parties can use the same paper.

Brownsville Dates.

Brownsville, Or., May 19th, 1880.
ED. REGISTER:—Crop prospects look
very flattering this way at present.

Messrs. Piper and Bradshaw paid us a
visit yesterday As but few people at-
tended the meeting the talking was short.
They go to Lebanon from here.

Dr. Starr is a very little better, but is
very weak.

The new saw mill is doing quite a busi-
ness, and bids fair to be quite a profitable
investment for its owners.

The work on the E. W. M. Co.'s ditch
is still going ahead—expect to finish this
week.

Ripe strawberries are beginning to put
in an appearance here this week.

The all-absorbing topic here is the rail-
road subject, and at last, after so many
trials and failures, hopes and fears, it
seems we are to have a genuine railroad.

If the people of Albany had taken the in-
terest in this matter that they ought to
have done, we might have had a road to
your city long ago from the forks of the
Willamette via Brownsville, and thus se-
cured the direct trade of the upper valley;

but instead of such being the case, Albany
is taking but little interest in such matter,
and the building of the branch road to
Lebanon will be of little or no benefit to
her. They have awoke too late, and as
soon as this narrow gauge is completed
along the east side of the valley, and taps
all the numerous little valleys and foot
hill farms, cutting off nearly one-half of
the best grain producing country, then
they will begin to see where they are fast
drifting to.

Already the west side road
has been extended to Corvallis, thus cut-
ting off everything from the west side, and
with this other road going on the east of
them it seems as if Albany must soon stop
advancing.

The building of the short
branch to Lebanon, or the more expensive
undertaking of pitting a bridge across the
Willamette will not give her the advan-
tages she might have had by securing this
narrow gauge road.

We understand several ladies joined the
Rebekah lodge last night.

NARROW GAUGE.

The Lectures.

Prof. A. S. Johnson commenced a series
of lectures at the Opera House on Monday
night on the reign of law, illustrating his
remarks by several paintings from the hand
of that master artist, J. F. Whiting. We
found the lecture very interesting, full of
original ideas and facts, gathered by the
professor during ten years of study and
research. He asserted that China, from
being the greatest nation on earth, had
fallen from her first estate and was now
rapidly and surely on the decline, and it
was not possible for Christian nations to
lift her up. His argument on this point
will not fail to attract attention in the
Eastern States, whither the Professor in-
tends lecturing during the coming season.
We were sorry to see so small an audi-
ence on Monday night, as the lecturer and
subject deserved better of the public.

Commencement Exercises.

Commencement exercises at the Agri-
cultural College, Corvallis, will commence
on the 23d and continue to the 26th. The
public are invited to be present, especially

21st-to-day.

ray will be preached at St. Peter's school
house next Sunday at 11 A. M., by Rev. J.
Boverton.

a car load of the celebrated Bain wagon,
direct from the factory, with all the latest
improvements, to which he invites the at-
tention of those who want a good sub-
stantial wagon. See ad.

Church will give a Sociable on Friday

Thomas Montell, Esq. The ladies are

lectures by Prof. A. L. Johnson, have
been postponed to Monday and Tuesday
evenings, May 24th and 25th, at the Court
House. Admission free. All are cordially
invited.

"Marriage and its duties," will be the
theme of discourse at the M. E. Church
Sunday evening. Song service will begin

tended to all.

At a meeting of the Grand Encampment,

for the ensuing year: W. S. Newbury,
Grand Patriarch; I. W. Case, Grand High
Priest; E. L. Bristol, G. S. W.; J. M.

The Peoria Republican Club.

The Peoria Republican Club was ad-
dressed on Wednesday night by Judges H.
H. Hewitt and C. E. Wolverson, in stir-
ring speeches. There was a large and en-
thusiastic audience present, and we are

tled for the entire ticket, without a scratch.

Hon. J. B. McCoy is President of the

Brownsville and Seaside circuits M. E.
Church, will unite in holding a campmeet-
ing at Roberts' bridge, commencing June
17th, 1880, and to continue over two Sun-
days. A cordial invitation is extended to
all Christian workers to be present and
aid in the spread of the gospel.

Directors Elected.

At a meeting of the stockholders of the
A. F. Co. in this city on Tuesday, the
following gentlemen were elected Direc-
tors for the ensuing year: M. H. Wilder,
Dave Smith, Alf. Blevins, G. F. Crow-
ford, R. Smith, A. B. Powell and J. B.
Roberts. The Directors meet Tuesday,
June 1st, 1880, to elect officers.

A New Cooking Utensil.

Mr. John Briggs has invented a new
bakeoven that will come very handy to
have in the house, and is cheap. As it
entirely covers the children or other meat to
be cooked, all the natural juices will be
preserved. It also makes an excellent and
economical coffee roaster, and can be used
in many other ways. Call and see it, and
you'll be delighted with it.

The S. S. Excursion.

In response to the inquiry whether the
steamer McCully would be ready to take
the excursionists from here to Salem next
Saturday, Capt. Heston writes, under date
of 18th inst., as follows: "The ship is
getting along so slowly with the repair-
ing that I do not think there is a possibility
of our getting the steamer out as soon as
you mention. Will let you know just as
soon as I can promise you definitely."

German Aid Society Meeting.

Albany German Aid Society gives its
second annual picnic on Monday, May 23d,
1880. No people in the world hope more
thoroughly understand the art of complete en-
joyment than our German fellow-citizens,
and none enter into all those exercises and
sports calculated to give elasticity to the
body and strength to the muscles with more
real zest. None understand more fully
the demand for these breathing spells. We
were, here and there in the journey of
life, when and where all business cares
are laid aside for the moment, and the
whole man enters into the enjoyment of
the hour, regardless of all else but the
fact that it is the time and occasion for
unfettered joyousness. The coming picnic is
designed to afford all who desire a few
hours in which they may, free from the
trials and strifes of every-day business,
meet and associate together as friends and
neighbors. It will be a grand occasion,
and every body will be there, and nothing
will be left undone by the Committee of
arrangements to contribute to the happi-
ness and comfort of all. For full pro-
gramme see our advertising columns.
