Pic-Nic Excursion.—Last Wednesday was a big day in Albany. Long before the boat arrived crowds of people gathered in, filling up the stores, and imparting an unusually busy appearance to our city.

About 12 m. the boat arrived at Beach & Monteth's wharf, having on board about 900 persons. Of course it was crowded almost to suffocation. The Sabbath Schools of Salem were met at the landing by those of Albany; and a procession was formed; which, headed by the Salem Brass Band, after marching through several of our streets, finally rendezvoused in the Court House, instead of Hackleman's Grove, as was previously arranged—the damp condition of the grounds preventing the execution of this part of the programme.

The number in attendance has been variously estimated. It was between fifteen hundred and two thousand. So great was the crowd that it was some time ere they could be seated. Indeed hundreds could not get seats, but crowded the aisles and occupied every available space in the Hall.

The Order of Exercises was as follows: 1. Vocal music. 2. Prayer by Rev. Mr. Monteth. 3. Vocal music. 4. Welcome by Rev. E. R. Geary. 5. Vocal music. 6. Response by Dr. Wythe. 7. Vocal music. 8. Address by Rev. Mr. Irving. 9. Vocal music. 10. Collocation.

The Address was short, well-timed and quite appropriate; and the singing was good—much better than we expected from such a mixed gathering. The Address of Mr. Irvin was as follows:

"CHILDREN—You have been kept on your feet quite constantly since morning. You are tired and hungry; and thanks to kind friends, there is abundance of food down stairs to appease your hunger. Be patient a little longer and you shall all have plenty. Children, some eighteen hundred years ago, there were gathered together in a wilderness of Judea, several thousand persons. They had been without food for three days, and were very hungry. They had come out to hear the Great Teacher—a most remarkable man—the Savior of the world. He had compassion on them, and when they had all seated themselves on the green sward, he inquired of his disciples what provision they had with them; and his answer was, five barley loaves and two small fishes. These he blessed, and broke, and caused to be distributed to the multitude, and they all had enough, and even such to spare. Now, children, this Savior is here, in your midst, and he is able and willing to give you all the bread of eternal life, which, if you partake of it, will cause you to hunger no more, and live in bliss and happiness forever."

This address was listened to very attentively by the scholars, and seemed to produce a good effect.

In behalf of the citizens of Albany we tender our thanks to the Salem Brass Band for the excellent music they furnished on the occasion.

PERSONAL.—We understand that the editor of the Salem Review was in our city last Wednesday, and that he called on us, but we were absent. We regret this, as we should be much pleased to make his personal acquaintance.

We are told, also that the editor of the Corvallis Gazette was in town. We are pleased to have him call on us any time.—We believe him to be a gentleman, though wonderfully befogged in politics.

Mr. Morgan, formerly of this city, but now connected with the "Unionist," Salem, was here, and we were pleased to see him looking well. He is a genial gentleman.

The editor of the Unionist, it seems, was here also. When, in the world's history, was it ever known, that a large number of persons assembled together for a good object and Satan did not appear with them? Never, since the days of Job down to last Wednesday morn'g McPherson was here. We did not see him, nor did he call upon us. We are glad he did not, for we do not desire to cultivate the acquaintance of a libeller, a liar and scurrilous scamp generally.

SERIOUS ACCIDENT.—On last Sunday, the 2d inst., while two of our citizens, of French extraction, named John Fournie and Isaiah Mercier, were returning from Corvallis, the horses attached to the buggy became frightened and unmanageable, ran away, upset the vehicle, and threw the men violently out, knocking them both "dead as mackerels" for a time. In falling from the buggy Monsieur Fournie fell with his face upon the sharp point of a stick about an inch in diameter, which ran into the lower part of his cheek, passed up and protruded from the flesh just in front of the temple; he was also otherwise bruised and lacerated up, and for a time his life was despaired of, but we now learn that hopes are entertained of his recovery. M. Mercier fared better, as it was only the violence of his collision with "Mother Earth" that deprived him of the use of his respiratory organs for a short time.

RELIGIOUS.—Rev. Mr. Driver, Agent of the American Bible Society, will spend Sabbath, the 10th inst., in this city, and will preach in the morning and evening of that day. By mutual arrangement of the several Pastors of the place, services will be held in the Court House. Friends and enemies of the Bible are invited to attend. More than ordinary interest is now attached to the circulation of the Holy Scriptures.

We regret to state that our friend Douthitt, of Linn county, lost a span of horses, last week, by the fire at Salem. They were in the livery stable that was burned; and were valued at \$375.

A COMEDY WHICH WAS ALMOST A TRAGEDY.

—On last Sabbath evening three boys of this place went on the bosom of the beautiful Willamette for a boat-ride. In rowing rapidly down stream, their skiff struck the outer end of the upper ferry boat, capsized, and "ker-souze!" went the arches into forty-foot water. Two of them caught hold of the end of the ferry boat and fished themselves out, but the other boy was carried out of reach of the boat by the swiftness of the current. He went under—came up—ditto, ditto, again; but as he came to the surface the second time, the skiff, still inverted, floated hard by, and with a vigorous kick and flounder, he "went for it," clutched at it, climbed upon its slimly upturned bottom, and—was that—floating along gently down the river, on his "own little boat." He is not floating yet. He was seen from the shore by an honest waterman, who chanced to have his boat moored "under the willows," and who, seeing his perilous "posish," rowed swiftly to him and towed him and his boat in "out of the wet," and carried him in triumph to his mother's arms.

SOUTHERN RELIEF FUND.—Since our last issue \$27 15, from Union Point Precinct, have been received by the Treasurer for the sufferers of the South. Also, \$5 from Mrs. Worth, of Peoria, and \$2 from Mrs. Beamer. Also, Mr. D. M. Cook has placed five dollars in our hands for the same worthy object. We state in this connection that the money previously placed in our hands, to be sent South, was some time ago, forwarded by express to Rev. O. P. Fitzgerald, San Francisco.

FOURTH OF JULY.—At a meeting of the citizens of Albany, last Thursday evening, it was unanimously resolved that the 4th of July next be celebrated in the old time fashion and spirit. A Committee of Arrangements were appointed who are to report at the next meeting—which will be held next Monday evening at the Court House. We have only room to-day to add that we trust all our citizens, in town and country, of every name and party, without exception, will join in the movement.

MAY.—We are indebted to Dr. Gray, for the following account of the weather during the last month:

Twenty-three days no rain, and eight days showery; 23 nights no rain and eight nights rainy and showery. Depth of rain that fell during the month, twenty-five thirty-second inches.

MOVED.—Hampton & McBride, cabinet-makers, have moved from their old stand to the one recently occupied by Mr. Oliver immediately under the Democrat office.

On board Steamer Reliance on the return from the Sunday School Pic-Nic, June 5th, 1867, a meeting of the ladies and gentlemen connected with the Sunday Schools of Salem and vicinity was held, and it was unanimously

Resolved, that having enjoyed a very pleasant excursion, we would return our sincere thanks to the P. T. Company for their kindness to the children of our schools in furnishing a delightful occasion. We also thank the Salem band for the excellent music they gave us, which added much to the pleasure of the trip.

To the citizens of Albany we are indebted for a hospitality that was sincere and bountiful; and trust that the time may come when we can reciprocate it. We shall remember with great pleasure the opportunity we have had of cultivating social relations with their Sabbath Schools, confident that such occasions will advance the great cause we have in view as well as yield pleasant associations.

The Secretary of the meeting was requested to have the foregoing Resolution published in the Albany and Salem papers.

S. A. CLARKE, Secretary.

SPECIAL NOTICES. Medical Advice.—DR. WM. K. DOBERTY'S Medical and Surgical Institute is located at the site of the residence of our State and health of our citizens; and his rapidly acquired reputation, although it may excite surprise, is but the signal of, and follows as the natural effect of a case. We are personally acquainted with gentlemen who have suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doberty, who, in an incredibly short space of time, has given them relief. It is gratifying to announce this fact, because the Doctor is a gentleman who seeks, not by defamation of others, to establish his reputation, or to rear the superstructure of his own upon the ruin of another's fame. The Doctor conducts his Institute in such a manner that must be gratifying to all his patients.—He examines, advises and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to his own upon the ruin of another's fame. See that it has our private U. S. stamp unaltered over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuffs by the gallon or in bulk, is an imposter. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. The demand for Drake's Plantation Bitters, from ladies, clergymen, merchants, &c., is incredible.—The simple trial of a bottle is the evidence we present of their worth and superiority.
