cinnati newspaper says: "An ex-member of congress from Illi- Matthew Fountain nois, who is now here, and who has been a friend and companion of Grant's from boyhood, had a long interview with the General a few evenings since, and learned from him that he blames his pretended political friends for his embarassments. He may wash his hands of radicalism, but he cannot wash his soul of it. His meanness and duplicity make him a radical. He is fit for nothing else, and canbe anything else. If he intends to go into the washing business, he will do well to commence on soup-tureens. The scandal he has put on those vessels should condemn him to the penance of scouring them for the remainder of his life. That would be more honorable employment than his present one as scullion to Jacobinism. If he has grace enough left in him to be ashamed of his treachery to the President, and of the effort to fasten a lie on him, he is not utterly abandoned. The probabilities are, however, that it is the exposure of his meanness, and not the consciousness of it, which troubles him .-Chicago Times.

Hendricks, of Indiana, closed his recent great speech in the Senate, as follows: Mr. President, my colleague has spoken of a column—the column of congressional reconstruction-and has said that "it is not hewn of a single stone, but is composed of many blocks." Sir, I think he is right. Its foundation is the hard flint stone of military rule, brought from the quarries of Austria, and upon that foundation rests the rock from Africa, and it is thence carried to its topmost point with fragments of our broken institutions. That column will not stand. It will fall, and its architects will be crushed beneath its ruins. In its stead the people ALL KIND OF REPAIRING! will uphold thirty-seven stately and beautiful columns, pure and white as Parian marble, upon which shall rest forever the grand structure of the American Union.

Dr. Ayer truthfully remarks that less than one-half of the females of the United States have sound health, and the condition of the disordered ones is leaving its impress on the rising generation. Then, how important we should have a remedy for these evils. For painful or suppressed menses, irregularities, etc., and also for women at the turn of life, and frail girls, this medicine will be found invaluable. How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Dr. Gibbon, a physician who has made private disease his study for years, and who is certain to cure the most inveterate cases without mercury or other injurious drugs. It is important to those who are afflicted, or those who are interested in the welfare of their friends, to be eareful of the many pretend-ed doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Thoracic Balsam,
For Censumption, Coughs, Colds,
Whooping Cough, Hoarseness, otc., etc.

THE DIFFERENCES BETWEEN THE THO
RACIC BALSAM and the Allopathic lung
medicines is this: the popular drug medicines,
when taken into the stomach, make you sick, while
the sensation created by my Thoracic Balsam is as
soothing as a cup of tea. When the drug medicines, taken by the multitude of victims who have
died with the consumption, find their way into the
lungs, they immediately commence to irritate and
inflame the alcers and increase the flow of matter.
As a consequence, the patient expectorates more
freely, and as he coughs and spits his life away,
he thinks, because he raises such a quantity, and
raises it so easily, that he is certainly recovering;
and under this common delusion he cordinates to
take the medicines, and continues to cough and
spit, until exhausted nature submits and he finds
relief in the grave.

Dr. Robert M. Preble writes from Salem, N. T., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate factally, by the persevering use of our Sarasparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck.
Zebuion Sloan, of Prospect, Texas, writes: "Threebottles of your Sarasparilla cured me from a Goitre
— a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Ovarian Tumer,
Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes:
"I most cheerfully comply with the request of your agent in saying I have found your Barasparills & most excellent alterative in the numerous companies and the found of most excellent alterative in the numerous com-plaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoen by it, and some where the complaint was caused by ulceration of the uterus. The ulcer-ation itself was soon cured. Nothing within my knowledge equals it for these female derangements. Edward S. Marrow, of Newbury, Ala., writes: Edward S. Marrow, of Newbury, Ala., writes:

"A dangerous ovarian fumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight works no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Onleans, 25th August, 1

J. C. Ayen: Sir. I cheerfully comply DR. J. C. AYER: Sir, the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla, the request of your agent, and report to you same of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the discrete would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and hones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D. Ethermatism, Gout, Liver Complaint. sick more miserable and hasten their untimely end; but they are a compound of medicinal roots, herbs, barks, blossoms, etc., with whose generous

Rheumatism, Gout, Liver Complaint.
INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. Ayen: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked I think it a wonderful medicine.

J. FREAM. Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement Ulceration, Carica and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agenta below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy,
Melanchely, Neuralgia.

Many remarkable cures of these affections have
been made by the alterative power of this medicine.
It stimulates the vital functions into vigorous action,
and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long
been required by the necessities of the people, and
we are confident that this will do for them all that
medicine can do.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs.

As all know the dreadful fatality of these disorders, and as they know, too, the effects of this contest, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the FOR THE BAPID CURE OF
