.MAY 6, 1870 OREGON DEMOCRATIC PLATFORM

ADOPTED AT ALBANY, MARCH 23, 1870. The Democracy of the State of Oregon, through their delegates in convention assembled, in accordance with long established usages, proclaim the following as the articles of their faith: following as the articles of their faith:

1st. That they are unalterably attached to the principles of our Republic, as expounded by its founders, and that the paramount object of their organization shall ever be to uphold and maintain

those principles inviolate.

2nd. That they hold those political partizans, who, occupying positions of trust, claiming to be representatives of the people, have usurped the authority confided to them, maliciously trampled under foot our sacred bill of rights, made civil law subordinate to military rule, perverted the functions of government and cudeavored to concentrate its powers in the hands of an oligarchy, wholly disregarded the will and wishes of their constituents, and insiduously endeavored to disparage, depose and stigmatize the once proud title of American citizenship, as enemies to the best necessis of the Commonwealth.

3rd. That the so-called reconstruction measures, attempted to be carried out by the present party

attempted to be carried out by the present party in power, is a nefarious scheme, revolutionary in design, treasonable in execution, one, which if acquiesced in as a rightful exercise of authority, will N. Bonham .. the safety and perpetuity of our form of govern-ment; and that the present Senators in the Congress of the United States, from this State, in supporting those measures, have misrepresented

people of Oregon.

4th. That the systematic efforts made by that party, to extend to the African, the Indian and the Chinamen, all the civil and advertisements for the control of the African and the Chinamen, all the civil and multiple the control of the civil and multiple the control of the civil and multiple the civil Chinamen, all the civil and political rights and privileges enjoyed by the white race, evinces a design on the part of its leaders to destroy the high estimate placed upon that invaluable heritage and render despotism less objectionable and more MUTUAL LIFE INSURANCE COMPANY

easy of accomplishment.

5th. That the ratification of the recently preposed amendment to the Constitution of the United States, extending the right of suffrage to the be States, extending the light opens the righted negro and Indian, and which opens the door for its enjoyment to the heathenish Chinadoor for its enjoyment to the men, is irregular, arbitrary and unlawful, and they most earnestly protest against the passage by the United States Congress of the pending act, des-igned to enforce the obnoxious and illegal pro-

6th. That they urge and entreat a repeal of the cent treaty concluded between the United States Total Surplus Eivided recent treaty concluded between the United States and China, which guarantees to the latter nation such extensive privileges and immunities without corresponding benefits to American citizens, offers to its hordes of semi-barbarians such favorable inducements to swarm in upon us, occupy our min-eral and agricultural districts, create a ruinous competition with our laboring masses, establish va-tious pursuits, disgusting rites, ceremonies and tious pursuits, disgusting rites, ecremonies and practices in our towns, discourage and repel the immigration of our own race, decrease the white All Net Earnings Divided Annually Among population, retard thrift, impede the advancement of education and enlightenment, abstract from our Losses paid promptly. 7th. That in the management of the municipal affairs, they urge a judicious application of the principles of sound political economy, a laudable principles of sound political economy, a laudable gation, will show that this (the oldest Mutual Life gation, will show that this (the oldest Mutual Life gation, will show that this (the oldest mutual Life gation). tring and commercial interests, a just and equitable protection to the laborer and the capitalist, and the faithful exercise of a system of rigid retreachment, that the government should be administered for the people, and not against them in protecting their rights and interests, and not in fostering monopolies to prey upon them and despoil them of their substance. That a system of taxation which has for itsobject the establishment of privileged orders under the government, either by preferring one class to another, or by imposing grievous burdens upon the tax-payers while conferring favors, exemptions and immunities upon the holders of government securities, deserves no gomery street, San Francisco; Room 3, Carter's GRIST AND SAW of privileged orders under the government, either

Sth. That the continual payment of the semiannual interest on the bonded debt of the United States, without abatement, together with other enormous expenses for which the people are taxed make a burden too intolerable to be borne without an effort to find some speedy means of relief. That the amount of the bonded debt is increased more than two fold, by the venal, illegal and unjustifiable terms of its contraction, that their is neither justice or wisdom in the repeated payment of the principle by the continued payment of the principle by the continued payment of the interest. That it is no part of good policy or good government to embarrass the energies of labor, and all business enterprise by excessive and oppressive taxation for the exclusive benefit of a combination of untaxed capital, that to relieve the country and to restore prosperity, we favor an equitable adjustment of the bonded debt of the United States.

9th. That the desire of the present Congress, as manifested by its proceedings, to secure to the wealthy bond-holder payment in coin on account of indebtodness growing out of loans to the Uni-ted States of treasury notes, when worth less than one-balf their coin value, after the holders thereof have received exerbitant interests thereon, and at the same time leaving the pensions due unfor-tunate soldiers, their wives, children or other kintunate soldiers, their wives, children or other kindred, to be paid in a depreciated currency, exhibits a spirit of injustice unsurpassed in the history of class legislation, and fully demonstrates the existence of a design on the part of the moneyed aristogracy of the country to influence the establishment of a policy favoring the aggrandizement of the rich at the expense of the poor, a policy which has for its object the aggregation of wealth, opulence and power on the one hand, and misery, poverty and slavery on the other; a policy fitted only to a monarchical form of government.

10th. That the Democracy of this State HPAUV GAGGIMEDES AND PLANNING A

10th. That the Democracy of this State now, as heretofore, are strenuous advocates of a tariff for purposes of revenue only. That the principle of "protection for the sake of protection," is at war with the diversified interests of the peois at war with the diversified interests of the peo-ple of the States, and experience has shown its tradency to aggrandize a class in the community at the expense and to the injury of the producing and laboring millions, taxing their industry, equal-ly in violation of the authority of the Constitution, and of the great principle that should govern this people in their intercourse with the family of na-tions.

11th. That we favor the adoption of an amendment to the Constitution of the United States, rescinding the XIV and XV amendments.

12th. That we are in favor of a liberal policy being pursued by the Legislature of this State in the bestowal of the land grants to her for the purpose of public improvements. pose of public improvements.

13th. That the Governor and resigning member

of the Legislature in engaging in a conspiracy to overthrow the State government, collect large amounts of coin as revenue to be drawn from the amounts or coin as revenue to be drawn from the business and hard earnings of the people to be idle in the treasury, or to be the subjects of gambling speculations in w. rrants, bonds and other securities, were guilty of a high crime against the government of Oregon, rendering them unworthy the respect and confidence of the people or of being further entrusted with the administration of the government. And while we thus condemn the action of the Governor, and resigning members. action of the Governor and resigning members, we unhesitatingly approve and sudorse the con-duct of the Democratic members in earnestly and faithfully striving to restore and maintain the or-ganization of the Legislature, and provide for the

rate reputation this ex-cellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous dis-case, where the system seemed saturated with corruption, have been purlied and cured by it. Scrofulous effections and disorders, which were ag gravated by the scroll-lous contamber they were painfully afficients, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofalous poison is one of the most destructive enemies of our race. Often, this unseen and unfeit tenant of the avenue, and the country is a constant. tenant of the organism undermines the constitution and invites the attack of enfecting or fatal diseases

and invites the attack of enfectbing or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous for as, either on the surface or among the vitals. In the latter, inhercles may be subtenly deposited in the large or heart, or tumors formed in the liver, or it shows its presence by emptions on the skin, or foul alcerstions on some part of the holy. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relat, and, at length, cure, by the use of this SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringurom, Sore Eyes, Sore Ears, and other cruptions or visible forms of Nerofutous disease. Also in the more concealed forms, as Dyspresia. Dropsy, Heart Disease, Fits, Epilepsy, Nearangia, and the various Ucerous affections of the muscular and nervous systems.

Syphilis or Fenerval and Mercurial Diseases and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Fenerval and Mercurial Diseases are cured by it, though a long lime is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will care the complaint. Leucorrhera or Whites, Utrine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Tarpidity, Caugestian or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Lauquid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
