BENSON'S CAPSICUM PLASTER.

Positively the Best. The m'v'rs. were awarded the highest and only medal given rubber plaster, at both the Centennial and Paris Expositions. Widely and favorably known among physicians as a great improvement on the ordinary plaster. Ask any physician in your own locality about it. The value of this plaster is increased ten fold by new and scientific medication. It relieves almost at once and cures where other plasters fail even to relieve. It is without doubt the best remedy ever devised for Lame and Weak Back, Rheumatism, Spinal and Kidney Complaints and all local aches and pains. Avoid imitations. Sold by Druggists. Price 50c. LOCAL MATTERS.

Firemen's Election.

The election on Tuesday passed off quietly, with the following results:
FOR CHIEF ENGINEER.
W. B. Scott.....52
G. W. Humphrey.....46
Scott's majority.....6
FOR ASSISTANT ENGINEER.
D. Rankin.....61
Fred Graf.....37
Rankin's majority.....24

Personal Mention.

Mr. Frank Parton, who returned last week from a tour of several weeks through Eastern Oregon, Idaho and Washington Territories, met a large number of former residents of Linn county, the majority of whom have made themselves comfortable homes and are prospering well in their several localities. At Pendleton he met Dallas Price, Geo. W. Dawson, Mrs. Della Smith, John Natta, Mr. Pennington, Judges Conley and Walker. At Centerville Dr. John Irvine is located and, in partnership with Mr. Cook, one of D. M. Cook's sons, is keeping a drug store. Ben Hervey is running a saddle shop in the town. At Weston, W. T. Spr, located J. K. Morris and wife, Dick Powers and family, Prof. Thomas Taylor, Mr. Bond, a son of ex-Councilman Nathan Bond of this city, Geo. Hays, Sam Tillard and family, Milt. Brown and Billy Denker. At Milton, W. T. Mr. Tower is engaged in butchering. Among others located at Walla Walla, W. T., he saw Mr. Jake Conner, who was engaged in erecting a warehouse for McCally & Son; Charley Frouk, Jack Barcol, George Giles, the latter engaged in milling. At Watsburg, W. T., he met Geo. Cannon, who owns a splendid farm "fight in town." Messrs. James Reed and Geo. W. Settlemyre, with their families, also reside here. At Dayton, W. T., Harry and Clay Kuhn reside; Father Carothers and family, Archimedes Hannon, Dr. Bell, Dave Spangler, Ab Taylor, George Reed, Judge Morgan Baker, George Bartges, William Strong and Mrs. Andy Carothers. At Marengo, W. T., he found our old friend Wadrop in the principal hotel, and postmaster as well. Henry Schleuter is running a mill at this place, which has but lately sprung into existence. Elias Fanning, D. M. Cook, N. Nettie and George Wilson are residing in or near Patasha City, I. T. At Lewiston, I. T., Charles Monteith is engaged in engineering a saw mill; Mr. Evans, a few years ago clerk for Blain, Young & Co., of this city, is County Auditor; John Elder is butchering; James Nelson is at work at his trade. Adrian Comley and John Weiss are also residents of Lewiston. Mrs. Luper is living at Umatilla, and a son of Rev. Mr. Sweeney is agent for the O. S. N. Co., at Wallula. Mr. Parton met many others who formerly resided in Linn, some of whom have been absent a number of years, and in nearly every instance he found them "well fixed" and happy enough.

Brownsville Dates.

BROWNVILLE, Or., June 2d, 1880.
ED. REGISTER.—From all quarters of this section the farmers say the grain is looking unusually well, and the prospects for an abundant harvest was never better. The interest in the Blue Ribbon Club here is still very great, and much good is being done in the cause of temperance by it.

Last Monday the various candidates for county offices paid this place a visit, and had a full house many ladies being in attendance. Of course each party thinks their men did better than others, and of course we are of the same opinion. Each party promises to cut down the salaries of the Sheriff and Clerk, and to make many changes for the benefit of the taxpayers. The speeches were short, and generally well received by the large audience; of course Capt. Humphrey took down the house, and Mr. Baum's remarks were received with storms of applause. The Cornet Band of this city regaled the occasion with music, and certainly done themselves great credit. In the evening the Rand gave Messrs. Baum and Mason each a serenade, and this wound up the day. We never saw as much interest in an election before in this county as was manifested here this week.

The various mills and factories here are now all running on full time. Mr. Geo. Gross is doing some good work on our roads, and fixing up the bridge in good shape. Mr. Willson is about the same as last week, but Dr. Starr is improving, and we hope to soon see him out again.

There is a little talk of building a town hall here by a joint stock company. Mr. Willig, our city taxer, has removed into the store formerly used as millinery store, in the factory block, and is now well fixed in life.

Last Sunday a very large crowd attended the Sunday Schools here, as it was the centennial anniversary of the founding of the first Sunday School. Addresses and music were very interesting on this occasion.

The railroad booth is of course full here, and we all feel in good cheer in consequence. Many are already making applications on important changes in town and country matters where the road comes, and some are of the opinion that this city will stand a good show to get the Court House either of this or a new county. However, time will tell.
NARROW GADGE.

News.

In this city, May 30, 1880, to the wife of Mr. Matt. Ballard, a daughter—
POUNDS.

A worthy center.

On the 1st instant the Directors elect of the A. F. Co., met at the office of the Company in this city and elected H. W. Wilds, President; and D. Mansfield, Secretary. This makes the eighth time Mr. Mansfield has been elected to the office, showing the high estimation in which he is held by the stockholders in the Company. He is not only a correct and competent bookkeeper, but a most accommodating, trust-worthy and honest officer, who possesses the confidence and respect of all who know him.

Paragvianists.

Health reported good throughout the country. Splendid growing weather during the week. M. E. Sunday School excursion on the 8th. Campmeeting time is rapidly approaching.

Good advice and better satisfaction is found in every bottle of Pfunder's Oregon Blood Purifier, a purely vegetable compound known to be the best blood cleanser. Ballard, Ison & Co. make the best Family Flour. A large number of our firemen and their friends went to Salem yesterday to aid the fire boys there in housing their engines. The picnic given by the German Aid Society of this city was largely attended, and all were made welcome. It was the jolliest and most sociable occasion of the season. Our German friends thoroughly understand the art of sociability and genuine enjoyment—and don't you forget it.

Ballard, Ison & Co. grind wheat into flour for toll for all who come. Election next Monday—let every Republican be at the polls. Rube Saltmarsh received the first wooden bowl made at the new factory at Lebanon. The wire works is crowded with orders, and Brush & Co. are compelled to work early and late to keep up with the demand for wire cloth.

That new invoice of shoes, boots and slippers, just received by L. E. Blain, are worthy the attention of those desiring to wear well made, easy fitting and fashionable goods. Haffenden's are on top in the grocery and provision line. Mrs. Parrish continues to receive new and late style goods. Her immense sales makes this necessary. "Retirees" from the canvass in Benton assures us of a complete victory for the Republican ticket.

The Statesman says the religious Col. Bradshaw, Democratic candidate for prosecuting attorney for this district, did not speak at Independence, was that Mr. Graves, of Salem, was after him to collect an old board bill. The Col. scooted for his home in Yamhill, leaving Judge Piper to do all the speaking. The Col. can't make a speech, he's an inferior lawyer, and his "face" would hang him before any jury in Oregon.

A young lady states that several bottles of Pfunder's Oregon Blood Purifier have done her more good than all other medicines taken during several years. Enoch Sloan is busy at work on the timbers for the bridge over Lake creek. A new insurance company has come to town, and is represented by J. Gradwohl. At the glass-ball shooting at the picnic on Monday pretty good shooting was done.

Get out your linen dusters. That "switzer" at Haffenden's is fast disappearing—it's first class. Pay your dog tax or lose your dog. The firemen's election on Tuesday was a most exciting affair. Quite a number of women voted. The water for the mains is to be taken out of the Canal at the falls, and brought through wooden boxes to the works. The Ladies' Industrial Society meets next Tuesday at Mrs. W. R. Cannon's. Mrs. Jas. H. Foster is rapidly recovering from a severe illness. One day last week near Seio, a very foils killed seven cayote pups—a fair day's work.

On Tuesday evening Safety Lodge No. 13, A. O. U. W., elected the following officers: R. J. Graham, M. W.; P. C. Harper, G. F.; E. A. Parker, O. N. Baum, Rec.; P. Cohen, F.; L. Klittie, Receiver; Joe Webber, G.; E. D. Sloan, I. W.; Milt Houston, O. W. Chas. Burkhardt buried his little daughter on Wednesday at the Albany Cemetery, bringing the body from Independence, Charley's present home.

At the election on Tuesday W. B. Scott, of Linn Engine Co. No. 2, was elected Chief, and Duncan Rankin, of Albany Engine Co. No. 1, was elected Assistant Engineer of the Albany Fire Department. During the evening both were seranaded by the Brass Band. Mrs. E. Coats and son, of Eastern Portland, are visiting friends in the city.

Franklin Prealy, who has been a resident of Linn county the past sixteen years, starts for the bunch grass country in a few days, where he will take up his residence. Prosperity attend him. Mrs. D. F. Smith will give dramatic readings at the Opera House this (Friday) evening. The Portland papers speak in the most flattering terms of Mrs. Smith's elocutionary powers.

It is next to impossible to get a man to converse on any other than political topics this week. The coming elections absorb everything else, still Haffenden's sell the best groceries at the lowest rates. The M. E. Sunday School excursion from this city to Salem is now arranged to come off on next Tuesday, June 8th, and as the election excitement will be over then, we can all go.

We have tested one of the new bake-ovens built by Mr. Briggs, and we pronounce it perfectly splendid. It's cheap, too, and every housekeeper wants one. The census enumerators are busy, having commenced work on Tuesday.

PHETONS,

Best Material, Good Workmanship, Handsome Styles, Strong & Durable Vehicles in Every Respect.

10,000 CARRIAGES

MANUFACTURED BY EMERSON, FISHER & CO., AND NOW IN USE IN EVERY PART OF THE AMERICAN CONTINENT.

They give unshakable satisfaction. All their work is warranted. They have received testimonials from all parts of the country of purport similar to the following, hundreds of which are on file subject to inspection.
Messrs. Emerson, Fisher & Co.: GALVA, Ill., July 16, 1879. I have used one of your Top Buggies three years, and three of them two years in my liver table, and they have given me perfect satisfaction and are in constant use. OSCAR STALLEY.
Messrs. Emerson, Fisher & Co.: NEWBERRY, S. C., July 17, 1879. Dear Sir:—I had been using the Emerson & Fisher Buggy I bought from you as roughly, I suppose, as any buggy. I had a fast horse, drove him at full speed, coasted him with two, his dress and myself in a hurry, and it is a day worth all the money I paid for it. I say the Emerson & Fisher Buggy is the best.
The favorable reputation the Carriages have made in localities where they have been used for several years by Livermen, Physicians, and others requiring hard and constant use, has led to an increased demand from those localities, for more which the manufacturing facilities of their mammoth establishment have been extended, enabling them now to turn out as good style.
