THE WONDER OF THE NINETEENTH CENTURY

MRS. L. A. STIPP'S

For Consumption, Coughs, Colds, Whooping Cough, Hoarse-ness, etc., etc.

THE DIFFERENCES BETWEEN THE THO RACIC BALSAM and the Allopathic lung medicines is this: the popular drug medicines when taken into the stomach, make you sick, while A their extensive Stock, by every Steamer, all the sensation created by my Thoracic Balsam is as the LATEST STYLES of New York, London and Parisiau taste, for cines, taken by the multitude of victims who have died with the consumption, find their way into the lungs, they immediately commence to irritate and inflame the ulcers and increase the flow of matter. As a consequence, the patient expectorates more freely, and as he coughs and spits his life away he thinks, because he raises such a quantity, and raises it so easily, that he is certainly recovering; and under this common delusion he cortinaes t take the medicines, and continues to cough and spit, until exhausted nature submits and he finds elief in the grave.

On the other hand, when my Thoracic Balsan finds its way into the lungs it commences at once to heal the ulcers. It goes to the very root of the disease, and gently, but surely, draws all morbid humor from the ulcerated parts. It purifies the blood, as it is composed wholly of vegetable materials. It strengthens and does not debilitate the general system. It tends to quiet the nerves and invigorate the patient and assist in relieving the congested condition of the lungs, by diffusing the accumulated blood over the surface, and it clears away the obstructions that impede egress of all the C. Meussdorffer & Bro.'s impurities of the body through their natural channels-the bowels-and more especially does it tend to draw all excretion from the lungs, and induces a new and vigorous action to the liver and imparts strength and new life to the patient.

I connot close without saying a word to my own sex. I am now in my sixty-first year, and can truly say that with all my experience with female diseases, I have found it the safest and best remedy, and no woman in delicate health should be without it. Dr. Ayer truthfully remarks that less than one-half of the females of the United States have sound health, and the condition of the disordered ones is leaving its impress on the rising generation. Then, how important we should have a remedy for these evils. For painful or suppressed menses, irregularities, etc., and also for women at the turn of life, and frail girls, this medicine will be found invaluable. It should also be used before and after confinement. "An ounce of preventive is better than a pound of cure." Remember, kind father, or fond husband, when

administering my medicines to a darling daughter or frail wife, that they are composed of no deathdealing minerals or nauseating drugs, to make the sick more miserable and hasten their untimely end; but they are a compound of medicinal roots, herbs, barks, blossoms, etc., with whose generous INLAND healing virtues years of experience have made me

OAHLAND, Ind., 6th June, 1859.

J. C. Ayen & Co. Gents: I feel it my duty to scknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cinciunati and got it, and used almost three-bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the spostles of the age, and remain ever gratefully.

Dr. J. B. S. Channing, of New York City, writes:
"I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Discusses of the Scrohlous diathesis. I have cured many inveterate cases of Leucorrheea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: Edward S. Marrow, of Newbury, Ala., writes:

"A dangerous ovarian fumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Aver: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
DR. J. C. AVER: Sir, I have been afflicted with a painful chronic likeumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two, weeks, and restored my general health so much that I am far better than before I was attacked I think it a wonderful medicine.

J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again The best that can be said of you is not half good enough."

A great variety of cases have been reported to us, where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine confident. medicine can do. Ayer's Cherry Pectoral,

This is a remedy so universally known to surpass
any other for the cure of throat and lung complaints,
that it is useless here to publish the evidence of its
virtues. Its unrivalled excellence for coughs and
colds, and its truly wonderful cures of pulmonary
disease, have made it known throughout the civil,
ized nations of the earth. Few are the communities,
or even families, among them who have not some. or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, therefore careful, and make strict inquiry, or you and as they know, too, the effects of this rem we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
