Our Democratic friends are determined ninate Grant as the Republican candidate for the Presidency whether the party want him or not. The National Republican Convention will soon meet, gentlemen, and will place in nomination a candidate, and that candidate will be the next President, and don't you torget it. The Democracy will not nominate a candidate forms, bad as they desire to.

Soon he will run for office and learn how much a vote in a close ward will cost him; he will learn, instead of getting into trouble with the soldiers, to steal from the government as largely and as sately as the Indian agent used to steal from bim. And the first Indian who goes to Congress will introduce a bill to regulate the finances, long before he knows enough English to swear gramatically,

Our Democratic friends are unfortunate in their nominations, as usual. Mr. Whitto Congress, whose inefficiency and unter u-elessness as an M. C. Is so notorious, is now charged by reputable members of his party with being a bribe-taker. If the erime of bribery be proven, then Whiteaker is a criminal, and should be punished as the law directs. Two of the Democratic nominces for the Supreme Bench must stand dumb before the accusations which | Estimating the yield at 20 bushels per public opinion freely and boldly makes against their judicial acts. As a contrast we present the nominees of the Republiean party, and challenge the closest serutiny. For ability, bonesty, truth and faithfulness in every trust hitherto placed in their hands, they deserve and have received the plandits of the whole people. And the voters of Oregon will show their al illing trust and confidence in them by giving the whole State ticket a rousing majority in June

The Democracy of Oregon have nominated John Whiteaker, the present incumbent, for Representative in Congress, In their past affliction of having a useless delegation in Congress, we sympathize with the people of Oregon, Senator Grover and John Whiteaker are two good eyphers and are neither ornamental or useful. But Whiteaker will be elected-to stay at home-next June by about 2,000 votes, as the people he represents understand that the only remarkable thing he has ever done was the ride across the continent on double-quick to help organize a Democratic Congress, and they will not, by considerable, give him another chance to magnify his name. Blaine's Good Record at Home.

The Augusta, Maine, Journal says Mr. Blaine has been a resident of this place for more than a quarter of a century living here since he was twenty-three years old. Indeed, his whole life as a man has been identified with this people. We have known him in every relation of life, closely and intimately, through all these years. And in every relation of life, we say in the presence of his daily associates. Mr. Blafne has had a spotless career. As husband father, neighbor, friend, citizen, candidate for Congress. Elsewhere will be seen the appointments for the county canvass. The Republican candidates are going for blood, and no mistake. They are, as a body, all tried and true men, capable of filling the several positions for which they are nominated ; are bonest and trustworthy ; stand well with their neighbors, and are each deserving of an election. If men are elected to the several county offices because of their fitness, then the Republican candidates in this fight will get away with the offices. Read appointments elsewhere in the REGISTER, and be on hand to see and hear for vonrselves.

"Honest John" Whiteaker.

A statement is made by a prominent Democrat to this effect : "Houest John" Whiteaker, who was an ardent supporter of the "Lock and Dam" bill, that robbed the Oregon School Fund of \$200,000, Immediately after the adjournment of the Legislature was in possession of ten shares in the Lock Company's stock; that he acknowledged the possession of the stock; that these ten shares were represented for him by proxy at the meetings of the Company, and that subsequently he sold three of them for \$3,000 in cash. Gen. Lane was so well satisfied of the truth of the charge that he refired to vote in the Democratic Convention for Whiteager, add has stated within the past few days to the editor of the Roseburg Independent "that prominent Democrats and men of responsibility had informed him, that it was with in their power to prove that John Whiteaker, while a member of the Oregon Legilature, had accepted a bribe, amounting in the end to \$3.000." The citizens of Oregon do not intend to be represented in Congress by a bribe-taker when they know it, and Mr. Whiteaker will be com pelled to come before the people of Oregon by shooting himself through the head, and refute the charge, or he will meet with The appended letter gives all the reasons an overwhelming defeat in June. We understand that Mr. Cady, partner with the late Hon. W. B. Carter in the printing business, will be a candidate before the Central Committee for the office of State Printer, and that if nominated and elected he will guarantee half the profits of the office during the term to the w'dow of Mr. Carter. We understand that the long illness of Mr. Carter has left the estate in a bad fix, and Mrs. Carter really needs the aid as proposed. If this be a trie statement, then we are in favor of giving the nomination to Mr. Cady.
