The Democrat.

SATURDAY..........................JULY 3, 1869.

Dwelling Burned.—The dwelling of Rev. W. T. West, near Jefferson in Marion county, was burned on Saturday the 26th inst., at 3 o'clock P. M. Mrs. West had had a fire in the yard during the forenoon, and wishing to build one n the house, took a brand from the fire for that purpose. She supposed that in passing the corner of the wood house, where a quantity of dry mossy wood was piled, some fire must have blown into this wood, and, communicating with combustible matter, passed under the dwelling and through the floor of an unoccupied room.—The first intimation Mrs. W. had of the fire was upon opening the door of this room, which was filled with smoke. Some neighbors near by rendered what assistance was in their power, and saved a small portion of the household effects, including a large portion of the bedding. The furniture, dishes, most of the clothing and a fine library worth $1,500, which Mr. W., who is a man of culture, had spent years in collecting, were all destroyed. The loss is about $3,700. It seems as though the misfortune should have stopped here, but it did not. Upon the return of Mr. West, who was abse t at the time of the fire, he proceeded to collect the burning *debris*, in order to prevent its communicating with the adjoining buildings, and while thus engaged stepped into the well, from which the curb had been burned and which was some 20 feet deep. The upper part of the well was lined with plank, which were burning and which rendered Mr. W's situation a perilous one. Fortunately he was discovered and his rescue effected, though considerably bruised and injured by the fall.

Mr. West is expecting his mother from England in a few days, and the accident which thus deprives him of the comfortable home she was to enjoy is thus rendered doubly severe.

Morning Nausea.—To be sick at the stomach at the hour when healthy people are hungry for breakfast is a very unpleasant thing. Yet there are thousands of both sexes who "feel so" every morning of their lives. Persons who suffer from morning nausea—or from nausea at any time of the day—ought to know that their organs of digestion are in a bad state, and overloaded with crude bile. The remedy—an absolute specific in all such cases—is a course of Drake's *Plantation* Bitters. Their effect will be to tone the liver and the stomach, and gently relax the bowels, and before the invalid has taken this pleasant yet potent medicated stimulant for a week, he or she will have no occasion for a physician, but urgent need for the services of a cook.

Returned.—On last Monday evening Dr. W. F. Alexander returned home from a visit to the Atlantic States. He came to Sacramento on the Pacific Railroad, and to Portland by steamer, and the actual traveling time from Keosauqua, Iowa, to Albany, was 9½ days, with a cost of about $200 in greenbacks. He says that he found the niggers and strong-minded women in charge of social and political affairs when he got to "America," and so he left them alone in their glory and came back to the bright valleys and pure air of his "own mountain home."

Improvements.—In perambulating through our city we observe improvements progressing as follows: Messrs. Myers & Houck have moved back the old Metropolitan Restaurant, on the corner of First and Washington streets, and are placing in front of it an addition of 26x62 feet, which will make the entire edifice 62x84; and it is to be occupied, as soon as finished, for hotel purposes. Mr. David Froman's magnificent warehouse is fast nearing completion, and will be a valuable auxiliary to the other shipping and storing houses of this city. Beach & Monteith are erecting an addition to their mill, for storage purposes we believe. There is also a rumor that Gird intends building a brick livery stable on the lot where his late saloon stood.

To Tax Payers.—Mr. Adam Nye, the Assessor, is engaged in making the yearly assessment for Linn county. In all cases where parties are removing from the county, or about to do so, the Assessor is required by the statute to demand his tax—property and poll. And in the event of a refusal to pay, return is made to the Sheriff who proceeds to collect. Instances have already occurred where Sheriff Irvine's services were called in to collect the tax. When the Sheriff collects it is always attended with considerable cost, which the parties may save by promptly paying to the Assessor when asked to do so.

Excuse us.—To the hot weather may be attributed the dearth of items in the Democrat this week. It has been too warm for men to exert themselves cutting and shooting, and there hasn't been sufficient air stirring to fan a blaze it to a flame so as to get up a fire. There was a runaway on Tuesday, but the horses found they could "run all away" without making so much exertion, so they "weakened on it," and the runaway "flattened out." On the same day some butter also "ran away," and a baby melted—into tears! but we didn't learn any particulars.

Peter's Musical Monthly for July, replete with original music, both instrumental and vocal, is on our table. In subscribing for this publication you get $50 worth of new music every year for $3, besides a large amount of interesting and instructing reading matter. Address J. L. Peters, 198 Broadway, N. Y., sending $1,50 for six months, or $3 for one year's subscription.

Cisterns.—Our readers will observe that the city advertises for bids on cisterns, and that the the proposals must be handed in on next Thursday night in order to have them inspected and considered. We trust that there will be several bids, and that the authorities will find them sufficiently encouraging, in cost and utility, to warrant them in selecting contractors to immediately proceed to the completion of two or three cisterns.

Dissolved.—We regret to learn that the continued ill health of Perry Miller has compelled him to withdraw his connection with the marble firm of Miller & Bro. By his withdrawal the public lose an ingenious and tasteful artist in the monumental line, and the elder brother is deprived of a valuable assistant in the shop. Ira still carries on the business at the old stand. See their dissolution notice in another column.

"To Portland."—Firemen and other excursionists to Portland will bear in mind that the boat leaves Beach & Monteith's wharf on Saturday morning at 3 o'clock, and that if they desire to take passage they must be on board before that time.

Closed.—On Thursday last the spring term of the Albany District School closed, with a public examination. Mr. Taylor, Principal of the school, informs us that the next term will commence on Monday, the 12th instant. The statistics of the school for last quarter show the following: Average attendance—80 males and 94 females; total, 174, four of whom resided outside of the corporate limits. This is the largest number ever in attendance at any one school in this city.

He is Thar!—George Francis Train has arrived at Portland *in propria personæ*. The Portland papers are exuberant over the fact, and assure us that they have the veritable, inimitable, and not-to-be-compared-to-any-other man Train in their midst; that they have looked upon his person and have not died; that he has even talked with some of them after the manner of men; and he has thanked the Portland dailies for their notices of him—and they all smile and are happy.

Bishop Morris.—Bishop Morris, of the Protestant Episcopal Church—newly made Bishop for Oregon and Washington Territory—preached on Tuesday evening last, at the Congregational Church in this city. The sermon was one of the most interesting we ever heard, and produced a universally good impression. After service, steps were taken to ascertain the practicability of establishing a church here, which were attended with favorable results.

Hot.—Two or three of the days of the past week were hot; but, for a genuine scorcher, last Tuesday completely "waxed" any day of the season. The thermometer kept going up until it got to "red hot," and then melted, so that about three P. M. there was no gauge left by which to determine the state of the atmosphere, consequently we are unable to give the hottest figures, but we suppose it was what Ben. Wade would call "d-doggoned hot!"

Exchange Restaurant.—Mr. E. C. Holden this week opened a Restaurant in the house formerly known as the Empire Restaurant, just west of Myers & Houck's Saloon, and is now prepared to accommodate guests in good style and at reasonable prices. Read his card for prices.

Fruit.—John A. Millard, Esq., last Wednesday deposited upon our table a couple of baskets of currants, gooseberries, raspberries, etc., which were extremely nice and palatable. Thank you, sir.

Meetings.—See notice of Stockholders meeting of the Willamette Valley and Cascade Mountain Wagon Road. Also, notice of meeting of the Trustees of the Corvallis College.

Will Appear Next Week.—An account of the celebration held in our city yesterday, the 2nd inst., is inevitably crowded out of to-day's issue. It will appear in our next.

The Little Corporal for July is at hand, sparkling with highly interesting stories and sketches for the young folks.

Pictures.—If you want a No. 1 picture of the most improved style of the art, from locket to life size, call at Stryker's Gallery, at Corvallis. Satisfaction guaranteed. jun26m3.

A brother editor tells us that when he was in prison for libelling a justice of the peace, he was requested by the jailor to give the prison a puff.

ALBANY PRICES CURRENT.

CORRECTED WEEKLY BY J. GRADWOHL.

Albany, July 3, 1869.

SHERIFF'S SALE.

NOTICE IS HEREBY GIVEN THAT BY virtue of an execution issued out of the Circuit Court of the State of Oregon, for Linn county, on the 21st day of June, 1869, and to me directed and delivered in favor of William Crawford and against W. W. Parrish and J. C. Mendenhall, partners under the name of W. W. Parrish & Co. for the sum of $1,874 27 in U. S. gold coin and interest and costs. I have on this, 25th day of June, A. D., 1869, levied on the following described real estate and the appurtenances thereunto belonging; to-wit:

Beginning at the South-east corner of block No. 16 in the eastern addition of the Town of Albany as known and described upon the recorded map or plat of said Town of Albany, County of Linn, State of Oregon, and running thence along the east line of said block 150 feet; thence west 132 feet; thence south 50 feet; thence east 66 feet;—thence south 100 feet; thence east 66 feet to the place of beginning, including two lots more or less.

Also the following described Lots and appurtenances thereto belonging, commencing at the Northwest corner of Block No. 15, in the Eastern addition to the City of Albany, as designated upon the Town Plat of the same. Thence East on the North line of said Block 100 feet to the corner of Mack's Northwest corner; thence South to the center of said Block at the line running E. W.; thence West 100 feet to the West line of said Block; thence North on said West line of said Block to the place of beginning: and on Tuesday, the 27th day of July, 1869, at 1 o'clock P. M. of said day in front of the Court House door, in the city of Albany, Linn Co. Og'n., I will sell the above described property for cash in hand in U. S. gold coin, to satisfy said execution, interest and costs, at Public outcry, to the highest and best bidder.

Dated this 25th day of June, A. D, 1869.

R. A. IRVINE.

v4n45w4. Sheriff Linn Co., Og'n.

SPECIAL NOTICES.

"How Shall I Recover My Health?"

This is the mental question asked by the sick, and after repeated failures. Have you used BRANDRETH'S PILLS? This is a medicine which simply "cleanses"—cleanses the blood and every organ of the body. This "purgation" is sure to restore your health, if pursued in accordance with the printed directions. One who has recovered his health by this means tells us to have courage and do likewise. J. J. Cook, publisher of the *Banner* for twenty years, at Bennington, Vt., says, "Brandreth's Pills cured me of dyspepsia when every other means had failed, and I was actually given up by my physicians and friends."

Scrofula of 42 Years Standing Cured.

Prestonville, Pa., January 14, 1868.

Dr. Brandreth—Dear Sir: I have been afflicted with scrofula for forty-two years; but when hope had long departed, salvation unexpectedly came. I have used your pills for the last fifteen months. Language fails to convey an idea of the blessing they have been to me; they have cured me, and my health and strength are now perfectly restored. LUCIEN B. JONES.

Sold by all Druggists. Dr. Brandreth's office, Brandreth House, New York. n14w4

TO CONTRACTORS.

NOTICE IS HEREBY GIVEN THAT ON Thursday, July 8, 1869, at 7½ o'clock P. M., the Common Council of the City of Albany will receive sealed proposals for making one or more wells of one of the following styles and patterns that may be adopted by the Common Council, viz:

Pattern No. 1—A well 16 feet in diameter, walled with brick from the bottom and arched from the water line to the diameter of 2½ feet at the top, and securely covered with a cast-iron cap.

Pattern No. 2—A well 14 feet square, lined with 3-inch red fir lumber, posts in corners 6 inches square of same material; capped with 6 timbers 4x10 inches thick and decked with 3 inch red fir lumber, with timbers for supporting the cap.

Pattern No. 3—A well 16 feet in diameter, walled from the gravel to the surface, and covered as No. 2.

Bidders are requested to make separate bids or proposals for each class of wells advertised, and state the cost per foot in each case.

The Council will reserve the right to reject any and all bids. M. V. BROWN, Recorder.

ALBANY BATH HOUSE!

THE UNDERSIGNED WOULD RESPECTfully inform the citizens of Albany and vicinity that he has taken charge of this Establishment, and, by keeping clean rooms and paying strict attention to business, expects to suit all those who may favor him with their patronage. Having heretofore carried on nothing but

First-Class Hair Dressing Saloons,

he expects to, give entire satisfaction to all. ☞Children and Ladies' Hair neatly cut and shampooed. JOSEPH WEBBER.

HOSTETTER'S BITTERS.

READ, THINK, AND DECIDE.

The simple therapeutics of the patriarchal era, when herbs given "for the healing of the nations" were the only medicines in use, find little favor with the medical profession of the present day. Yet at that early period of the world's history the ordinary term of human life was at least eight times longer than it is now. It is, therefore, manifest that the stamina of man has seriously decined in the lapse of ages.

It is a significant fact that, during this progress of human degeneration and decay, an immense number of powerful poisons have been introduced into the medical repertoire, while the mild, vegetable system of treatment, exclusively practiced when the world was young, has been in a great measure abandoned by the medical profession.—This is a curious coicidence, and it suggests the possibility of a direct connection between the physical deterioration of the species and the wholesale administrarion of deadly mineral and other drugs. It may well be doubted whether the mineral salts and oxydes, and the no less dangerous alkaloids, which chemistry has added to the pharmacopœa, have not destroyed more than all the diseases they have been prescribed to cure. One thing, at least, is certain, viz: That the average term of human existence has been fearfully shortened since the days when the vegetable kingdom was the only medical dispensary known to mankind.

The truth is—and sensible people are becoming more alive to it every day—that the world is overdoctored. The principals of medication are simple, but they have been so befogged by technicalities, so mystified by professional verbiage, that one-half the community fancy they can neither be interpreted nor applied except by persons who have been taught to clothe the living truths of science in the dead languages. It is not to the interest of "the Faculty" that the theory and practice of medicine should be simplified and popularized, and, therefore, the public conceive but little light on the subject from that quarter.

Lo prevent crime is one of the great ends of civil law, and to prevent disease should be one of the grand objects of medicinal science. It is better to protect than to cure, and much easier. Vital power is the natural antagonist of all the influences that militate against health—whether they exist in the air we breathe, in the water we drink, in the objects with which we come in contact, or in ourselves. Without a sufficiency of this resistant principal there can be no reasonable hope of escaping prevailing epidemecs or of enjoying, even under the most favorable external circumstances, an immunity from sickness and pain. This fact being established, the next question is how shall a deficiency in physical and constitutional vigor be supplied? Instructed by the experience of twenty years, and sustained by the testimony of thousands of individuals of both sexes, hailing from all parts of the world, we reply that Hostetter's Stomach Bitters is the only medicine that can be fully relied on as a protective and preventative tonic and alterative in all climates and under all contingencies. With a system strengthened and fortified by the use of the invigorate, no one who possesses common prudence need fear the effects of malaria. It is the best safeguard against infection and contagion at present known. It producees appotite; it promotes digestion; it prevents constipation; it regulates the flow of bile; it strengthens the nerve; it purifies the amimal fluid; it cleans the brain; and the vehicle of its medicinal properties being a pure difusible stimulant, their influence is extended to every portion of the system. Mere alcholic stimulants, though administered largely in medical practice, are not in themselves medicines; but they prevade the whole organization more certainly and swiftly than anything else that can be given. They are quickly taken up by the absorbents, and there is not a fiber of the body between the crown of the haed and the sole of the foot which is exempted from their influence. Hence a spiritous stimulant is the best medium for conveying to all the organs and members of a feeble or disordered system the means whereby that system is to be recruited and regulated. It is for this purpose that the alcoholic element is used in the preparation of Hostetter's Stomach Bitters. It is simply the instrument or vehicle by which the medicinal virtues of the preparations are carried to their objective points and rendered active.

The great objection to ordinary tonics, with an alcoholic basis is, that the spirit used is impure. The charge is true, and the objections to them founded on this cause are rational and just. The poison of adulterated liquor counteracts the effect of any sanative vegetable juices or extracts with which they are combined, and hence the worse than uselessness of the tonic tinctures. habitually prescribed by physicians. They are all, without exception, made of inferior alcohol, and seven-eights of them are positively deleterious. Hostetter's Bitters are entirely exempt from this serious drawback. The diffusible stimulent employed in their preparation is rye spirit, absolutely pure. It is rectified and tested until it is found to be utterly free from volatile oil, or any other unwholesome ingredient, and it is believed that there is no other proprietary medicine in existence which is manufactured with such conscientious care, with regard to all its components, as Hostetter's Bitters. Most tonics are powerful excitants, but this preparation is not an excitant at all. On the contrary, it soothes and calm the nerves, and is a delightful anodyne as well as an unequaled stomachic and alterative.

It is almost unnecessary to call the attention of dyspeptics to a medicine which is everywhere re-recognized as the standard specific for Indigestion In every town in the United States which contains a drug store or a store in which drugs are sold, it is known as a remedy for stomach complaints of every class, from simple flatulency up to the most obstinate chronic torpidity of that most important organ. Its anti-billious properties are also universally understood and appreciated, and in the West and South-west the old "Ague cures" have been generally abandoned, and this real cholagogue—which actually breaks up intermittent fevers within a week after the first dose has been taken—adopted in their stead. In the intermittent fevers, so common in malarious districts during the fall of the year, it has proved equally efficacious, and it may be truly said that it combines in an equal degree the qualities of a restorative and a preventative.

It is not alleged that Hostetter's Bitters are an infalliable panacea for all bodily ills. There never was such a wonder, and there never will be. But that the tonic is the most efficacious and purest in use; that it is the best existing safeguard against the miasma that geneartes epidemic fevers and bowl complaints; that is a genuine remedy for dyspepsia, billiousness, and indigestion, in all their forms, and that its popularity (as attested by its sales and the testimonials in its favor from all parts of the Western Hemisphere) exceed that of any other proprietary medicine on this side of the Atlantic, are palpable facts which cannot be ignored.

"GAY" NEWS!

FARMERS CAN RIDE AND PLOW!

—BY SECURING ONE OF THE—

"GAY" PLOWS!

Manufactured and sold for the very

LOW PRICES OF $65 AND $75!

The simplicity and practicability of this new Plow commends it favorably to the special notice of every farmer. It possesses a decided superiority over all other Plows now in use. The wheels are four feet in diameter and run on the unplowed land. Its entire construction is in no way complicated. The Plow is managed in every manner with ease, and requires only two levers to be used in making any alteration. The superiority of the "Gay" Plow will be clearly shown by the following certificate:

We the undersigned, citizens of Linn county, Oregon, having purchased and used upon our farms the "GAY" PLOW, hereby certify that the same has given us entire satisfaction. Its facility for adjusting to suit the depth of the furrow without moving from the seat, is simple and easy.—We like the Plow for its draught because the same is brought to bear directly upon the Plow beam instead of the carriage; also because it is strong and durable, all except the wood work being constructed of wrought iron; no castings are used. The wheels running upon the solid land is an advantage over other Gang Plows in striking off lands and in Plowing, not having to make the necessary changes in the machinery; and the seat is always level, not throwing the driver forward or sideways as in other Plows. Better work and more of it can be accomplished by the use of this Plow than by hand.

We take pleasure in recommending the "GAY" PLOW to our brother farmers as one having no superior in Oregon.

May 20, 1869.

J. G. REED,
A. S. LOONEY,
W. H. GOLTTREE,

PRIVATE MEDICAL AID

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

PRIVATE MEDICAL AND SURGICAL INSTITUTE!

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office, Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY RETURNS HIS SINcere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz. Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Debility, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to insure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

To Females.

When a female is in trouble, or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females; she should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty in their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred and confidential.

If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation by letter or otherwise. FREE. Permanent cure guaranteed or no pay. Addess, W. K. DOHERTY, M. D., San Francisco, California.

Spermatorrhœa.

Dr. Doherty has just published an important pamplet embodying his own views and experiences in relation to Impotence or Virility, being a short treatise on Spermatorrhœa or Seminal Weakness, Nervous and Physical Debility consequent on this affection, and other diseases of the Sexual Organs. This little work contains information of the utmost value to all, whether married or single, and will be sent FREE by mail on receipt of six cents in postage stamps for return postage.

Address, W. K. DOHERTY, M. D., San Francisco, Cal.

ADVERTISEMENTS.

TO THE UNFORTUNATE

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY,

623 Kearny St., corner Commercial, Private Entrance on Commercial St.,

SAN FRANCISCO.

ESTABLISHED IN 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc.—Skin Diseases (of years' standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence, from the effect of secret indulgences, or from virus absorbed into the system.—Look at their pallid, emaciated and disfigured faces, and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until neath closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be, therefore, careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence of approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and eruptions about the face, furred tongue, foeted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, the sufferer should apply immediately, either in person or by letter, to have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give $100 to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisc oquacks.

Married Men,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibilities resting upon them, nor delay to obtain immediate relief.

To the Ladies.

The various complicated and distressing diseases incident to females, treated with eminent success—such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruration, Barrenness, etc. will be speedily cured, without poisonous drugs, injuries, or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Person's calling at Dr. Gibbon's office or sending for packages of medicine may rely upon his assurances of confidential secresy with implicit faith, and expect no more than to be charged with a fair and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of the case, rather than a too prevalent and selfish practice of exortation among quacks and pretenders.

DR. GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

Cured at Home.

Persons at a distance can be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free of damage and curiosity, to any part of the country, with full and plain directions for use, by enclosing $15 dollars in currency or $10 in coin, in a registered letter, through the Post-office on Wells, Fargo & Co. A package of medicine will be forwarded by express to any part of the Union.

Address DR. J. F. GIBBON. Box 252, San Francisco, California.

Remember to put box 252 on the letter.

Consultation FREE.

☞Correspondents will please inform DR. GIBBON that they read his advertisement in the State Rights Democrat.

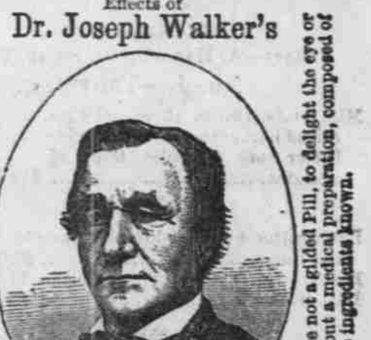
MORE THAN 200,000 PERSONS

Bear testimony to the Wonderful Curative Effects of

Dr. Joseph Walker's

"The Life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.



These Bitters are not a gilded Pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

CALIFORNIA

VINEGAR BITTERS,

Manufactured from the native Herbs and Roots of California,

☞The Great Blood Purifier.☜

FOR INFLAMMATORY AND CHRONIC RHEUMATISM AND GOUT, DYSPEPSIA OR INDIGESTION, BILIOUS, REMITTENT and INTERMITTENT FEVERS, DISEASES OF THE BLOOD, LIVER, KIDNEYS and BLADDER, these BITTERS have been most successful. SUCH DISEASES are caused by VITIATED BLOOD, which is generally produced by derangement of the DIGESTIVE ORGANS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.
