"You are creation's belle, ch!" And he bellowed, and she bellowed.

"On my soul there's such a weight!" And he waited and she waited.

"Your hand I ask, so bold I'm grown!" And he greaned, and then she greaned.

"You shall have your private gig!" And he gigled, and she gigled. Said she, "My dearest Luke!" And he looked, and then she looked. "I'd have thee if thou wilt! And he wilted and then she wilted.

THE peculiar taint or infection which we call SCROPULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes inthe vital forces in their vigorous action, and leaves the system to

The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will Ready-Made Clothing, visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh"

healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMER'CAN Almanac, which is furnished to the druggists for gratuitous distribution, wherein may bo learned the directions for its use, and some of the remarkable cures which it has made when all other remedies bad failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the FOR CASH OR PRODUCE vital energies, and thus leaves its victims far more subject to disease and its fatal results than are he ithy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast in portance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now of er to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers

which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief

of Consumptive patients in advanced stages of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

A CASE OF GLEET AND STRICTURES. Dr. Doherty-Dear Sir : I feel my health so fully y restored that, in common gratitude, I believe Persons wishing to buy Goods will find it I should make you some written acknowledgment greatly to their advantage to examine our Good for your valuable services-particularly so as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case PHILLIP MILLER'S of Gleet, complicated with stricture. Being a stranger in this city, and believing those doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles) I placed myself in their charge, and continued under their treatment until I had lost nearly all hope and considerable sum of money. I wish to say new that you are the sixth doctor I have employed, and the only one that has ever done me any service. My. Gleet is wholly cured, the stricture is all removed, and my general health is better than it has been for years. In conclusion I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address. and call and see me. (I seep store in this city.)
My experience may save you many dollars. I
would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrhona, Gleet, etc., but never derived any benefit from them. I am, Doctor, very truly yours, L-H-San Francisco, June 16, 1864.

Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea;" or Seminal Weaknesses, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year, however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms, as weakness of the back and limbs, pains in the head, dimness of vision, nervourness and general debility. My mind, too, was bonings and self distrust, and was entirely unfitted for any of the daties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could and, and spent several handred doilars, but in no instance obtained more than tem-porary relief. I had about concluded there was Is just below Sprenger's Pacific Hotel, on the west no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I should call and see him, as he charged nothing for consultation.

I had an interview with the Doctor, and his fee for treatment was so reasonable, I determined to THAT THIEF!

for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment.
