Brownsville Letter.

BROWNVILLE ON THE CALIFORNIA, October 20, 1880.

TO THE EDITOR OF REGISTER.—This weather reminds me of the Indian Situmors in Wisconsin or Iowa, and everybody is improving the time by doing plenty of out door work. The city hall is nearly enclosed, and the new drug store is well underway. The machinery in the warehouse is nearly in place, but there seems to be some trouble in getting water sufficient for making steam. Apples are coming into town quite plenty. Mr. Jas. Liggett arrived home yesterday, having finished grading on the railroad and most of the lands are being discharged, as all the heavy grading is done, and tracklaying is now progressing rapidly, and the bridge on the north Santiam is finished and the other on the South Santiam is getting along finely. An old resident here, Mr. Wm. B. Smith, was married last Sunday evening to Mrs. Dean, and on Monday night, the air in the northern part of our city was fairly filled with the delightful sound of tin cans, cow-bells, etc., etc., but the latter part of the evening the Brass Band gave them a serenade. As Mr. S. had a call from three different crowds that evening he probably came to the conclusion that getting married was too expensive a matter to follow up every day in the week. Mr. Vennor and wife have gone to Portland this week. Ex-Gov. Gibbs made the first Republican speech here last Saturday night to a full house. The Glee Club from Halsey was in attendance and gave us some fine vocal music, and when they sang the song saying "We'll bet our money on the Garfield boys, who dare bet on the gray?" etc., they did it with such natural earnestness that it seemed to strike a chill to the hearts of the many Democrats present. The Band escorted the Governor to the hall, and he was also saluted by the firing of anvils, and after the speech three rousing cheers were given for Garfield and Arthur. The meeting was managed by the Garfield Club of this city, and the program was good. Mr. Gibbs gave us a very fair, candid speech, which will I think do much good in the cause here this fall. There was an absence of mud throwing and abuse against the opposite party and candidates quite in contrast with the Democratic speeches here not long ago. The glorious news from Ohio and Indiana last week has had a very depressing effect on the Democracy here, although of course it won't do to give up, even if they see their case is hopeless. Mr. Hausman's team ran away last week while they were being hitched up, and one of the horses ran into a lumber pile and killed himself. The land in the vicinity of the warehouse has been laid off into lots by the R. R. Co., and if this fine weather holds probably some building will be done in that section this fall.

Uncle Jerry Driggs Dead.

A report reached here yesterday of the sudden death of Uncle Jerry Driggs, at Seattle, W. T., a few days since. The report was that Mr. Driggs had been out on Casual Fork either prospecting or to examine the new hole recently discovered there, and returned home very much fatigued. He went into the garden taking a basket with him to procure some vegetables. Not returning soon as expected, some one went to look after him. The basket was found in the garden, and further search found him in the barn lying prone upon the floor dead. Heart disease was the cause of his sudden death. Uncle Jerry was seventy-two years old, we are informed, and was a large, healthy, robust looking gentleman. He was straightforward and honest in all his dealings, and had accumulated quite a property by industry and frugality. He was universally respected and leaves a large circle of relatives and friends in Linn county who will bear with sorrow of his sudden death.

Run Off the Grade.

Mr. Mullen, our enterprising Singer Sewing Machine Co.'s agent, while out canvassing last week, met with a misfortune that ends near ending his usefulness along the road between Pioneer and Elk dikes on Yaquina river, by the way a rough road, when his team, as he says, through pure carelessness, ran off the grade, and horse, back, sewing machines and Mullen went down the mountain a distance of over one hundred feet, the team rolling over Mullen three times before landing in the river. Strange to say, the team was unhurt and Mullen only slightly bruised, but the back was smashed into kindling wood and the Singers will sing no more.

A Dreadful Accident—The Balance-wheel of a Wood-sawing Apparatus Bursts and Crushes the Arm of the Sawyer.

Early on Wednesday morning last a sad accident happened to Mr. E. L. Bryan, by which he loses his left arm and had a close call for his life. He was engaged with a horse-power wood saw in cutting wood at Mr. McIlwain's residence, when the balance wheel, made of cast iron, suddenly burst into fragments, the pieces flying in every direction with great force, several pieces striking him on the left arm, cutting, bruising and mangling it terribly, other pieces striking him about the head with such force as to erase him for the time being. The sufferer was taken to Dr. Alexander's office on First street, and after examination it was found necessary to amputate the left arm just above the elbow, which was immediately done. Dr. Alexander being aided by Drs. J. L. Hill and Davis. The patient was quite weak from the great loss of blood, but it is hoped he will get along all right. Mr. Bryan lives on the farm adjoining George Luper, near Tangent, and is probably 45 years of age, and he has the fullest sympathy of the entire community in his affliction.

Parties here now writing to Washington from time to time, charging that the Albany Lebanon & Santiam Wagon Road was a fraud in this, that the Gov. had obtained a large grant of land from the Government for nothing, having built no road, through the mountains, Col. Prosser was sent out to Oregon and directed to go over the road if there was one, and see whether there was truth in these reiterated charges. In September Col. Prosser, accompanied by Jason Wheeler, Esq., started over the road from this city in a two-seated hack, and proceeded to make an examination of it to the eastern terminus, Malheur Lake. The trip occupied twenty-six days. They found, as Col. Prosser expressed himself, a good mountain road all the way, and the Col. spoke most emphatically of the parties who had wantonly misrepresented the facts in the case. Mr. Wheeler informs us that this end of the road is in fine condition, but that at the other extreme end some work should be done to bring the road up to what it is intended it shall be—a good mountain wagon road. They bring a good report of the condition of the settlers along the road; all are doing well. A short distance this side of Harney Valley potatoes were produced that weighed 2 1/2 pound each, and vegetables generally produce well. A nine-acre field of oats produced this season 600 bushels. Harney Valley is about sixty miles long by thirty wide, and is as level as this valley. The ground is rich and productive, and will sustain a very large population. The principal interest in that country however, is stock raising, which, in the last few years, has grown to be of immense magnitude. The Yaquina Bay & Boise City railway will pass clear through that country, which will at no distant day be teeming with population. Speed the railway.

We Can't Talk

Without showing the condition of our teeth—very laugh exposes them. In order not to be ashamed of them, let us use that standard dentifrice, SOZODON T, which is sure to keep them white and spotless. No tartar can encrust them, no canker affect the enamel, no specks of decay infect the dental bone, if SOZODON T is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations and restores the gums hard and rosy. O

List of Letters.

Uncalled for and remaining in the Post office in this city for the week ending Oct. 21, 1880: Armstrong, Clas Smith, Mrs Lucinda Bishop, O. S. Leonard, H. Churchill, Dr H J 7 Ward, T B Wright, S. H. Walton, A. Kiefer, Allen Walton, J H Rodgers, Helen Wood, W W Smith, A. P. H. RAYMOND, P. M.

Religious.

Rev. Joseph Emery, of Corvallis, will preach at St. Paul's M. E. Church South on Sunday next at 11 o'clock A. M. All are invited to be present.

The Ladies should see those Broadhead Alpaca's at S. E. Young's, as well as the extensive variety of dress goods, trimmings, etc., while the gentleman are invited to inspect his new stock of saddle-sewn boots, clothing and furnishing goods generally. See new ads this morning.

Col. Nesmith is to speak for the Democracy in this city to-morrow afternoon. Nez. does not extend a general invitation to the ladies to come out and hear him.

Married.

October 21, 1880, by E. D. Haven, J. P., at his office in this city, Mr. William Sprin, of Brownsville, and Miss Sarah Curtin, of Clackamas county, Oregon.

Rumor has it that Dr. T. W. Harris, of Eugene City, is making arrangements to move back to this city. The Dr. has numerous friends here that will be pleased if the rumor proves true.

It Pays to Insure.

Business men make the matter of insuring their goods and property of the first importance, as no man can tell the day nor the hour in which his property may be damaged or entirely destroyed by fire even though he may exercise the greatest care and watchfulness. Our farmers are pretty generally making assurance doubly secure by insuring their grain after plowing it in the warehouses. This is wise and safe, and should be followed by all. Insure your grain, houses, barns, or goods of any kind in a sound company, and you can sleep soundly. Among the soundest insurance companies doing business in Oregon, none can be more highly recommended than the Connecticut and the German-American. It is a noteworthy fact that both the above companies paid every dollar of their losses in the great Chicago and Boston fires, a fact which speaks loudly in their favor. The instructions to agents in every case is to find out the amount of any loss by fire in which they are interested, and pay it to the last farthing. These are the companies in which to insure. Mr. Julius Gradwohl is the accommodating agent for both companies in this city, to whom all should apply who desire to insure in safe companies.

Have just received a large invoice of gold and silver watches and jewelry of the latest designs. Also have for sale the New Home sewing machine, non-stitched since the expiration of patents on sewing machines, and combines the good qualities of leading machines. Call and see.

At His New Shop.

FRED WILLET is now established in his new two-story wagon and blacksmith shop, on Second street opposite S. E. Young's warehouse, where he is prepared to do all kinds of blacksmithing, repairing of hacks, wagons, etc. He also has on hand, and will continue to manufacture, hacks and buggies, which will be sold at the lowest possible figures on reasonable terms. 3512123

Paragranites.

Spectacles to suit everybody at French's. We are under special obligations to Mrs. Elkins for a basket of lucious pears. Mrs. Pardom has been dangerously ill, but was better yesterday. Choice Tokay grapes at Haffenden's. Mrs. Lib Story and Miss Alma Story came down from Roseburg last week, returning to their home in Portland on Saturday, we believe. W. S. Peters, Wells, Fargo & Co.'s agent at this city, is the most accommodating and gentlemanly of agents. C. W. Osburn is the new candy man, on First street; red hot candy daily. Full assortment of watches, clocks and jewelry, at remarkably low prices, at French's. Mr. Isaac McClung and family have moved in from the farm for the winter. Mrs. Dr. Reed has secured a residence and will soon move to this city, where she will practice her profession. Choice candies at Haffenden's. They have just received a lot of delicious opera caramels. Rev. Mr. Stevens has bought Mr. Chapman's residence at head of Ferry street, where he will move his family. Mr. Chapman and family propose going to Seattle, W. T., we believe. Miss Minnie Allison went to Portland last Saturday. Weber pianos, E-stey organs, at Allen's new music store. The women suffragists of the State were to have held a grand justification meeting at Salem last night, and we suppose they had a grand good time. "Bah." Mr. Allen has opened his new music store below Broadhead's street. Preparations on a grand scale are to be made by the Garfield and Arthur Club of this city for the blow-out on Monday night, November 1st. It will include fireworks, torchlight, speeches, etc. Republicans generally are invited to come. Misses Myra and Annie Mansfield were in attendance at the Portland Fair during the week. Father Faveland was buried from the Methodist church on Monday. A number of Republicans went from this city on Tuesday to Portland, to attend the grand ratification meeting held in that city on that evening.

About thirty Republican voters attended and took part in the Republican torchlight procession, at Corvallis, on Saturday night last.

School books, stationery and school supplies cheaper at Wiley B. Allen's new Book and Music Store than anywhere else in Albany. Choices green and roast' coffee at Haffenden Bros, and don't forget their own brand of tea—every one likes it, get some. Young Draper lectured the Hancock Club Monday night. This second effort was not very well appreciated. The Ladies' Cornet Band went to Salem yesterday, to play at the Women Suffragist celebration. J. B. Irvine has purchased the Brownsville Hotel. The narrow gauge railroad bridge across the Santiam was completed a few days ago. A team belonging to Mr. Hansman, of Brownsville, ran away last week, one of the animals getting killed. Ex-Gov. Gibbs made an excellent speech here Thursday night of last week. Many

thought it the best of the canvass—it certainly was excellent, and effected good.

The Halsey Glee Club is a way up institution, and is winning golden opinions in its efforts to render excellent Republican music. Call at E. Saltmarsh's City Drug store, and examine the new stock of lamps. Messrs. Ziss & Hochstetler have done a good job of work on the Sanders & Steinburg brick. The very finest cheese at Haffenden's. Geo. Buckland now runs the best dog. It looks gay in new paint. Stand in on George. The Mechanics' Band go to Lebanon this evening. Rousing good time expected. Preparations for a good time have been made by the Republicans of Halsey for this evening. James K. Weatherford, Esq., has purchased the two houses on Third street, below Montgomery, and his family now occupies one of them. The exercises at the Blue Ribbon Club last Friday night were very interesting, attracting a large audience. Four miles and a half is a long way to go for watermelons, but it's no walk out all when you want to go shopping. The young man, Nathan Eaton, assistant postmaster at Spanish Hollow Wasco county, arrested on charge of robbing the mails on Saturday last, acknowledges the crime. He will be tried in the U. S. district court. The father of the young man offered to make the amount stolen, some \$850, good. Papers and magazines at Allen's new Book and Music Store. Harbinger & Guetz keep an excellent assortment of meats at Albany Market. By the way they have a beautiful sign—have you seen it? G. W. Graham has received some magnificent cloth for men or boy's suits, and he proposes to turn out a neat fitting, well made fashionable suit at a less figure as you can buy a similar suit already made. How much more comfort is there in a suit made to fit, than one that hangs on the body here and there. Go to Graham and hereafter dress so as to look and feel well. Heavy fogs prevail—the coldest, rawest weather we have in the valley. These fogs penetrate to the bone and marrow, and you cannot, apparently, get clothing enough on your person to keep warm any great distance. The Democrats had a speechmaking Wednesday night. No torchlight or music, and thin attendance. The apple crop seems to be a little short this season. Go to Peters & Sox hardware store for fancy iron fenderport brackets—very handsome, cheap and durable. Indian Pete died within the corporate limits of the city and was buried by the city Marshal on Wednesday. Too much trouble for him off. He was about 40 years old. A great variety of grass seeds at Haffenden Bros. They have a lot of the famous Mesquite grass seed on hand. Pens, ink, writing paper and blank books, at reduced prices, at Wiley B. Allen's new Book and Music Store. Wallace Nash, Esq., made us a brief call yesterday. New lines of boots and shoes at L. E. Blain's. Fashionable and durable furniture at F. M. Dannan's. If you want overalls go to Blain's; he has just received a very large stock. The glass ball shooting match between the Albany and Corvallis teams came off at or near Corvallis yesterday. Circuit Court meets next Monday. Judge Boise will preside. Mrs. Peter Abbey, of Newport, returned home yesterday, after several days spent in this city visiting. Those oatmeal biscuits at Haffenden Bros. are just splendid. The bridge of the narrow gauge railroad across the north Santiam, is 1200 feet in its entire length; that across the South Santiam is 1480 feet. This road takes 2840 lbs per mile. The rails are 3 feet apart and the engines are 18 tons weight. The track is to reach Selo the 24th inst.

The Edison Electric Light

has thus far proved a failure as a practical light for family use, and the owners of gas stocks breathe more freely and see renewed dividends near at hand, but the Oregon Kinley Tea has been a success from the first, paying large dividends of restored health to all those afflicted with backache or any disease of the kidneys or urinary organs, and carrying consternation to the pockets of rival concerns with worthless nostrums to sell. Ask for the Oregon Kidney Tea and take nothing else.
