A COMPLAINT OF ACCOUNTS.

It is a fact which must be put on record that the com- the population of the State has increased by several hundred thousand since the last census, this, including the population of the city of New York, which is estimated at about 400,000. The increase, however, has been more than twice as great as the increase in the population of the city. The population of the city of New York, which is estimated at about 400,000, has increased by about the same amount since the last census.
