Centaur Liniments.

[Letter from a Postmaster.]
"MISSISSIPPI, J. B. ROSE & CO.,
"ASTORIA, L.L., Dec. 1, 1874.
"My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaur Liniment. I am relieved to say this has cured her. I am doing what I can to extend its sale."
This is a sample of many thousands of testimonials received, of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Arnica, Rock Oil, Carbolic, and ingredients hitherto little known in performing more cures of swellings, Stiff joints, Eruptions, Rheumatism, Neuralgia, Sciatica, Caked Breasts, Lockjaw, Etc., than all the other Liniments, Embrocations, Extracts, Salves, Ointments and plasters now in use.
For Toothache, Earache, Weak Back, Itch and Burns and scalds without a scar. Extracts from Burns and bites and stings, and heals frost-bites and chilblains, in a short time. It is the only Liniment to be without the Centaur Liniment, white wrapper.
The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon severe cases of Swelling, Rheumatism, Neuralgia and Puff Swellings, are little less than marvellous.
Messrs. J. B. Rose & Co., of Albany, Oregon, of Elm and Front streets, Cincinnati, Ohio, say: "In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell as high as our price, but not below the price of the Centaur Liniment."
For Wounds, Galls, Scarcache, Ring-bone, Etc., in Horses, this Liniment is the only one that will cure. Farmers, livery-men and stockmen, have in this Liniment a remedy which is worth a hundred times its cost.

All styles of fruit jars and cans at Briggs' stove emporium.
A great many of our farmers will cut and bind their wheat this season.
Miss R. declares that she didn't ask Mr. B. to be her beau!
There seems to be no end to sewing machine men.
Van Vactor's team ran off on Saturday, and tore the express all toinders.
It costs near thirty-three dollars per month to run No. 2's engine.
Sylvander Dawson has been experimenting with ague, and when we last saw him he hadn't got so liked it, either.
A new road out to Albany Prairie has been opened through the center of Hackleman's beautiful oak grove.
M. E. Arnold, of Portland, has been appointed assignee of estate of Parker and Morris.
Mrs. Whitson continues to receive new millinery for the ladies—the very latest in bonnets, and hats, etc.

Several new names were added to Linn Engine Co.'s list at the regular meeting on Monday evening.
A strong effort is being made to induce Prof. Powell to take up his residence elsewhere. We can't possibly spare him.
The late cool rains have caused cherries, especially the Royal Ann variety, to crack open, and the fruit is soon spoiled.
Miller & Kuhn have several as well made and handsome looking locks as can be found in the State, for sale on fair terms.
Call at Mrs. Powell's and examine the new style bonnets, hats, flowers, ribbons, etc. Keep up with the fashions.
Our fire boys done an immense amount of work and expended much filthy lucre in getting ready for the 4th.
John Foster and Mart. Williams returned from Ochoco the first of the week, in a good state of preservation.
L. E. Blain has received a handsome assortment of jewelry, and it is very cheap. Look at it.
The trained horse and master exhibited on the streets the first of the week, and attracted a large crowd.
The "Little Flirt" is a way up cigar, and Billy Tweedale has a good supply of them.
Virgil Parker has purchased the lay team of Mrs. Arnold, and will hereafter drive them himself. Virgil is one of the most accommodating of expressmen.
Quite an amount of fall wheat went down before the storms of last week. We are sorry to learn that our friend Mr. John Gelsendorfer is one of the sufferers.
We are indebted to A. D. Holman, Esq., local editor of the Portland Bee, for a call on Wednesday. Sorry we were not at home.

Sylvander and Millard Dawson have about two hundred and thirty acres of spring grain that bids fair to yield immensely.
The late "Villard" is now the "Comstock Hotel." The change of name, we suppose, was out of compliment to the owner, Mr. James Comstock, of Pass creek Mills.
We are sorry to learn that Mr. W. F. Thompson, late teacher in the western ward district school, has decided to leave us. He is a most excellent teacher, and his place will not be easily filled. He goes to Puget Sound. Our best wishes go with him.
Uncle Aus. Williams, of Brownsview, gave us a call on the 4th. He was then on his way to White river, W. T., near 300 miles from his old home in Linn, where he proposes to make a new home. Success, old friend!

Mothers may have rest and their babies may have health, if they will use the Colic, Worms, Febriculous, Sore Mouth, Croup, or Stomach Complaints. It is entirely a vegetable preparation, and contains neither mineral, morphia, or alcohol. It is as pleasant to take as honey, and highly effective.
Dr. E. Dimock, of Dupont, O., says: "I am using Castoria in my practice with the most signal benefits and happy result."
This is what every one says: "Most nurses in New York City use the Castoria." It is prepared by Messrs. J. B. Rose & Co., 46 Day Street, New York, successors to Samuel Picher, M. D.

New potatoes at 4c a pound.
Wm. Watkins is our present nightwatch.
Little Miss Canon fell from the liberty car shortly after it started on the 4th, but was not injured to my great extent.
Rev. Mr. Derrick, of Dallas, made us a pleasant call on the 3th. He was on his way to Eugene.
The Washington Guards and artillery company, both of Portland, came up on the 3d to aid in our celebration. Good boys, too.
Three breaks about the liberty car coming back to the city in the evening. Mr. W. H. Dodd held the ribbons, and no harm to the little folks could result.
W. H. McFarland was the ironstone ware, the hand-somest ware you ever saw. Those tenpins with nickel finish can't be beat. Then Mc. has an immense stock of stoves, tinware, etc. Go and see.
Stewart Lewis who lives near Greenhorn Bar on the Santiam river, during last month killed three cougars from five to seven feet in length, while one of his sons killed two black bears. A few days ago they caught a young fawn.
Wm. Brown, on Tuesday night last, got into a fracas, and before he got out his throat was cut from ear to ear. It was a well-intentioned cut, too, as had the knife penetrated a hairbreadth deeper all the surgery in the world wouldn't have saved Mr. Brown.
Prof. Gilbert, for the past year principal of our district school, it is understood, will take charge of the school at Lebanon. Prof. Gilbert gave the fullest satisfaction here, and is a hard working, painstaking teacher, universally respected and loved by his scholars. His equal in every respect will not easily be found.
From Franky Wood, who came in the first of the week to "see the Fourth," we learn that work on the Greenhorn gold diggings has fairly commenced. Mr. Wood, owner of the diggings, has several men in his employ, and with an abundance of water they will be able to do a land office business in the way of washing gravel, and will soon be enabled to say for a certainty whether there is pay in the dirt. We certainly wish them every success.
A cab driven by Del Smith and Van Vactor's express wagon collided on the morning of the 4th. The cab team became frightened at the band that had just commenced playing and in attempting to run over the express wagon, the pole of the cab struck Van Vactor on the left hip knocking him out of the wagon, and spilling ten or fifteen dollars' worth of oranges, candles, etc., on the street. The accident happened at the crossing of Ferry and First streets. Mr. Van Vactor will probably be laid up for some days with his injuries.
No HUMBURG.—We have been permitted to examine a few of the endorsements of the high standing and skill of Dr. M. S. Sasserah, the eminent French Oculist, now stopping for a few days at the Chemeketa Hotel, and from among the many we note a few of the most interesting of our personal acquaintance, whose endorsement we would consider a sufficient guarantee, and we no other test—such names as Doctors Justice and Petch, of Logansport, Indiana, and others we might name; but we also speak from personal observation and experience, and are therefore prepared to endorse them, and would say that all who desire treatment of the eyes or glasses suited to falling sight, to go at once to the Doctor, and others we might name;
