Council Proceedings.

Council met on Tuesday evening. All present.

Minutes of last meeting read and approved.

The Committee on Accounts and Current Expenses reporting favorably on all bills referred to last meeting, they were ordered paid.

The same committee reported favorably on the report of the City Treasurer, and it was ordered placed on file.

Committee on Streets and Public Property, in the matter of the old sewer on Broad-

albin street, reported recommending that two new sections of sixteen feet each be laid on the old sewer, so as to convey the water running through it out into the river and dump it, as is not to interfere with Mrs. Chadler's factory on the bank; the expense of said work to be assessed to the proper parties. The report was adopted, and the Marshal ordered to proceed with the work in accordance with the recommendation of the committee.

The petition of A. J. Hunt asking the Council to declare Robert Myers a common drunkard, was referred to committee on Ordinances, to report an ordinance in compliance with the petition at the next meeting.

The petition sets forth that Robert Myers is a confirmed drunkard, and the authorities find it impossible to keep him within bounds, or prevent him from annoying the general public and creating disturbance at both political and religious meetings.

The matter of the continued washing away of the bank at foot of Broadalbin street, was referred to committee of the whole, to report at next meeting.

On motion George Patterson was selected to fill the vacancy caused by the resignation of Councilman Rice, and the Recorder directed to notify him of his election.

Premature Explosion—Four Young Men Injured.

On Tuesday night about ten o'clock, four young men, all of them under twenty years of age, were severely powder-burnt by the premature explosion of an article, which was being used in lieu of other ordnance on the occasion of the Republican torchlight procession and speech at Halsey.

The injured parties were named respectively Alex. Braun, George Bassett, Isaac M. Blinn and C. McVoy. As we are informed, the accident happened in this case, McVoy, who had been loading the article, was in the act of pouring the powder from the flask into the barrel, when the man who was in charge of the real load in "touching it off," supposing the "gun" ready for business, approached too close with his pistol, and a few grains of powder fell on the iron and was ignited, setting fire to the stream of powder pouring from the flask, blowing the whole business all to flinders, burning young McVoy about the head, face and body so severely that it is feared he will not recover, and injuring the other three parties mentioned more or less severely. It was an unfortunate accident, and the sufferers have our hearty sympathy in their distress, and the hope that the matter may not prove as serious as reported.

Ereodoliphan Society.

An entertainment, under the auspices of the young ladies of the Ereodoliphan Society will be given at the College chapel, on Tuesday evening, November 30th, 1880.

Upon invitation, some of the best talent of Albany have consented to assist with musical acts, declamations and recitations. A full programme will be published next week. The object of the entertainment is to procure funds to assist in paying for the new desks soon to be placed in the College rooms. An admission of 50 cents will be charged.

New Paper.

We have received the first number of the *Borellie*, published by M. H. Abbott & Sons, at Baker City. It is to be an independent paper, with a slight Democratic leaning, we suppose. It is a neatly printed sheet, and is well written up. It is a seven column sheet, sent to subscribers for \$4 per annum. Mr. Abbott is an old printer and as he understands himself will doubtless make it pay. It he don't he'll move where it will—and don't you forget it.

Blue Ribbon Club.

The Blue Ribbon Club this evening will be of unusual interest. A good speaker has been secured, and a full orchestra will be present to entertain the meeting with several pieces of excellent music. Members are especially requested to be present as business of importance must be attended to. Meeting will begin promptly at 7:30 o'clock.

Card of Thanks.

We wish to express our gratitude to all friends for their sympathy and willing help in our late accident. We tender special thanks to officers and members of the K. of P. for favors—may Providence keep you from such accidents is the fervent wish of

JOHN GEISENDORFER AND FAMILY.

An Agreeable Surprise.

Thursday being the fifty-seventh birthday of Rev. Isaac Dillon, D. D., pastor of the M. E. Church of this city, a large number of the members of the church and friends gathered at the parsonage in the evening, and gave the worthy gentleman and family an old-fashioned surprise. We leave only space to say that the occasion was most pleasant to Dr. Dillon and family and all in attendance. Long may our Dr. Dillon and his estimable family live in the sunshine of plenty, and be blessed with that peace that is given to the pure in heart.

Women's Suffrage.

Even the women are not all agreed in wanting the ballot, and it is an open question whether, if submitted to a vote of women alone, they would decide in favor of undertaking to discharge the grave duties and responsibilities of electors. But if the women of Oregon and Washington were called upon to vote for the best and most efficient remedy for lame backs and all diseases of the kidneys and urinary organs, the vote would be unanimous for the Oregon Kidney Tea, which is sold everywhere.
