ONE WORD MORE.

On next Monday, voters of Oregon, gon. You are on the eve of the most important election that has ever taken place in the State. The selection of a United States Secator for the term of six years; of three Judges of the Supreme Court for the same length of time, and the entire number of State, District, County and Precinct officers, cut a figure in the politics of this campaign that cannot be too highly estimated or too seriously considered .--The prosperity and material welfare of the State for years hence, is, doubtless, involved in the coming contest. The place that Oregon takes on next Monday will also have a moral influence, for national good or ill greater the entire continent, and joy or sorrow will illumine or darken the hearts of her sisters when her fiat shall have reached their ears. Consider, then, fellow citizens of Oregon, the importance that attaches to your each individual effort on election day. A single vote may send a Radical to the United States Senate; a single vote may give the Supreme Court of your State over to Radicalism; a single vote may place your legislation in the ings of Washington, be guided by the ation bill." thrice armed; you are mighty; you The following day, (Saturday,) it was "shoo fly" Mr. Powell. are invincible; for your cause is just. read a second time, and referred to you will never rest until Oregon shall Monday, to take up that bill were all all good men. We beg the pardon of a generous public for intruding it upon the people once more. The nomination of Joel Palmer, upon the Republican ticket for Governor has given it the greatest significance. That nomination has proclaimed in the ears of all our people and has written all over the political sky in this State that "the honor of Oregon is 'at stake."-The election of Palmer will dishonor Mr. Harding takes those of a directly Oregon. We clip the following sensible article from the Salem Press of the 31st: We would respectfully ask any Demoerat of Linn county, who is opposed to Mr. Jones, if there be any, to examine

his record and see for himself, if he has any occasion to go back upon it. In 1866 he canvassed Polk county and it was greatly owing to his earnest efforts that year that the county went Domoeratic, having for four years gone the other way. It is a matter of record that Dr. Jeffrics was largely indebted to Mr. Jones a county. While living here in Salem, having removed here from Polk, he was known as a hard working Democrat and his influence was extensively felt. We ord and we hope they will not allow themselves to be influenced by the slanders of the opposition and the paid tools Mr. Jones or any of the ticket.

Mr. Jones is well qualified for the position of Clerk, no better can be found. and his record is that of a hard working Demorcat and a sod citizen, what more wronging himself and weakening the influence of his party, it is no time for dis-We might add in this connection con
