infection which we

call SCROFULA lurks

multitudes of men. It

either produces or is

produced by an en-

feebled, vitiated state

of the blood, wherein

that fluid becomes in-

YERS competent to sustain

GREGIETH the vital forces in their

vigorous action, and leaves the system to fall into disorder and

decay. The scrofulous contamination is va-

riously caused by mercurial disease, low

living, disordered digestion from unhealthy food, impure air, filth and filthy habits,

the depressing vices, and, above all, by

origin, it is hereditary in the constitution,

descending "from parents to children unto the third and fourth generation;" indeed, it

seems to be the rod of Him who says, "I will

visit the iniquities of the fathers upon their

children." The diseases it originates taka

various names, according to the organs it

attacks. In the lungs, Scrofula produces

tubercles, and finally Consumption; in the glands, swellings which suppurate and be-

come ulcerous sores; in the stomach and

bowels, derangements which produce indi-

gestion, dyspepsia, and liver complaints; on

the skin, eruptive and cutaneous affections. These, all having the same origin, require the

same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and

these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

healthy, you cannot have scrofulous disease.

Ayer's Barsaparilla

is compounded from the most effectual anti-

dotes that medical science has discovered for

this afflicting distemper, and for the cure of

the disorders it entails. That it is far supe-

rior to any other remedy yet devised, is

known by all who have given it a trial. That

it does combine virtues truly extraordinary

in their effect ppon this class of complaints,

is indisputably proven by the great multitude

of publicly known and remarkable cures it

has made of the following diseases: King's

Evil, or Glandular Swellings, Tumors,

Salt Rheum, Scald Head, Coughs from

tuberculous deposits in the lungs, White

Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and

Female Weaknesses, and, indeed, the whole

series of complaints that arise from impurity

of the blood. Minute reports of individual

cases may be found in AYER'S AMERICAN

ALMANAC, which is furnished to the druggists

for gratuitous distribution, wherein may be

learned the directions for its use, and some

of the remarkable cures which it has made

when all other remedies had failed to afford

relief. Those cases are purposely taken

from all sections of the country, in order

that every reader may have access to some one who can speak to him of its benefits from

personal experience. Scrofula depresses the vital energies, and thus leaves its victims far

more subject to disease and its fatal results

than are healthy constitutions. Hence it

offer to the public under the name of AYER'S

and vigorous health will follow. By its pecu-

liar virtues this remedy stimulates the vital

functions, and thus expels the distempers

which lurk within the system or burst out

We know the public have been deceived

by many compounds of Sarsaparilla, that promised much and did nothing; but they

will neither be deceived nor disappointed in

this. Its virtues have been proven by abun-

dant trial, and there remains no question of

afflicting diseases it is intended to reach.

TO THE AFFLICTED.

DR. W. K. Doherty returns his sincere thanks

Dr. Doberty would call attention to the following certificates from two of his patients, who, naying fully recovered their health, desire to make knewn their remedial agent. It will be seen their statements are fully authenticated by a Notary

The welfare of Society imperiously demands their publicity, and they are given more to warn In connection with the above we keep constantly the unwary than to sound the praises of a Physician, of whom hundred of like cases can be cited, during a practice of more than afteen years. A CASE OF GLEET AND STRICTURES. Dr. Doherty-Dear Sir : I feel my health so ful-

y restored that, in common gratitude, I believe I should make you some written acknowledgment for your valuable services-particularly so as your fee was small for the work performed. arrived in this city from the East al year ago, and was then suffering from an old case of Gleet, complicated with stricture. Being a stranger in this city, and believing those doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles) I placed myself in their charge, and continued under their treatment until I had lost nearly all hope and considerable sum of money. I wish to say now that you are the sixth doctor] have employed, and the only one that has everdone me any service. My. Gleet is wholly cured, the Nails, &c., &c., &c. stricture is all removed, and my general health is better than it has been for years. In conclusion I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I weep store in this city.) My experience may save you many dollars.] would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrheea, Glect, etc., but never derived any benefit from them.

I am, Doctor, very truly yours, L— H—.

Notary Public. SEMINAL WEAKNESS-A SWORN TO CERTIFCATE OF MOST REMARKABLY CURE OF SPERMATORRHEA. A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhoea;" or Seminal Weaknesses, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year, however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms, as weakness of the back and limbs, pains in the head, dimpess of vision, nere: ousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebonings and self distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Dobbett's advertisement I thought I should be the seeing by herty's advertisement, I thought I should call and see him, as he charged nothing for consultation. I had an interview with the Doctor, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in ane week I found myself very much improved, and now, after five weeks troatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe JAMES JOHNSTON. Subscribed an sworn to before me, this 15th day

of January, 1864. A. G. RANDALL, Notary Public [L. S.] TO FEMALES. When a female is afflicted with disease, as weak; ness of the back and limbs, pain in the head, dimness of sight, low if muscular power, palpitation of the heart, irritability, nervousness, extreme uri-nary difficulty, derangement of digestive functions, general debility, vaginities, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should gor or write at once to the celebrated remale dector, W.
