The farmer whose farm is largely mortgaged to his creditors, and the mechanic whose home is encumbered to about the extent of its value, cannot be said to be in easy circumstances.

His interest would amount to the snug sum of \$500. Then suppose the ordinary expenses of conducting his farming operations to be \$500, it is plain that he would have to raise \$1,000 per annum in order to keep up with the world without paying -one cent on his indebtedness.

Now suppose that a farmer should foolishly cut off \$300 of his income, without making a corresponding reduction in his expenses, would he not be in debt at the end of the year an additional \$300? He has lived up \$500, owes \$500 on interest, and only has \$200 to pay it with. He therefore has no alternative but to go in- J. E. blood, and let the finide move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deepseated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hais. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE. As a Family Physic.

From Dr. E W. Cartwright, New Orleans.
Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess.
They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Meadache, Sick Headache, Foul Stomach From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTEBURG, Pa., May 1, 1856.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED W. PREBLE.

Clerk of Steamer Clarion. Bilious Disorders - Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Dysentery, Diarrhea, Relax, Worms, From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhaa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

who suffer from that complaint, which, although
bad enough in itself, is the progenitor of others that
are worse. I believe costiveness to originate in the
liver, but your l'ills affect that organ and cure the
disease.

From the Rev. Dr. Hankes, of the Methodist Epis, Church. PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.
HONORED Siz: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neurologic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to

Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance
