WILL TRY IT A WHILE LONGER.—Notwithstanding the terrible onslaught made by the Albany Democrat upon the People's Transportation Company, we learn that their boats will continue to run regularly during the winter.

We have never for a moment supposed that the boats of the P. T. Company would quit running in consequence of the "terrible onslaughts" made by us upon them. We would not have them quit running. There is produce up here awaiting shipment by them or somebody else; and we had as lief the P. T. Company would take it as anybody, all other things being equal.

Nor do we expect they will abate one jot or tittle of their prices until an opposition line shall be in successful operation. Then, to break it down, they will perhaps transport passengers and freight for nothing! As the case now stands they are complete "masters of the situation." The Willamette river and its tributaries are the only outlets for the immense quantities of produce now awaiting shipment in the Willamette Valley. The P. T. Company of course knows this; they know, too, that they have so monopolized everything around the Falls that it will be quite difficult for any other Company successfully to compete with them. Hence they put on all the tariff they think the public will bear—which is one-half to three-fourths of what it should be.

By-the-way, have the P. T. Company promised to pay McPherson anything? If yes, how much? It is probable they have not yet employed him to aid in defending them; and we regret to say they probably will not, for the reason that they undoubtedly regard him as an indifferent advocate. People up this way consider him a good judge of mules; and that his speciality consists in abusing and maltreating poor cripples like the mendicant Cooke, who effects locomotion only by the aid of crutches. Mac is some on crutches—that's so. Every one has his forte, and Mac is death on crutches. But because he is moderately successful in his onslaught on the maimed he should not infer that he can, if he attack us, come off unscathed.

TEMPERANCE BANNER.—We have received the prospectus of the "Temperance Banner," which will be published in Salem on or about the first of next January. This State already has one professedly temperance paper published within her limits—we mean, of course, the Corvallis Gazette. But it is so objectionable on several accounts that we are not sure but it will be enough to try another. The Gazette claims to be the organ of the Good Templars of Oregon, and calls on the Order to support him as such; yet he defends the Radical party about as ably and as fiercely as if he were publishing only a political paper. Our amiable brother is evidently trying to kill two birds with one stone, and to carry water on both shoulders. And the last dodge he has attempted is that of becoming the special champion of the People's Transportation Company—one of the most crushing, grinding and pulverizing monopolies on the coast. We think it high time some one else were selected as the organ of the temperance movement in Oregon. In this light the "Banner" has our best wishes for its success.

THE COLUMBIA PRESS.—This is the title of a new paper just started at Umatilla by Dow & Avery—Democratic in politics. The editors say they have determined to "stand by the old land-marks of Democracy." They say that they believe that every principle of government heretofore advocated by the Democratic party is "as practical and beneficial to-day as it was before the Abolition party had succeeded in creating a civil war." These are good lines.

With Mr. Dow we are personally acquainted. Eight or ten years ago he was a resident of Minnesota—taking quite an active part in the public interests of that young and growing State. For a time he edited a Democratic paper at Hastings. He also served as a member of the Legislature, and in 1857 or '58, he was appointed Register of one of the land offices. Last spring he came to Portland and we set him at work as local editor of the Herald. He has the experience and ability to make a good paper; and we wish the "Press" success.

THE LYCEUM.—The Albany Lyceum is progressing finely. A thorough organization was effected last Thursday evening, by the adoption of a Constitution and By-Laws and the election of permanent officers. After which the question selected at the previous meeting was quite ably and thoroughly discussed and decided in the affirmative. We regret to say that Joel Driggs, Esq., one of the disputants, was prevented from attending by a severe hemorrhage of the lungs. The meetings heretofore will be held in the School House on Friday evenings of each week regularly. The following is the question for discussion next Friday evening: "Are scientific writings more beneficial than injurious?" Affirmative—Morgan, Tate, Joel Driggs, McCuller, S. S. Markham. Negative—Harvey Smith, Hannon, Hill, Sylvester, Arnold. The public generally, and the ladies particularly, are invited to attend.

NEW PROVISION STORE.—H. J. Hillbield & Co., a new firm, have recently established themselves in the store room lately occupied by Mr. Kightlinger. They have a well selected stock of family groceries and provisions; also a large assortment of toys for children. Parents whose children expect that Oris Orange will do something handsome for them, if they behave themselves, would do well to call and examine these toys.

"HANG OUT YOUR BANNER."—Gradwohl, for a long time past an established merchant of this city, flings his banner to the breeze to-day through the columns of the Democrat. He has a general assortment of dry goods, clothing, groceries, and almost everything that a family needs. He sells very reasonable for the "rhino."

COUGH MEDICINES.—"Honley's Royal Balsam"

is claimed to be the "best medicine in the world for bronchial or pulmonary affections." Personally we know nothing about it; therefore cannot recommend it on our knowledge. We do know, however, that Dr. Henley has an enviable reputation as a Cancer Doctor—curing, without fail, everything in the shape of that terrible disease. It is possible that one who can compound medicines which will radically cure cancers, may be able to compound something that will be a dead-shot on coughs; and in this view of the case it may be well to try his "Balsam;" which can be had at the drug store of Sottetmair & Co.

AMUSEMENTS.—We see it announced by hand-bills around town that two entertainments will be given by the "Oregon Theatrical Society," at the Court House, in Albany—the first on Wednesday evening, December 28, 1866, and the second on Tuesday evening, January 1, 1867. The performances will consist of Music, Tableaux Vivants, Dialogues and Theatricals. These entertainments will be given for the benefit of the Albany College. As no more worthy object could be presented, we hope full houses will be in attendance each evening.—Every good citizen should do all he can to encourage the Albany College.

BOUNDED OVER.—Joseph McCarty, a youth of nineteen or twenty summers, was a short time since, so unfortunate as to have a horse belonging to L. Burrows, of this county, run between his legs and carry him off; for which untoward act young McCarty was apprehended by Sheriff Smith, and brought before Judge Geary, who required him to give a bond of \$600 for his appearance at the next Circuit Court. Failing to execute the bond he went to jail. On some inquiring of him if he had any friends, he said no; "and I'll be d—d if I want any!"

SPECIAL NOTICES. Medical Advice.—Dr. Wm. K. DOHERTY, a Medical and Surgical Institute becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of a thing, and follows as the natural effect of such a cause. We are personally acquainted with gentlemen who have suffered for years with chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time has given them entire relief. It is gratifying to announce this fact, because the Doctor is a gentleman who seeks, not by defamation of others, to establish his reputation, or to rear the superstructure of his own upon the ruin of another's fame. The Doctor conducts his Institute in such a manner that must be gratifying to all his patients.—He examines, advises, and recommends without charge, and the patient, after hearing his terms of treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to a cure. Persons afflicted with either acute or chronic disease, would do well to consult him. For consultation he asks no fee, nor does he insist on obedience to his advice unless the patient places himself under his care. His office is on Sacramento street, opposite the Pacific Mail Steamship office.—[S. F. News.]

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distressing, orcid liver, scapular pain, &c., deserve a trial of the celebrated PLANTATION BITTERS, which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect, and must supersede all other tonics where a healthy, gentle stimulant is required. They purify, strengthen and invigorate. They create a healthy appetite. They are an antidote to change of water and diet. They strengthen the system and enliven the mind. They prevent miasmata and intermittent fevers. They purify the blood and acidity of the stomach. They cure Dyspepsia and Constipation. They cure Liver Complaint and Nervous Headache. They make the weak strong, the languid brilliant, and are exhausted nature's grand restorer.—They are composed of the celebrated Calysa bark, wintergreen, saffron, roots and herbs, all preserved in perfectly pure Cl. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. stamp uncut over the cork, with plantation name, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. The demand for Drake's Plantation Bitters, from ladies, clergymen, merchants, &c., is incredible.—The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores. P. H. DRAKE & CO.

It prevents hair turning gray and falling off. It restores hair upon prematurely bald heads. It is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. THOMAS LYON, Chemist, N. Y.

Lyon's Fica Powder. The effect of Lyon's Magnesia Insect Powder is almost instantaneous death to everything of the insect species. Fleas, particularly, cannot live where it is. It is most wonderful in this respect, being entirely harmless to the human family.—Many worthless imitations are offered. Be particular and receive none but Lyon's. Each flask of the genuine bears the signature of E. Lyon and the stamp of DEMAS BARNES & Co.

Mustang Liniment. Have you a hurt horse or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, burns, swellings and caked joints, the Mexican Mustang Liniment is a certain cure. For rheumatism, neuralgia, stiff joints, slings and bites, there is nothing like the Mexican Mustang Liniment. For sprained horses, the poll-evil, ringbone and swellings, the Mexican Mustang Liniment never fails. For wind-galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold. Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made. It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor and should never be dispensed with. "In lifting the kettle from the fire, it tipped over and scalded my hands terribly." The Mustang Liniment extracted the pain, caused the sores to heal rapidly, and left very little scar. CLEAR POSTER, 429 Broad St., Philadelphia. Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless, (sprain) but since the use of the Mustang Liniment, I have sold him for \$150. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distressing, orcid liver, scapular pain, &c., deserve a trial of the celebrated PLANTATION BITTERS, which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect, and must supersede all other tonics where a healthy, gentle stimulant is required. They purify, strengthen and invigorate. They create a healthy appetite. They are an antidote to change of water and diet. They strengthen the system and enliven the mind. They prevent miasmata and intermittent fevers. They purify the blood and acidity of the stomach. They cure Dyspepsia and Constipation. They cure Liver Complaint and Nervous Headache. They make the weak strong, the languid brilliant, and are exhausted nature's grand restorer.—They are composed of the celebrated Calysa bark, wintergreen, saffron, roots and herbs, all preserved in perfectly pure Cl. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. stamp uncut over the cork, with plantation name, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. The demand for Drake's Plantation Bitters, from ladies, clergymen, merchants, &c., is incredible.—The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores. P. H. DRAKE & CO.
