NOTICE OF FINAL SETTLEMENT.

JOHN C. SPOONER, EXECUTOR OF THE ESTATE OF SPOONER L. SPOONER, dec'd, having this day filed his final account of his Administration of said Estate and rendered the same for settlement; it is therefore ordered that Monday, the 7th day of November, 1870, at the hour of one o'clock p. m., at the Court House in the city of Albany, in said county and State, be appointed for the hearing of objections to such final account and the settlement of the same, and that notice hereof be given by publication in the "State Rights Democrat," a newspaper of general circulation in said county, once a week for at least four successive weeks before said day. By order of said Court.

S. A. JOHNS, County Judge. Sept. 2, 1870—87.

ADVERTISEMENTS.

WOMAN.

Females, owing to the peculiar and important relations which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but one of these various female complaints can long be suffered to run on without involving the general health of the individual, and are long producing permanent sickness and premature decline. Nor is it pleasant to consult a physician or the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charms as to do this. The sex will then thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of these troublesome complaints peculiar to the sex.

HELMBOLD'S EXTRACT BUCHU.

Hundreds suffer in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precocious education and marriage, causes the years that nature designed for corporeal development to be wasted and perverted in the restraints of dress, the early confinement of school, and especially in the unhealthy excitement of the ball room. Thus, with the body half-dressed, and the mind unduly excited by pleasure, perverting in midnight revels the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In consequence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must, of necessity, produce their legitimate effect. At last an early marriage elaps the climax of misery, and the unfortunate one, hitherto as utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, which, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, these emotions, when excessive, lead, long before puberty, to habits which sap the very life of their victims ere nature has self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhoea, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: HELMBOLD'S COMPOUND EXTRACT OF BUCHU. Directions for use, diet, and advice, accompany.

Females in every period of life, from infancy to extreme old age, will find a remedy to aid nature in the discharge of its functions. Strength is the glory of manhood and womanhood. Helmbold's Extract Buchu is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. Helmbold's Extract Buchu, having received the endorsement of the most prominent Physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Impediment, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness at Night, Absence of Muscular Efficiency, Loss of Appetite, Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. To insure the genuine, cut this out. Ask for HELMBOLD'S. Take no other. Sold by Druggists and Dealers everywhere. Price \$1.25 per bottle, or six bottles for \$8.50. Delivered to any address. Describe symptoms in all communications. Address H. T. HELMBOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.
