Horses Drownen .- On last Thursday Mr. Lewis Ketchum, of this city, lost a valuable span of horses by drowning, while hauling wood from the other side of the Calipooya. It seems the ferry boat was not fastened to the shore, and when the horses stepped upon it with their fore feet it suddenly receded from the bank, precipitating them into the Presidential election is a general election, Formerly Physician to the Cincinnati Marine Hos- and 4 o'clock v. u., of said day, the following real water, the weight of the wagon pushing them under, and Mr. K, was unable to extricate them until they were both drowned.

NEW MILLINERY STORE .- Our lady readers are this week informed, by a card among the new advertisements, that Mrs. S. C. The damage to the house was triffing, but we understand the family lost almost their entire vardrobe-a great loss to a minister on a small salary.

WINDY .- Last Sabbath was the most disagreeable day we have witnessed for years. 'The morning threatened rain, but it didn't come. About noon the wind raised almost to a hurricane, blowing the concentrated dust of a whole summer's collection in farious and blinding gusts through the streets and thighways. It was just about the close of the morning services in the churches when the storm raged in its wildest fury; and the trains of people pouring forth from the sacred edifices received the full benefit of the wind and dust, and Old Borens played some very naughty pranks upon the devout multitudes. Men's nicely-brushed "bee-gum" thats (Meussdorffer's best!) were rudely snatched from their eraniums and whirled through space in the most reckless manner, passes through all parts of the body; if good and to the evident horror and disgust of their proprietors. Babies attempted to squall, but it only ended in a cough, sneeze and grunt, so babies concluded that they were "not on it"-figuratively speaking-and kept their mouths shut. Fact! Not content with making war upon strong men and infant babes, this Boreal fiend attacked the fair maidens and aged matrons in an unblushing, reckless style, until their outer apparel made very fair representations of Banquo's ghost when it wouldn't "down" worth a cent. At this juncture "our special artist on the spet! couldn't stand it any longer, and so he sought shelter, a wiser if not a better man.

BURNED .- Mr. S. Jenkins, who had his barn and out-buildings burned last week, informs us that he lost 900 bushels of grain, 40 tons of hay and 20 tons of straw, valued in the aggregate at about \$3,200. He was insured for \$2,000.

FOR SEYMOUR AND BLAIR.-Hon, L. F. Grover will address the citizens of Linn county, in behalf of Democracy, at Browns-

Ocnoco. - Messrs. J. Norcross and G. T. make that their future home. They were all health at this time. Most respectfully yours, from Linn-county. Pennsylvania Railroad Company. OFFICE OF THE GENERAL SUPERINTENDENT, } ALTONA, PA., Dec. 15, 1867. GENTLEMEN: The watches manufactured by you have been in use on this Railroad for several years by our engine-men, to whom we furnish watches as part of our equipment. There are now some THREE HUNDRED OF THEM CARRIED ON OUR LINE, 40.000 BUSHELS!! and we consider them GOOD AND RELIABLE TIMEKEEPERS. Indeed, I have great satisfaction in saying YOUR WATCHES GIVE US much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours. In these statements I am sustained by my pred-

ecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully, EDWARD WILLIAMS, General Superintendent.

American Watch Company, Waltham. NEW YORK CENTRAL RAILROAD. LOCOMOTIVE DEPARTMENT, WESTERN DIVISION, **ROCHESTER**, Dec. 24, 1866. GENTLEMEN: I have no hesitation in saying that I believe the great majority of locomotive engineers have found by experience that WALTHAM WATCHES ARE THE MOST SATISFACTORY Of any for their uses. They run wITH THE GREATEST ACCURACY AND STEADINESS, notwithstanding the rough riding of an engine, and, as I have NEVER KNOWN ONE TO WEAR OUT, they must be durable. MEATS OF ALL VARIETIES. I hope to see the time when railway companies will generally adopt your watches, and furnish
