Mr. Emerson, Fisher & Co.: I have used one of your Top Buggies three years, and three of them two years in my liver and they have given me perfect satisfaction and are in constant use. OSCAR SKALLEY, Newbury, S. C., July 17, 1879.

I have been using the Emerson & Fisher Buggy I bought from you as roughly, I suppose, as any one could. I had a fast horse, drove him at full speed, sometimes with two ladies in the buggy, and it is today worth all the money I paid for it. I say the Emerson & Fisher Buggies will do. A. M. TEAGUE, Farmer.

The reputation the Carriages have made in localities where they have been used for several years, Physicians, and of those requiring hard and constant use, has led to orders from those localities, to meet which the manufacturing facilities of their establishment have been extended, enabling them now to turn out in good style.

#### Excursion Postponed.

The steambost excursion from this city to Salem, announced in our columns last week, has been postponed until further notice. The reason for so doing is given in the following communication from Capt. Z. J. Hatch, owner of the steamer mentioned: "On account of the steamer McCully breaking her shaft, we will not be able to move the excursion on May 15th, as we cannot possibly get her ready by that time."

#### Sunday School Concert.

The concert given at the M. E. Church on Sunday night, by the members of the Sunday School connected with the Church, was most excellent. The house was crowded far beyond its seating capacity. Each participant was an *ad lib* in his or her part, the youngest vying with the oldest in the execution of the parts assigned them. All done well and all deserve praise. The collection for the benefit of the school was about six dollars—a small sum for so large an audience and so good an entertainment.

#### Gowned Lodge.

At the last meeting of Onward Lodge No. 229, I.O.G.T., near this city, the following persons were installed officers for the present quarter: H. E. Conn, C. T.; Jane Crowder, V. T.; J. E. Knox, Sec.; E. P. Conn, P. S.; Kate Houston, Treas.; Minnie Houston, M.; Josie Fisher, G.; Alonzo James, S.; Chas. Fisher, R. S.; Clislie Houston, L. S.; H. S. Crowder, A. S.; Ralph Froman, D. M. Delegates elect to the Grand Lodge are Miss Elva Dickey and M. Chambers; alternates, Jane Crowder and O. A. Archibald. This lodge is in a flourishing condition. Twenty initiations during the quarter just closed, with several more propositions in the lodge.

#### Fine Dental Chair.

On Tuesday we had the pleasure of examining the new dental chair brought on from Philadelphia by Dr. E. G. Clark, only son of our excellent Mayor. It is the most elegant, comfortable and convenient chair in the whole business, and the many shapes that can be made to assume are almost innumerable. The Dr. has also an entire new thing in the way of an engine for filling teeth, that is a great curiosity as well as a big thing in its line. The Dr. has a beautiful set of nickel-plated tools, that would almost induce one to have a sound tooth or two pulled for the pleasure of seeing them work. Dr. Clark has a splendid outfit in the dental line, and being perfect in his profession, will be certain to prosper wherever he may set up in biz. "Rah for our boys."

#### Census Takers for Linn.

Mr. H. F. Salsdorf, supervisor of census for the district of Oregon, has appointed the following enumerators for Linn county: Joseph Webber, Annie B. Reed, Wm. H. Gaston, S. J. Paul, R. E. Conn, J. N. Duncan, Peter Hume, John E. Haunon and S. S. Train. According to the law of Congress, enumerators in "first-class" districts (embracing cities and towns) get three cents per capita and fifteen cents for each place of productive industry. There are seven first class districts, including Portland, Oregon City, Salem, Albany, Eugene City, Jacksonville, Astoria and Seilo. Enumerators in second class districts get five cents per capita and twenty cents for each farm. There are seventy second class districts. Enumerators in third class districts get \$8 per diem. There are fifty-two third class districts in the State. The law requires that the work must commence on the first day of June (Tuesday) and must be finished on or before the first day of July, 1880.

#### Campmeetings.

The campmeeting will commence on the 17th of June, on the old campground near Goldendale, Klickitat county.

The Campbellite church will hold a campmeeting near Turner's station, Marion county, commencing about the 10th of June.

By action of the quarterly conference of Brownsville and Shedd charges, the two circuits will unite in holding a campmeeting at Roberts' Bridge campground, near Shedd's station on the Callipoola, to commence June 17th, and continue two weeks.

#### Handsomely Entertained.

The Seilo Band gave Mr. N. Baum, Republican candidate for County Clerk, a grand serenade, at the residence of James A. Linn, Esq., on the occasion of his visit to that handsome village on Wednesday evening last.

### Elegant Dress Goods.

On Monday we called in at Samuel E. Young's place of business on First street, where we had the pleasure of examining some of the handsomest ladies' dress goods we have seen in this market, some new and elegant patterns, which have just been received from New York. The ladies, we know, will thank us for calling their attention to them. An elegant piece of black silk, from which a dress pattern had just been cut, particularly attracted our notice—the ladies will fall in love with it at once. A very full supply of embroideries will attract unusual attention, while in the line of ladies' hosiery the styles and qualities are most complete. With the almost endless varieties of broadened silks, cashmeres, bunting, etc., etc., it would seem impossible that any lady should fail to get just what she wanted, either in quality, style or price, at this establishment. And the ladies are specially invited to call at Mr. Samuel E. Young's store and examine the new styles—it will afford Mr. Young and his gentlemanly assistants as much pleasure to show you the goods, as it will you to examine them.

### Supreme Bliss.

House cleaning is one of the events looked forward to with pleasant anticipation by every household! It is an episode in every married man's life, some times several episodes. It is an occasion when the "old man" just lets himself out to his full length in enjoyment! Once, twice, it may be oftener (and the oftener the better) during the year, the "old man" claws the air, as it were, with bestial joy! He is in the fifth heaven of perfect bliss; it is a grand 4th of July, Christmas, New Years, election day and May party all in one! It discounts the circus, mangerie, picnic, State Fair, black measles and seven year itch, for pure unalloyed, double-barreled, red hot, quadruple condensed jollarity! It is grander and more to be desired than to meet a wheelbarrow in a narrow alley of a dark night! The house cleaners are more to be envied than the man with seven bolts on the back of his neck! Pro falls to portray its beauties, and brush to eliminate its grandeur! Take away your three mile firemen's parade under the burning sun of the "heated period," deprive you of an excursion over the Mountains in mid-winter; cut off our supply of tobacco, bid oh! let the loyal hearts every where in this broad land enjoy house cleaning one week each Spring, and the business end of a wasp will surely call up a smile!

### Prof. A. S. Johnson.

This gentleman proposes to give a series of lectures, commencing Monday evening next at the Opera House, on "The reign of Law in the rise, progress and decay of Nations; or the Chinese in China, their antiquity, religion, habits, laws and social life, together with an accurate analysis of their character and influence on American society, labor, industries and religion." By a course of ten years travel and study, application the Professor is fully prepared to discuss the questions involved in their broadest sense, and we are satisfied the lectures will be listened to with the deepest interest by our people. To illustrate the ideas of the lecturer more fully, he secured the services of Mr. Whiting, who has painted several very fine pieces in his best style, which will add in making the lecture plain as day to the dullest apprehension. You want to hear the lectures and see these grand pictures on canvas. You who want to hear the Chinese question treated in the light of science, reason and common sense, should not fail to secure tickets for the lectures.

### Chinese in China.

Prof. A. S. Johnson will deliver a course of three beautifully illustrated and interesting lectures on the reign of Law, in the rise, progress and decay of nations; or, the Chinese in China, their antiquity, religion, habits, laws and social life, together with an accurate analysis of their character and influence on American society, labor, industries and religion, at the Opera House, commencing Monday evening, May 17th. The Ladies' Cornet Band will furnish excellent music.

### Commercial.

Local markets quiet, with prices unsteady and fluctuating. Markets well supplied generally. As there is little if any wheat in market, prices are nominal. In Portland wheat is quoted at \$1.40 to \$1.50 per 100 lbs; in Chicago, \$1.12 to \$1.17 1/2 per bushel. No changes in wool prices, with foreign advices a little more encouraging.

### List of Letters.

Uncalled for and remaining in the Post office in this city for the week ending May 13, 1880: Mrs. Nancy Stout, Miss Vina Strick, Mrs. Nancy Anderson, Mrs. H. F. Riley, (Dept. Sheriff) Galley, Mrs. Alice Fenwick, Miss Gate Hoist, Dr. M. McLain, Mrs. E. C. Smith, Oscar Martin, Mrs. Nancy Stewart, C. C. 2 P. H. RAYMOND, P. M.

### Personal.

Dr. G. Willis Price, who has been confined to his residence during the week by illness, is convalescing rapidly, and will be at his office on Monday, ready to attend all business offered.

Mr. Baum, Republican candidate for County Clerk, is gaining friends every day. His grand business qualifications and executive ability peculiarly fit him for the office, and the people desire just such an officer.

### Shipwreck and Loss of Life.

A. Gardner, correspondent of the Roseburg *Platender*, gives the following particulars of the loss of a schooner at the mouth of the Siuslaw: "A gentleman and his two sons by the name of Cox recently went to San Francisco to get a vessel to Siuslaw to get their fish and other exports. The vessel secured was the *Oliva Shultz*, forty-five tons register, and insured for \$3,000. She had made the trip up and the port all right, and was laden for her return with 400 pounds of salmon. Four tons of solder and 12 tons of wood. She was seen Tuesday lying in the bar awaiting a favorable opportunity of going to sea. The next word from her was on Thursday, when she was discovered off the bar about one mile full of water and her deck load gone, with not a living soul to tell the tale. The tug *Esport* went up and took her down to Coos Bay, where she now awaits further disposal. There was known to be five men on board; none of whom escaped to tell the particulars of the catastrophe."
