Linn County Teachers' Institute.

The following arrangements have been made for the Semi-Annual Meeting of the Linn County Teachers' Institute, to be held

Orthography and Orthoepy, N. Hendryx; English Grammar, Prof. Flinn; Elecution, P. M. Martin; Penmanship, J. C. Arnold; Arithmetic, W. H. Amidon; Algebra, M. W. Mack; Geography, D. M. Cooper; Reading, A. J. Olin; School Government, D. A. Mechanics, Inventors and Manufacturers,

Essays are promised by A. M. Brock and W. Winning. Rev. J. B. Calloway and P. M. Martin will deliver appropriate lectures. Arrangements will be made to accommo-

an interesting time. All who take an interest in the progress of education and the general diffusion of knowledge, are respectfully invited to attend. J. V. CRAWFORD,

D. McMICHAEL,

C. A. FERGUSON. LYCEUM .- We notice that, in some of our neighboring towns, Lyceums are in full and successful operation. Why cannot the citizens of Albany also have a Lyceum? It cannot be said, with truth, that there is not read. talent sufficient here to carry it on successfully. Let us have one. Everybody is convinced of the utility and good effects of well conducted Lyceum. It would, therefore, he a useless waste of time for us to write a labored article in favor of Lyceums. Let us have one immediately. The evenings now are long, and one each week might be used for such a purpose with great advantage to all who might participate, either as audit-

ers or actors. Since the above was in type, we have been consulted upon the same subject by several citizens, and have been requested to name next Thursday evening (13th inst.), tions. Inventors who may have such business to and the Albany school house, as a time and transact can receive, free, all needful advice how place of holding a meeting to take into to proceed. consideration the organization of such an institution. We trust there will be a good attendance of all those interested in such an enterprise.

DOUTHIT'S GANG-PLOW .- We have had the pleasure of inspecting the model of a gang-plow-the invention of J. H. Douthit, Esq., living about twelve miles southeast of Albany, in Linn county-and for which a patent has been granted. Although we have seen several gang-plows at work, on sundry occasions, we yet do not profess to be a very empetent judge as to their relative merits; but that the gang-plow of which Mr. Douthit is the inventor possesses many excellent points over others, is evident to the most casual observer. Mr. D. informs us that he has had one in use on his farm during the two last seasons, and that it works admirably .-He is now negotiating with certain parties for their manufacture. There is nothing to prevent having them manufactured in Albany. We have the shops, and the foundry, and the workmen. The only fear we have is that they cannot compete successfully with the Portland foundries.

CITY ELECTION .- The Albany city election for city officers came off last Monday, and resulted in electing the Radical ticket by majorities ranging from six to thirteen .-Some of our friends were quite certain we would be victorious. We hoped we would be; but did not believe it, because Albany has been the stronghold of Radicalism in Linn county. We are well satisfied with the HERTY'S Medical and Surgical Institute is beresult, considering the circumstances. We and health of our citizens; and his rapidly spreadhad intended, in case the Democracy were ing reputation, although it may excite surprise, is successful, to parade our rooster; but as it effect of such a cause. We believe they design spending two or three months in that city. We trust they may have a pleasant and safe journey thitherward, and that in due time they may be returned to their friends in Albany.

Berefula and Berefulous Disea From Emery Edet, a well-known merchant of Os-ford, Maine,
"I have sold large quantities of your Sansara-RILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took cers, Sores, and all Diseases of the Skin.

From Rev. Robf. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparilla. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were thable to cure until we tried your Sarsaparilla. She has been well for some months."

been well for some months."

From Mrs. Jane E. Rice, a well-known and muckexteemed lady of Dennisrille, Cape May Co., N. J.

"My daughter has suffered for a year past with a
serofulous eruption, which was very troublesome.
Nothing afforded any relief until we thed your
BARSAPARILLA, which soon completely cured her."
From Charles P. Gage, Esq., of the widey-known
Gage, Murray & Co., manufacturers of manufled
papers in Nashua, N. H.

"I had for several years a very troublesome
humor in my face, which grew constantly worse
until it disfigured my features and became an intolerable affliction. I tried almost every thing a man
could of both savice and medicine, but without any
relief whatever, until I took your Sarsaparilla.
It immediately made my face worse, as you told me
it might for a time; but in a few works the new
skin began to form under the blotches, and continued until my face is as smooth as any body's,
and I am without any symptoms of the disease that
I know of. I cajoy perfect health, and without a
doubt owe it to your Sarsaparilla."

Erystpelas—General Dobility—Purify the

Erysipelas - General Dobility - Purify the Blood. From Dr. Robt. Sancia, Houston St., New York,

"DR. ATER. I seldom fail to remove Eruptions and Scroplous Sores by the persevering use of your Sarsaparallia, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcerawere so had that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

ment.
"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. From Harvey Siekler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

© Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his even for some days. A skilful physician applied his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any spparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsapanilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease, From Dr. Hiram Stoat, of St. Louis, Missouri.

"I find your Sarsapanilla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have." From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more containing of success, where a newerploy with more certainty of success, where a powerful alterative is required,"

Mr. Chas. S. Van Liene, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him. Leucorrhos, Whites, Female Weakness, are generally produced by internal Scrafulous Ut-ceration, and are very often cured by the alterative effect of this Sarsaparalla. Some cases require, however, in aid of the Sarsaparilla, the skilful application of local remedies.

From the well-known and widely-celebrated Dr.
Jacob Morrill, of Cincinnati.

"I have found your Sarsaparilla an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her "My daughter and myself have been cured of a very debilitating Leucorrhea of long standing, by two bottles of your SARSAPARILLA." Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA. AYER'S CATHARTIC PILLS possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done Prepared by J.
