Excess of disbursements over re-ceipts as per orders drawn on Treasury ..... \$ 296 15 It is not possible to state with absolute accuracy the amount expended by the city, for the year 1876, or in fact any other year as the orders near the close of the year are usually drawn on a depleted Treasury, and are paid during the first and second quarter of the following year, it is probable that there were little or no funds in the Treasury on the 14th day of December 1878. ury on the 14th day of December, 1876. were no outstanding orders at the close of
the year 1875; if there were none, then the
sum left to be paid by the Treaturer of the
present year, for and on account of outstanding orders, would be the sum before
mentioned, \$296 15, which would exactly
express the indebtedness of the city at the
close of the year 1876.
