THE VEST POCKETS .- A young man from one of the suburban districts was in one of our tailor shops getting measured for a vest the other afternoon. "Married DIPHTHERIA .- Several cases of this dread- or unmarried ?" queried the merchant, afed disease have been treated during the ter taking down the number. "Unmarried," said the young man with a blush. "Inside pocket on the left hand side, then" observed the tailor, as if to humself, mak-A HANDSOME SAFE .- On Tuesday, Mr. | ing a memorandum to that effect. After Brush, of the Bee-Hive store, received a a moment's pause, the young man from handsome Hall burglar and fife-proof safe. the suburbs inquired : "What difference Hall rathes gets away with all of them in does my being married or unmarried make with the inside pocket of the vest?" "Ah,

OUR BEST BOW-Is due friend F. M. my dear sir," observed the tailor with a bland smile, "all the difference possible, sweet coro, presented on Tuesday. Frank as you must see. Being unmarried, you want the pocket on the left side, so as to Shoalwater Bay oysters at James Mady's Shoalwater Bay oysters at James Mady's Demorrow, Saturday, evening—the first of he season. Yaquina Bay bivalves will be in order next Thursday evening. Judge Powell returned from his trip to Ochoco much improved thereby.

prodigious growth of straw at the expense of the perfecting process in the grain cells, and the consequence is, about one-third of every head is empty. The quality of grain however, is not impaired, and we have the same large, full, bright kernels that we are used to seeing in Oregon.

Oregon City Enterprise : Prof. Stone, U. S. fish commissioner, is busily engaged in getting things ready to commence operations in the propagation of salmon for the Columbia river. The original plan of building a dam across Clear creek and running the water through a flume to the breeding house has been abandoned on account of loose gravel in the creek and the lateness of the season, and it is now proposed to bring the water for breeding purposes from the Clackamas. About twenty-five workmen were discharged last Monday on account of the change in plans. The dam will be placed in Clear creek next year. Alexander Baldwin of Columbia county, W. T., gets 3,160 bushels of oats from 51 acres. W. G. Nuttall, in Walla Walla valley, gets 950 bushels of fine wheat, volunteer crop, from 42 acres.

Three farmers of Walla Walla valley, John Scott, Phillip Yanney and C. Mainer, will market this year 36,000 bushels of wheat. All three cultivated their own farms, and the crop of this year is the result of the labor of themselves and families.

The body of a man was found last week on Mill creek, three miles from Walla Walla. His coat and vest were under his . head. The body was well dressed and the hands gloved. It was found that he had taken strychnine. An intolerable stench had been noticed in the vicinity several days before the body was found. The only date on his person was that given by a poster announcing Senator Morton to speak at Salem, July 27th. A paper was found containing a statement, coupled with a re-quest that it be not printed in full. His name was given as Jefferson McCnistion, born at Millville, Ray county, Missouri. The supposed age was 38 years.

A Union' special from Tucson says : . Hazelwood, mail carrier, was shot and scalped by Indians on the 22d at Stean's peak, about the New Mexico line. His mule was taken, but the mail wrs partly recovered. The troops out discovered the body and are now on the trail of the Indi-

Some days since a man named O'Sullivan was hauling hay near the town of Dayton, W. T., when a doubletree of his bayton, w. T., when a doublettee of his wagon broke and he was thrown to the ground, breaking his spine. He lived a day or two after the accident. He was in the employ of John Birch, and it was his team he was driving. Deceased leaves a wife and a large family of children in destitute circumstances
