SATURDAY......................MARCH 21, 1868.

A Vexatious Disappointment.

Mark Twain says that while at Naples he "poked around and examined a hundred points of interest with critical imbecility." The Grotto of the Dog, however, claimed his chief attention, and his visit to it is described in the following language.

"Everybody has written about the Grotto del Cane and its poisonous vapor, from Pliny down to Smith, and every tourist has held a dog by the legs, to test the capabilities of the place. The dog dies in a minute and a half—a chicken instantly. As a general thing strangers who crawl in to sleep do not get up until they are called. And then they don't either.—The stranger that ventures to sleep there takes a permanent contract. I wanted to see this grotto. I resolved to take a dog and hold him myself; suffocate him a little and time him; suffocate him some more and then finish him. We reached the grotto at about three o'clock in the afternoon, and then proceeded at once to make experiments. But a not an important difficulty presented itself. After I had taken off my coat and bathed my handkerchief with cologne and tied it over my face, and got all ready, and was wrought up to the highest pitch of enthusiasm, I recollected that we hadn't any dog. This toned me down some. Well, we thought the matter over, and concluded to go back to a house, about half a mile away, where I had seen a dog, and see if I could borrow it. Brown grumbled a good deal, for the day was hot; but my interest was hot, too, and we started. And so we tramped, tramped, tramped, till I thought we had walked ten miles, and at last we reached the house, almost fagged out. We sat there and chatted awhile, and dropped gently into the subject of the dog, and found that the woman who owned him was prejudiced against loaning him out to be experimented on with poisoned air. It was singular, but we had no time to discuss the foolish prejudices of "them pheasants," Brown calls the peasantry, and so we just bought the dog out and out, and started back. It was a long pull and a weary one. Pull is the correct word, because the dog didn't want to come, so we had to haul him, turn about, by a long rope he had about his neck. Sometimes that dog would sit down and brace his fore-paws, and it took both of us to start him; and when he did come he would come with a yelp, a skip and jump, and then he would prance about twenty steps to the right and twenty to the left, with his paws in the air and his collar half over his ears, and cavort around and carry on like a lunatic. And Brown would "rair back" on the rope and sweat and swear. He swore at me, too, for wanting to take the trouble just to try some foolish experiments. Well, toward sunset we got the dog to the place, and I took off my coat in a fever of excitement, and rolled up my sleeves, and saturated my handkerchief and tied it over my nose.—And then—just then, after all my trouble and vexation, the dog went up and smelt Brown's breath and lay down and died."

TRANSPLANTING IN THE NIGHT.—A friend, in whose powers of observance we have confidence, informs us that the last Spring and Summer he made the following experiment: He transplanted ten cherry trees while in bloom, commencing at four o'clock in the afternoon, and transplanting one each hour, until one in the morning. Those transplanted during daylight shed their blossoms, producing little or no fruit, while those planted during the darker portions maintained their condition fully. He did the same with ten dwarf pear trees, after the fruit was one-third grown. Those transplanted during the day shed their fruit; those transplanted during the night perfected their crop, and showing no injury from having been removed. With each of these trees he removed some earth with the roots.—*Working Farmer.*

EFFECT OF BAD SEED.—How slight a thing will sometimes have a serious effect. For instance, the farmer prepares a large field of corn, plants it with bad seed, as is so often done, and the labor is all for nothing. He has to plant over, and then he will get a late crop; the drought will effect it, and sometimes the frost. If a third planting is necessary, as is sometimes the case, the matter is still worse. With wheat and other grains, the crop is generally a failure. Planted at the right time a re-sowing must be too late, and thus defeats the whole crop. Now, with a little care good seed may be had,—and then all this evil will be avoided. Is it not sheer carelessness? We cannot be too careful in getting ripe, sound, healthy seed.—*Rural World.*

NEW YORK, March 12.—The *World's* Atlanta special says the Constitution adopted in Georgia provides for the removal of the capital to Atlanta, and this instrument never shall be amended so as to deprive any person of political or civil rights by it conferred.—It repudiates all private debts incurred prior to June, 1865, and allows a homestead exemption of $30,000. The organization of the military shall be subject to the authority of Congress. and all persons may vote except those disfranchised.

NEW ORLEANS, March 12.—Hancock has appointed the 17th and 18th of April for the election for the ratification of the Constitution. The order prescribes regulations for the government of the election. It forbids any candidate for office acting as officer of election. It provides that should Congress hereafter enact, that the vote shall also be cast at the same election for State and other officers, the same registers and commissioners will act under this order for such election.

CONCORD, N. H., March 13.—The lower branch of the Legislature stands 191 Republicans to 161 Democrats. Gov. Harriman's (Rep.) majority is about 2,700.

WASHINGTON, March 12.—Attorney Gen. Stanberry has sent in his resignation, which was accepted. He does this in order to act as the President's counsel in the impeachment trial.

RICHMOND, Va., March 12.—Judge Underwood has postponed Jeff. Davis' trial till the 14th of April.

A gentleman mentioned to Archbishop Whately that he had been caught in the rain and was wet through. "Are you really wet through?" said the Archbishop, "I never was wet through in my life, never further than my skin."

A Kansas rascal, recently executed, boasted of sixteen murders.

ADVERTISEMENTS.

TO THE UNFORTUNATE
NEW REMEDIES! NEW REMEDIES!

Dr. Gibbon's Dispensary,
616 KEARNEY STREET, NEAR COMMERC'L,

San Francisco. Established in 1854, for the treatment of Sexual and Seminal diseases, such as Gonorrhœa, Gleet, Stricture, Syphillis in all its forms, Seminal Weakness, Impotency, etc. Skin diseases (of years' standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Dr. Gibbon, a physician who has made private disease his study for years, and who is certain to cure the most inveterate cases without mercury or other injurious drugs. It is important to those who are afflicted, or those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, th consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN

Or those who contemp'ate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females, treated with eminent success. Such as Suppressions, Irregularities, Whites, falling of the Womb, Tumors, all Urinary Diseases, Nervous debility, Painful or Difficult Menstruation, Barrenness, etc., will be speedily cured, without poisonous drugs, injurious or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the post-office, or through Wells, Fargo & Co., a package of medicine will be forwarded by express to any part of the Union.

Address DR. J. F. GIBBON, 616 Kearney street, corner of Commercial, San Francisco. Post Office Box 252.

Consultation FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the DEMOCRAT. feb29v3n28y1

THE RICHEST MAN IN THE WORLD!

EXTRACT FROM A LETTER FROM BARON SOLOMON ROTHSCHILD.
PARIS, 8th April, 1864, 25 Rue Fauby St. Honore.
Will you be kind enough to have forwarded to me here 200 bottles of your Indian Liniment; if you will send at the same time the account, I will forward you the amount through Messrs. Belmont & Co., New York.

Baron Solomon Rothschild, having recommended to many of his friends Major Lane's Liniment, and they being desirous to procure it, he should advise him to establish a depot in Paris.

The INDIAN LINIMENT, as a relief ever ready, as a killer of pain, taken inwardly or outwardly applied, has no equal. For the relief and cure of RHEUMATIC and NEURALGIC AFFECTIONS, SPRAINS, BRUISES, etc., etc., it is unequalled. It is also most efficacious taken inwordly in the cure of CHOLERA, CRAMPS and PAINS IN THE STOMACH, DIARRHŒA, DYSENTERY, CHOLERA MORBUS, CHOLERA INFANTUM, etc., etc., and is without exception the MOST WONDERFUL PANACEA the world affords. NO FAMILY should be without it. Every TRAVELER by land or sea, should have a bottle. MINERS and FARMERS residing at a distance from physicians should keep it constantly on hand. In case of accidents and sudden attacks of stomach complaints, its value cannot be estimated. Inquire for

THE WONDER OF THE NINETEENTH CENTURY!

MRS. L. A. STIPP'S
LEGACY TO THE WORLD!

Thoracic Balsam,
For Consumption, Coughs, Colds, Whooping Cough, Hoarseness, etc., etc.

THE DIFFERENCES BETWEEN THE THORACIC BALSAM and the Allopathic lung medicines is this: the popular drug medicines, when taken into the stomach, make you sick, while the sensation created by my Thoracic Balsam is as soothing as a cup of tea. When the drug medicines, taken by the multitude of victims who have died with the consumption, find their way into the lungs, they immediately commence to irritate and inflame the ulcers and increase the flow of matter. As a consequence, the patient expectorates more freely, and as he coughs and spits his life away, he thinks, because he raises such a quantity, and raises it so easily, that he is certainly recovering; and under this common delusion he continues to take the medicines, and continues to cough and spit, until exhausted nature submits and he finds relief in the grave.

On the other hand, when my Thoracic Balsam finds its way into the lungs it commences at once to heal the ulcers. It goes to the very root of the disease, and gently, but surely, draws all morbid humor from the ulcerated parts. It purifies the blood, as it is composed wholly of vegetable materials. It strengthens and does not debilitate the general system. It tends to quiet the nerves and invigorate the patient and assist in relieving the congested condition of the lungs, by diffusing the accumulated blood over the surface, and it clears away the obstructions that impede egress of all the impurities of the body through their natural channels—the bowels—and more especially does it tend to draw all excretion from the lungs, and induces a new and vigorous action to the liver and imparts strength and new life to the patient.

Bear this in mind, that the secret of the success of my Thoracic Balsam lies enclosed in this little nut-shell: first, it does not irritate the lungs and cause the patient to expectorate; second, it does commence at once to heal the ulcers: it soothes and allays the inflamation, and stops the coughing and expectoration; it strengthens and encourages the patient, and, with proper nourishment, he must recover. This medicine don't give you new lungs; it only mends up your old ones, and, with care they may take you away on into a good old age.

I cannot close without saying a word to my own sex. I am now in my sixty-first year, and can truly say that with all my experience with female diseases, I have found it the safest and best remedy, and no woman in delicate health should be without it. Dr. Ayer truthfully remarks that less than one-half of the females of the United States have sound health, and the condition of the disordered ones is leaving its impress on the rising generation. Then, how important we should have a remedy for these evils. For painful or suppressed menses, irregularities, etc., and also for women at the turn of life, and frail girls, this medicine will be found invaluable. It should also be used before and after confinement. "An ounce of preventive is better than a pound of cure."

Remember, kind father, or fond husband, when administering my medicines to a darling daughter or frail wife, that they are composed of no death-dealing minerals or nauseating drugs, to make the sick more miserable and hasten their untimely end; but they are a compound of medicinal roots, herbs, barks, blossoms, etc., with whose generous healing virtues years of experience have made me familiar.

ADVERTISEMENTS.

Ayer's
CATHARTIC
PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED W. PREBLE.
Clerk of Steamer Clarion.

Bilious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.
