Sequipal Weakness.

Seminal Weakness. Seminal emissions, the consequence of self-Seminal emissions, the consequence of salf-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the yeath of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under eyes, pain in the head, ringing in the oars, noise like the rustling of leaves and rattling of chariots, uncasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence of approaching strangers, a dislike to form newscounintances, a dispersition a dislike to form newsequaintances, a disposition to shun society, loss of memory, heetic fushes, pimples and eruptions about the face, furred tongue, forted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, the sufferer should apply W. K. DOHERTY RETURNS HIS SIN- a cure effected by hisnew and scientific mode of

and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to insure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter erother wire, will receive the best and gentlest treatment, and implicit secrecy.

PRIME PROPRIETORS BEG LEAVE TO IN.

ing for packages of medicine may rely upon his assurances of confidential secresy with implicit When a female is in trouble, or afflicted with faith, and expect no more than to be charged with disease, as weakness of the back and limbs, pain in the head dimease of sight, loss of muscular power, palpitation of the heart, irritability, peralent and selfish practice of exortation among
