment is performing more cures of Swellings, Stiff Joints, Eruntions, Rheumatism, Neuralgia Sciatica, Caked Breasts, Lock-jaw, &c., than all the other Liniments, Embrocations, Extracts, Salves, Ointments and plasters now in use.

For Toothache, Earache, Weak Rack, Itch and Cutaneous Eruntions, it is admirable. It cures borns and scales without a scar. Extracts polsons from bites and stings, and healsfrost-bites and chiliblains, in a short time. No family can afford to be without the Centaur Liniment, white wrapper.

The Centaur Liniment, Yellow Wrapper. The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and fiesh of the animal creation. Its effects upon severe cases of Spavin, Sweeny, Wind Gall, Big Head and Poll Evil, are little less than marvelous.

Messrs J. McClure & Co., Druggists, corner of Elm and Front streets, Cincinnati, Ohio, say:
"In our neighborhood a number of feamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever nsed. We sell as high as four to five dozen but they per month to these teamsters."

We have thousands of similar testimonials. For Wounds, Galls, Scrutches, Ring-bone, &c., and for Screw Worm in sheep it has no rival.—Farmers, flyery-men and stock-raisers, have in this Liniment a remedy which is worth a hundred times its cost.
