# Centaur Liniments.

[Letter from a Postmaster.]  
"ANTIOCH, ILL., Dec. 1, 1874."  
"My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaur Liniment. I am relieved to say this has cured her. I am doing what I can to extend its sale."  
—H. RING.  
This is a sample of many thousands of testimonials received, of wonderful cures effected by the Centaur Liniment. The ingredients of this article are published around each bottle. It contains Witch Hazel, Mentha, Arnica, Rock Oil, Carbolic, and ingredients hitherto little known. It is an indisputable fact that the Centaur Liniment is performing more cures of Swellings, Stiff Joints, Eruptions, Rheumatism, Neuralgia, Sciatica, Croup, Lockjaw, &c., than all the other Liniments, Eucalypti, Extractions, Salves, Ointments and plasters now in use. For Toothache, Earache, Headache, Neuralgia, and Catarrhs of the Eye, it is admirable. It cures burns and scalds without a scar. Extracts poisons from bites and stings, and heals frost-bites and chilblains. In a short time. No family can afford to be without the Centaur Liniment, white wrapper.  
The Centaur Liniment, Yellow Wrapper, is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon the system of Scalds, Sore Throat, Wind Gall, Big Head and Yell E. It is little less than marvelous. Messrs. J. B. Rose & Co., Druggists, corner of Elm and Front streets, Cincinnati, Ohio, are the sole proprietors of this Liniment. They pronounce it superior to anything they have ever used. We sell as high as fifty to live dozen bottles per month to these customers.  
We have thousands of similar testimonials. For Wounds, Cuts, Scratches, Ring-bone, &c., and for Sore Wounds in sheep it has no rival. Farmers, livestock and stock raisers, who use this Liniment, a remedy which is worth a hundred times its cost.  
Laboratory of J. B. Rose & Co., 46 Day Street, New York.

# PITCHER'S CASTORIA.

Mothers may have rest and their babies may have health, if they will use Castoria. It is a safe, reliable, and pleasant medicine, and for Sore Wounds, Cuts, Scratches, Ring-bone, &c., and for Sore Wounds in sheep it has no rival. Farmers, livestock and stock raisers, who use this Liniment, a remedy which is worth a hundred times its cost.  
Laboratory of J. B. Rose & Co., 46 Day Street, New York.

# POND'S EXTRACT

"Hear, for I will speak of excellent things."  
**POND'S EXTRACT.**—The great Vegetable Pain Destroyer. Has been in use over thirty years, and for cleanliness and prompt curative virtue cannot be excelled. It is a safe, reliable, and pleasant medicine, and for Sore Wounds, Cuts, Scratches, Ring-bone, &c., and for Sore Wounds in sheep it has no rival. Farmers, livestock and stock raisers, who use this Liniment, a remedy which is worth a hundred times its cost.

See card of Drs. Wilcox & Arnold, in this issue. We know this is a strong medical firm and that they are appreciated, as they are just as full of business as they can be.

Work on Jas. H. Foster's mill is progressing. The brick office is up, and the roof will soon be in place. It will be altogether a new mill when the present improvements are completed.  
**NEW BRIDGE.**—The contract for erecting a new bridge over the Calipoola near Tangent has been let to Messrs. Nelson & Sanders, their bid being \$1,015. The bridge is to be 90 feet span, and is to be covered.

Hon. Richard Williams and family came up from Portland on Saturday, intending to enjoy a little recreation fishing, etc., but two of his children were taken very sick, and not appearing much better, on Tuesday, he concluded to return home bag and baggage.

**NEW PATENTS.**—Through Dewey & Co., Patent Agents, San Francisco, we receive the following list of U. S. patents, granted to Pacific Coast inventors, viz: J. Gates, Portland, Ogn., steam-pump valve gear; I. S. Van Winkle, S. F., tapers; W. B. Young, Golden City, Colo., process for separating copper and the precious metals from copper matte; A. A. Fisher and S. H. Lucas, Santa Fe, N. M., combined pushpin and watch-key; W. P. Lewis, Oroville, Cal., pneumatic tubes for dredging; I. O. Mann and G. R. Rankin, Lake City, Colo., metallic counters or stiffeners for boots and shoes; J. Sherrill, Harrisburg, Ogn., cultiver; C. Raetz, S. F., machine for cutting sugar cubes.

**DEATH OF LIEUTENANT RANDALL.**—The dispatches of Tuesday from the Indian war inform us of the death of Lieut. D. B. Randall, gallant young officer of a volunteer company engaged in protecting his home and the homes of his neighbors from the Indians. He was a son of E. H. Randall, living about a mile south of Seio, in this county. He was a good citizen, and possessed the respect and esteem of his many friends here. He leaves a wife, the sister of Henry E. Ankeny, of Marion county, to mourn his loss.

**FROM KLIKITAT.**—Mr. A. W. Belding arrived in this city from his new home in Klickitat valley, W. T., on Wednesday. His mother, Mrs. W. D. Belding, has been afflicted with chills nearly ever since her arrival in the valley. Balance of the family are well. There is considerable excitement over the Indian troubles in the valley among the settlers, owing to the report that the Yakimas have threatened to clean out the whites in Klickitat. Within five miles of the Belding's there is a camp of Indians, estimated at from 800 to 600, painted and feathered as if for war, who indicate by their intolerable insolence and threatening manners that they are ready and willing to commence hostilities at a moment's warning. The crop prospects are good indeed, and should the present war cloud pass over without bursting, the Klickitians will reap a magnificent harvest. We hope the present fears of Indian troubles may prove groundless in Klickitat.

**DEED.**  
Samuel B. Knox, on the 4th of July, 1877, of bronchial affection, aged 44 years and 9 days.  
Mr. Knox was born in Wayne county, Ohio, June 25th, 1833. The community has lost a good citizen, the church a devoted Christian, the family an affectionate and kind husband and father. The consolation left a sorrowful widow, and an aged mother and relatives, is that he died amid the triumphs of his assurance of a home in heaven. A large concourse of sympathizing friends attended his burial at Knox Butte.

# OAK POINT ITEMS.

The farmers here, as a general thing, are all busy harvesting. The hay crop is not turning off, in this vicinity, as we had anticipated, but nevertheless the crop is as good as usual.  
The musically inclined people of this city met on last Friday week (June 30), at the Willamette Church, at 8 o'clock P. M., for the purpose of organizing a Musical Association, for studying the principles and practicing the art of music. Mr. A. M. Acheson was elected Chairman, and W. A. Robb, Secretary, when a Constitution was read and adopted, and the following officers elected: President, Mr. A. Acheson; Vice President and Treasurer, Mrs. L. V. Wilson; Secretary, F. Crisinger; Musical Director, W. A. Robb; Critic, Rev. A. M. Acheson; Sargent-at-arms, J. N. Smith, when the meeting adjourned. At the next regular meeting, Friday, July 6th, at 3:30 P. M., the house was called to order by the President, minutes of the previous meeting read and approved, when a collection of hymns was adopted, and a short time occupied in singing, when the Association adjourned until the next regular meeting, Friday, July 13th (to-day) at 3:30 P. M.

The U. P. Presbytery of Oregon will meet here on Thursday, July 12th, at 2 P. M., for the purpose of installing Rev. A. M. Acheson as pastor of the Willamette Church. Revs. J. M. Dick, J. Worth and S. G. Irvine, D. D., will be present to participate in the ceremonies.

There will be Communion at Willamette Church on the following Sabbath—religious services on Friday and Saturday previous.

# PEORIA ITEMS.

The glorious 4th is over and we are all glad of it.  
The "Peoria Band" was at the Albany celebration, but wasn't called upon to play. They were considered as an insurance, and several of our citizens attended the fireworks at Albany on the night of the 4th, and also the ball.

A young man by the name of "Joseph" was badly shot on the 4th. At a late hour, we heard his anxious friends enquiring for him. "Joseph," why is this thud? Wm. Yantis has returned from the "gold mines." He reports the mines a success and blackberries plenty.

Dr. Irvine reports some cases of diphtheria in the country.  
The late rains damaged the winter wheat some, but the prospect of a good crop of spring wheat was never better.  
Mr. W. T. C., dressed out with a \$12 plug hat, started for Portland on the 3d. Who is she? And why go to Portland? More next week.

# IN MEMORIAM.

**ALBANY, July 7, 1877.**  
The following resolutions were passed by Knox Butte Grange, at the last regular meeting:  
WHEREAS, In the wise providence of the Divine Master, our sister, Florence Peck, has been removed to the better land, by death, which event occurred on the 26th of May, 1877; and  
WHEREAS, That in the death of sister Peck, her husband has lost a kind and loving companion and Knox Butte Grange one of its most faithful and devoted members; and  
WHEREAS, That in the death of sister Peck our Grange has only temporarily lost a member; and although we shall miss her in our councils, we realize that our loss is her eternal gain, therefore,  
Resolved, That the Grange wear the badge of mourning for thirty days.  
That in this great bereavement the heartfelt sympathy of this Lodge is extended to the bereaved husband, parents and relatives, and that the minutes of this Grange, also that copies be sent the ALBANY REGISTER and Democrat and that they be requested to publish the same.

O. A. ARCHIBALD, R. E. CONN, ROBT. CHAMBERS, Committee.

# THE IMPORTANT QUESTION.

Of all loathsome diseases, Catarrh stands pre-eminent. It renders its victim as disgusting to himself as to others. And the most humiliating of all is the consciousness that his presence is offensive to those around him. If any disease deserves the name of universal, it is this. Dietetic errors and the follies which fashion imposes upon us tend to foster it, in an unwarlike and detraction from His beneficent character to suppose that He has afflicted the greater portion of humanity with an incurable disease. The day of plagues is past. The God of Christianity is a God of Love, of Mercy. His message is "good will to all men." The earth and all contained therein was intended by the great Designer to supply man's wants; and surely he has no greater wants than remedies for his infirmities. Science is rapidly proving that the earth is fitted to supply man's uttermost need. New medicinal plants are constantly being discovered and new properties developed from those already known. For Catarrh, the most potent remedy yet discovered is Dr. Sage's Catarrh Remedy. Its efficacy has been tested many thousands of times with uniform success. Cases that had been repeatedly pronounced incurable, readily yielded to it. In confirmed, or obstinate cases, Dr. Pierce's Golden Medical Discovery should be taken in connection with the use of the Catarrh Remedy. Full particulars in Pierce's Memorandum Books. They are given away by druggists.

**From S. Thastorpe, M. D. of Herson.**  
"WISTAR'S BALM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough by loosening and cleansing the lungs, and allaying irritation, thus removing the cause, instead of drying up the cough and leaving the cause behind. I can endorse the BALM as the best cough medicine with which I am acquainted." Sold by all druggists.

The parties arrested the other day, charged with having robbed Coleman's saloon, were discharged on Tuesday because none of our lawyers would prosecute the case.

Major White, as a jeweler, engraver and watchmaker has no superior. If your clock or watch falls to keep time, take it to the Major and he'll soon put them in good shape, we'll warrant.  
When some of our merchant princes get tired of doing nothing these days, they assemble in front of one another's business houses and argue on the immortality of the soul. And the boys are well posted on scripture, too.  
Gunlock & Moore have arrived from John Day Valley with a large number of extra good hogs, many of them good goers. They have a number of large, well put up farm horses; Rifleman colts that are excellent roasters, and some handsome match teams. Farmers can supply themselves for harvest work from the band, at fair rates if application be made soon. All remaining unsold will probably go to Corvallis next week.

Mrs. Frank Redfield, from near Mt. Idaho, is in the city visiting relatives and friends. Mr. and Mrs. Redfield and children were just sitting down to breakfast one morning when the news came of the Indian outbreak. With the aid of friendly Indians they were enabled to get out of the country leaving their property behind.

**SCANDAL.**—A gentleman who lives near the city returned from the mountains recently, so report has it, only to find that his hired man had made trouble in the family. Another divorce and family separated.

**MONEY STOLEN.**—On the night of the 4th some one entered Jim Coleman's saloon and abstracted about one hundred and seventy dollars. Three young men at this city were arrested on Monday, charged with the theft. On Tuesday they were discharged, the evidence being insufficient.

**THE RICHMOND RANGE.**—The Richmond range is king among cooking stoves, and no mistake. It is the most complete, best furnished, economical stove in the world, certainly. Every one who gets one of these stoves likes it, and speaks well of it. It economizes fuel, is a splendid heater, and looks well in kitchen or parlor. Call in at W. H. McFarland's and secure a Richmond Range, and you'll never regret it.

**PERSONAL.**—Col. T. E. Hogg, who has been absent in Europe for nearly a year past, made our city a visit the first of the week. The Colonel was accompanied by his brother, Wm. M. Hogg, of California; and Messrs. Frances E. Kerr, W. Nash and H. N. Moseley, English capitalists, out for a look at our country.

**STORAGE OF GRAIN.**—Mr. C. D. Simpson gives notice that he is prepared to store 200,000 bushels of grain this season, having in addition to his commodious warehouse at foot of Elsworth street, rented the warehouse of Mr. John Foster, at foot of Broadalbin street. This gives Mr. S. the most ample accommodations, and those who store with him will be well treated, as he has, in all the years he has done business here, never failed in any of his contracts. He is ready to furnish sacks to all storing with him, or will sell sacks at the lowest market price. He will receive wheat at Tangent and Miller's, and will buy wheat or oats at the highest market price. Call and see Charley.

**A BIG SCARE.**—On Tuesday afternoon a married lady of this city called at a drug store and purchased a small bottle of the oil of cedar. She proceeded to the house of a relative, where she procured a spoon and a pinch of sugar, when she proceeded to take a level spoonful, something over a drachm, of the oil. Shortly after taking the oil she exhibited evidences of poison, and Dr. Henton was hastily called in. The doctor proceeded to give the usual remedies in such cases, and soon drove the poison from the stomach. The oil of cedar sometimes, if taken in large quantities, produces death, but is not taken for that purpose. The object in this instance, it is believed, was not suicidal.

**MARRIED.**  
On the 11th instant, at the residence of Father Freeland, by Rev. J. F. DeVore, C. W. Crawford and Mrs. Mary Ford—both of this city.  
Our best wishes go with them.
