Swaro, China, Sept. 22, 1866. Dear sirs :- I ought to have acknowledged long ago the box of Pain Killer you had the goodness to send us last year. Its coming was most providential. I believe frandreds of light were saved under God, by it. We resorted at once to the Pain Killer, using as directed for cholera. A list was kept of all to whom the Pain Killer was given, and our native assistants assure us that eight out of every ten to whom it was prescribed recovered. It has, too, been very useful in various other diseases. It has proved an incalculable blessing to multitudes of poor people throughout all this region. Our native preachers are never willing to go out on their excursions without a supply of Pain Killer. It gives them favor in the eyes of whom otherwise they would be indifferently received.
