CONCERT.—Prof. J. M. Wood, assisted by H. T. Wood, Misses Annie and Alice Griffin, and Charles and Albert Haffenden, gave a very pleasing concert at the Opera House on Monday evening, to rather a thin house. The evening was exceedingly warm, which fact deterred many from attending. The Professor, although blind, is one of the finest violinists on the coast, and his efforts to please on the evening in question met with success, judging from the generous applause accorded. Miss Annie Griffin sang "The Evening Star," Miss Albert Haffenden sang "The Girl of the Year," and the Professor, although blind, is one of the finest violinists on the coast, and his efforts to please on the evening in question met with success, judging from the generous applause accorded. ED. REGISTER.—Did you notice the changes in One's badge and No.? Well, you remember that the badge on the air-chambers bore the name of "Crescent" ever since the city purchased it, prior to the 4th. One's boys concluded they would sail under their own colors, so they took the badge to Major White, and lo, a change was wrought by his skilled fingers, for soon we see engraved the true name of our gallant engine, "Albany 1." The work demonstrates that the Major has the eye and hand of a true artist. No need now to go to Portland or San Francisco for engraving—the man for such work is right in our midst, and his name is Major White.

BAYWARD.—Judges Wolverton and Baker, Captains Humphrey and Harper, and one or two others, started in an open (Irish) "barousch" for Yaquina Bay and clams. They were armed to the teeth, and should the wily savage undertake to scalp that crowd they'll have to do it when the boys are asleep. It's a gay crowd, and if they don't have fun it'll be because there isn't any in the country. The party expect to stand off the salt sea breezes for ten days or two weeks. They went the first of the week.

HUNTING SHIRTS.—L. E. Blain has received an invoice of hunting shirts made expressly for the convenience of those who shoot pigeons, quail, grouse, pheasants, etc. You will be absolutely astonished at the number and size of the pockets, not only in the coat but in the vest and pants as well. The suits are made of the heaviest ducking, and they are made with a view to the greatest convenience and strength. Don't fail to look at them.

FRANK WYMAN got out of our county jail on the 4th, about daylight. He went up to Harrisburg, got drunk and boasted of his exploits, declaring that he couldn't be taken again. Word came to this city of the above facts, and Geo. Humphrey, deputy sheriff, started for Harrisburg Saturday morning, arriving at his destination about one o'clock Sunday morning, when an arrested Wyman who was in bed at the hotel. Frank is now, or was yesterday, in jail again.

RESOLUTIONS OF THANKS.—At a regular meeting of the Washington Guards, July 12th, 1877, a resolution of thanks was tendered the ladies and citizens of Albany generally.
Resolved, That the thanks of this Company be tendered to Gen. G. V. Brown and ladies for their kindness while on the ground and in the city.
Resolved, That the thanks of this Company be tendered to the friends of Albany for their kindness while at the ball.

 Committee.

BOLTS, OILS, ETC.—Gradwohl has received a large lot of carriage bolts; also, a fine lot of machine oil, castor oil, and China oil. You will do well to examine goods and prices before purchasing elsewhere. Also, the best San Juan lime and plaster of paris.

FARMERS, MECHANICS, and all people who appreciate the value of keeping a memorandum of business transactions, daily events, and items of interest or importance, for future reference, should call on their druggists and get Dr. Pierce's Memorandum book free. The Doctor's Grand Invalid's Hotel at Buffalo, which costs, when finished, two hundred thousand dollars, will be opened early in June next, for the reception of patients afflicted with chronic diseases and deformities. It will afford the most perfect facilities for the cure of such affections, and its faculty of physicians and surgeons will embrace graduates from both American and European Medical Schools who have become distinguished for their skill. The Peoples Common Sense Medical Adviser, by Dr. R. V. Pierce, a work of over one hundred large pages, illustrated by two hundred and eighty-two engravings, and elegantly bound in cloth and gilt, is sent to any address by the Author on receipt of one dollar and fifty cents. Almost one hundred thousand copies have already been sold.
S. A. CRAIG, Esq., and Druggist, of West Alexander, Pa., says: "I sell more of Dr. Pierce's preparations than all others combined. They give satisfaction in every case, and I can cheerfully recommend them to the public."
 From a private letter we learn that Senator Morton will visit Albany after the adjournment of the committee.

From S. Thatcher, M. D., of Herman, N. Y.
 "WINTER'S BALSAM OF WILD CHERRY gives universal satisfaction. It seems to cure a cough by loosening and cleansing the lungs, and allaying irritation, thus removing the cause, instead of drying up the cough and leaving the cause behind. I consider the BALSAM the best cough medicine with which I am acquainted." Sold by all druggists. July

THE RICHMOND RANGE.—The Richmond range is King among cooking stoves, and no mistake. It is the most complete, best furnished, economical stove in the world, certainly. Every one who gets one of these stoves likes it, and speaks well of it. It economizes fuel, is a splendid baker, and looks well in kitchen or parlor. Call in at W. H. McFarland's and secure a Richmond Range, and you'll never regret it.
MARRIED.

DEED.
 On the 15th inst., at the residence of Dr. Crawford in this city, Mrs. Mary Gilmore, mother of the wife of Dr. Crawford.
 Mrs. Gilmore was the daughter of Col. White, of Kentucky, and was born in said State in 1788. Her eldest sister was the first white person born in the State of Kentucky. Her father, Col. White, participated in twenty-two battles with the Indians, and was killed at the battle of the Thames by Tecumseh, the great Indian Chief, and at the same time, it is said, as he fell he shot and killed Tecumseh. Mrs. Gilmore moved to Illinois, where she resided for some years, and in 1870 she came to Oregon, since which time she has resided with her daughter, Mrs. Dr. Crawford. Early in life deceased made a profession of religion and united with the M. E. Church, to which she remained faithful until death. She was an affectionate mother, ever ready to share with her children in their sorrows and joys. She enjoyed good health up to within a few days of her death, and consequently was buoyant in spirit, and notwithstanding her great age she was passionately fond of the company of young people. She leaves two sons and two daughters and many friends to mourn her loss.

WATERLOO.—Sunday was a red hot day and everybody that could secure a conveyance of any kind made all speed to get out into the cool shades of the country; and long before the sun had reached the meridian the city was comparatively deserted. Almost everybody from this city went to Sodaville, the great Saratoga of Linn county, where is located the now celebrated Soda spring. By ten o'clock in the morning there had congregated at Sodaville several hundred people, coming from "all over" Linn and adjoining counties, some visiting the spring for the first time to try the virtues of its healing waters, others, having proven its benefits, came again to be healed; and the young and the old, the weak and the strong, were mingled together in one happy family, all enjoying themselves and the occasion in their own way, without let or hindrance. About twelve o'clock, just above the spring, the people were called together to hear the word of God expounded. At 2 o'clock, or thereabouts a musical entertainment was given by some enterprising catgut scrapers, while within a few feet a congregation were listening to a sermon by Rev. Mr. Gager. Just above the spring some enterprising hounds were selling red hot candy under a gauzy canvas, while to the right under the shade of the little fir bottled soda was retailed to dry humanity. The small space immediately around the spring was filled with people, who were constantly taking deep draughts from its sparkling waters, keeping said sparkling waters down to "bedrock"; in fact the water got down so low that it required a good long arm to "reach" it, and one gentleman, in attempting to get a cupful, lost his balance and fell headlong into its depths. Had there been no help handy it would have been the last of "pea time" with him. Quite a number of our citizens have erected dwellings, whilst others have tented, at Sodaville, and are spending the "heated term" in this delightful place, enjoying the pure mountain breezes and the health giving waters. Those who don't want any housekeeping in their, secure rooms at the Fountain House, kept by that prince of hoteliers, Mr. D. P. Foote, whose table is kept right up to the notch, and is not surpassed by any hotel on the coast. Mr. Foote and his excellent lady are courteous and obliging, and all who stop with them are made comfortable and happy. Under Mr. Foote's care the hotel has been made much more comfortable and considerably enlarged, and can therefore entertain a greater number of guests. Next Sunday the Brownsville brass band will spend the day at the spring, and enliven the occasion with good music. A much larger crowd will also be in attendance than last Sunday. The roads are in good order, and as the season has fairly opened friend Foote will probably have all he can attend to during the balance of the season.
