We Can't Talk

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker affect the enamel, no species of decay infest the dental bone, if SOZODON'T is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are maryelous, as it removes all discolora-tions, and renders the gums hard and rosy.

Mr. Jackson struck the end of a counter or some other projection in his descent, and was badly hurt. but succeeded in crawling out of the store and giving the alarm. One's engine being but one block away was soon on the ground ready for work. In the meantime a large amount of goods had been taken from the store, and considerable damage done by the rough handling of glassware,. etc. In a few moments atter the engine began playing the fire was put out, when the hose was taken up, and the engines, (Two's steamer having arrived a few minutes after One's had taken position, with. steam up and ready for action); returned to their houses. As the property was insured for \$5,000, the agents took charge, and up to the time of going to press the award for damages had not been made, but we can say it will be large if it does not take up the entire amount of insurance.
