During the afternoon, while waiting for the report of the Committee, the Convention was addressed by Judge Strong, and the old "Apostle of Democrrcy," Frederick Way-mire, by whom able and effective speeches were made.

At 7 o'clock P. M., the Convention was called to order by the President, and thereupon Mr. Hayden, from the Committee on Resolutions, submitted a majority report, and stated to the Convention that said committee were unable to agree as a whole as to the form and matter that should be embod. ied in the resolutions.

Whereupon Mr. Brown from the same committee, submitted a minority report, and explained the matter of difference of opinion and the reasons why the committee were unable to agree. He suggested to the Convention the propriety of discharging the committee and referring both reports to another committee, consisting of five. [Concluded on Second Page.]

When the drug medi ines, taken by the multitude of victims who hav died with the consumption, find their way into th ungs, they immediately commence to irritate and inflame the ulcers and increase the flow of matter As a consequence, the patient expectorates more freely, and as he coughs and spits his life away he thinks, because he raises such a quantity, and raises it so easily, that he is certainly recovering take the medicines, and continues to cough and spit, until exhausted nature submits and he find elief in the grave.

On the other hand, when my Thoracic Balsan finds its way into the lungs it commences at one to heal the ulcers. It goes to the very root of the disease, and gently, but surely, draws all morbi bumor from the electated parts. It purifies the dood, as it is composed wholly of vegetable incrials. It strengthens and does not debilitate th ceneral system. It tends to quiet the nerves and invigorate the patient and assist in relieving th ongested condition of the langs, by diffusing th accumulated blood over the surface, and it clear away the obstructions that impede agrees of all the nels—the bowels—and more especially does it tento draw all exerction from the lungs, and induce a new and vigorous action to the liver and impart

such as Generrheea. Gleet, Strieture, Syphillis in all its forms. Seminal Weakness, Impotency. etc. Skin diseases (of years' standing) and Ulcerated Legs uccessfully treated. Horrible Diseases. How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at

their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoy ment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Dr. Gibbon, a physician who has made private disease his study for years, and who is certain to cure the most inveterate cases without mercury erother injurious drugs. It is important to those who are afflicted, or those who are interested in the welfare of their friends, to be eareful of the many pretended doctors who infest all cities, publishing their skill in caring all diseases in a few days, imposing upon the public by using the names of eminen physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

AYER'S

FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaints:

Serofula and Scrofulous Affectious, such as Tumors, Ulcers, Sores, Eruptious, Pimples, Pustules, Blotches, Boile, Elains, and all Skin Piseuses.

OAKLAND, Ind., 6th June, 1859.

J. C. Aven & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having Inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterntive (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three And for the speedy cure of the following compl a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that

the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours, ALFRED B. TALLEY. St. Anthony's Fire, Rose or Erysipeias, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Hobert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Erup-

tions by it constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre - a hideous swelling on the neck, which I had suf-

fered from over two years." Lencorrhen or Whites, Ovarian Tumor,
Uterine Ulceration, Female Diseases.
Dr. J. B S Channing, of New York City, writes:
"I most cheerfully comply with the request of your agent in saying I have found your Sarsaparills a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous disthesis. I have cured many inveterate cases of diathesis. I have cured many inveterate cases of Leucorrhoa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes:
"A dangerous ovarian tumor on one of the females in my family, which had defled all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the discase remains."

Syphilis and Mercurial Disease Dn. J. C. Avez: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. cury was suffering from this poison in her bones.
They had become so sensitive to the weather that on
a damp day she suffered excruciating pain in her
joints and bones. She, too, was cured entirely by
your Sarsaparilla in a few weeks. I know from its formula. Which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1899. Dr. J. C. Aver: Sir, I have been afflicted with a painful chronic Rheumatiem for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked I think it a wonderful medicine.

J. FREAM. Jules Y. Getcheil, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young TO THE UNFORTUNATE

Coughs, Colds, Influenza, Hoursence Croup, Brouchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease. of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
