The Democrat.

FRIDAY.....APRIL 7, 1871.

THE SUMNER REMOVAL MATTER.

The Washington correspondent of the New York *Tribune* of March 10th gives the following account of the proceedings in the Senate that day on the Sumner removal affair:

Since the memorable all-night debate on authorising the appointment of the San Domingo Commissioners, no more painful or disgraceful scene has occurred at the Capitol than the six hours' discussion in the Senate, to-day, on postponing the appointment of the Standing Committees; and since the veto of the Civil Rights Bill, there has not been so exciting and absorbing a scene for those who crowded the galleries and filled the vacant space on the floor of the Senate Chamber. The very nature of the debate, involving only the question of the transfer of Mr. Sumner from the Chairmanship of the Foreign Relations Committee, made it unusually personal, and as the interest increased, scarcely a Senator spoke without indulging in recrimination and invective unbecoming the dignity of that honorable body.

Having failed in their attempts to delay action on the report of the Caucus Committee, Messrs. Wilson and Schurz opened the discussion as the champions of Mr. Sumner. Both spoke with great feeling, and insisted that the proposed action was a surrender on the part of the Senate of its independence, in changing the composition of its Committees at the demand of the President or his Cabinet. Mr. Wilson, especially, showed great emotion, and begged and implored his political friends not to consummate the action which he asserted to be adverse to nineteen-twentieths of the Republicans of the country.—Mr. Trumbull, whose own personal differences with Mr. Sumner on matters of public policy are well known, was scarcely less emphatic than the personal friends of Mr. Sumner, in denouncing as wrong his removal from the Committee, of which he has so long been the head.

Messrs. Howe, Nye, Edmunds and Morton positively denied that the President had made any request to have Mr. Sumner removed from the Committee and repeatedly asserted that it had been done by the majority of the Republican Senators, solely because they believed that the true interests of the country, and of the party, could best be served by such action. They also called Senators to account, who, having taken part in the Republican caucus, refused to abide by its decision.

Mr. Wilson, in his own defense, was very emphatic in denying that he could be bound by any caucus decision which he did not believe to be right.

Messrs. Sherman, Cragin, Corbet and Morrill of Vermont entered their protests against the removal of Mr. Sumner, on the ground that there was no just cause for it, but added, that, having done this, they considered it their duty to abide by the will of the majority of their party; and Mr. Nye (with one eye on the reporters' gallery) again took the occasion to express his distinguished contempt for the opinion of the press of the country on the subject, intimating that the conductors of the leading journals were ignorant of the usages of the Senate, and no right to meddle with subjects that did not concern them. An irreverent correspondent in the gallery was heard to remark that the Senator from Nevada, like his namesake immortalized by Bret Harte, may yet find in the press of the country his "heathen Chinee." Mr. Tipton asserted that, deny it who would, the reason given in the caucus for the removal of Mr. Sumner was the opposition of that Senator to Santo Domingo annexation. This was denied, however, and Mr. Tipton charged with revealing private conferences, and the proceedings of the Senate in Executive Session, when he retorted that the proceedings of the caucus were all published in to-day's newspapers, and the fact that the vote on the Santo Domingo treaty stood 28 to 28 was printed all over the country, that the report had never been denied, and that he (Tipton) knew it to be true. When again called to order Mr. Tipton said he would not deny it. The galleries applauded and the presiding officer threatened to have them cleared.

Mr. Sumner took no part in debate, except merely to put in a denial of the oft-repeated assertion that he had refused to hold intercourse with the President and Secretary of State. To this denial Mr. Howe opposed the assertion that he had been told by the Secretary and a Senator that Mr. Sumner had, in a public place, refused to answer a civil question put by Mr. Fish, and Mr. Sumner only shook his head, and said that it must have been in the "lightest possible whisper." He, however, insisted that his name should be omitted in the new Committe on Privileges and Elections, to which he had been assigned as Chairman. All motions to postpone were voted down by small majoritities, the Democrats voting with the republicans who sustained Mr. Sumner. The evident determination of the majority of the Senate was not to adjourn until the question was settled; and finally at six o'clock a vote was reached, when the order was adopted by a vote of 33 to 9, those in the negative being Democrats. A number of Republican Senators left the Chamber just as the vote was taken, and among them were Messrs Logan (who made his maiden speech to-day in favor of Mr. Sumner), Schurz, Trumbull, Tipton and Wilson. Mr. Patterson was not in the Senate at all to-day. Mr. Cameron came into the Chamber at about three o'clock, but seemed to take no interest in what was going on, and did not vote either. The Democrats did not participate in the debate at all, except to exclaim their votes.

The sympathies of the great throng in the galleries were entirely with Mr. Sumner, and demonstrations of applause were constantly made at every complimentary allusion to him. When the subject was finally disposed of the Senate adjourned until Monday.

A benedict advertises his wfie for sale, warranted sound and kind, his only reason for disposing of her being that he feels his own educational inferiority.—If all husbands should do likewise the wife'ess husbands would make an overwhelming majority.

An old negro woman, in accounting for lack of discipline insist that it is because their mothers wear gaiters. "You see, when we wore low shoes, and the chilun wanted whippin', we just took took off a shoe mighty quick and guv 'em a good spankin'; but now, how's a body to git a gaiter off in time? So the chilun gits no whippin's at all nowa-days."

THE REPUBLICAN PRESS ON SUMNER'S REMOVAL.

The plain fact is, and it will grow clearer day by day, that his deposition is due to his opposition to the acquisition of an island, and the needless expenditure of millions of money, for which there is no necessity. That is the head and front of his offending.—*Cincinnati Commercial.*

This expulsion of Mr. Sumner from the chairmanship of a committee of which he had been so long the able organ, is a mistake in whatever way it is regarded. A blow at him, without cause, and against all rule and precedent, will be resented as was the blow given by Brooks, as intended to silence all brave and earnest remonstrance against wrong, and will be remembered to be rebuked.—*Chicago Tribune.*

Leaving out of sight the moral wrong, the deep injustice of this proceeding, and looking at it in the light of a mere question of political policy, we ask, in all solemnity, can the Republicans of the Senate afford to pay out the friends this thing will cost the Republican party?—*Toledo Blade.*

Every Republican paper that comes to us, with one or two exceptions, denounces the removal of Senator Sumner from the chairmanship of the Foreign Relations Committee, and protests against the unjustifiable and insane action of the Senate caucus.—*Philadelphia Press.*

President Grant, by his interference with the composition of the Committee on Foreign Relations of the Senate, has damaged his Santo Domingo scheme irretrievably. It is now impossible for any treaty for the annexation of that territory to receive a two-thirds of the Senate, even if it could secure a majority of that body, which is very doubtful.—*Boston Transcript.*

The deliberate sense of the Republican party will disapprove of it. There is no need to review the course of Mr. Sumner, with a view to exhibit the mistaken policy of throwing overboard one of the founders of the party, and a consistent Republican, to give place to one who has small claim on that party's support, or on the respect of citizens of the country.—*Hartford Post.*

The Santo Domingo quarrel has assumed proportions out of all reason, when the present value of the island and the public indifference to annexation is considered. These, and a dozen other causes of contention, are on hand, and to these the obstinate Mr. Grant proposes to add a quarrel in which he is wholly wrong, and in which success will be worse for him than failure. If this is statesmanship, the less we have of it the better.—*Springfield Republican.*

Mr. Sumner justly stands so high in the estimation of his associates in the Senate, and of the whole Republican party, that he cannot be placed in a subordinate position in the Republican party, in this way, without producing an unpleasant shock throughout the country.—*Rochester Democrat.*

The whole movement is a mistake, and will so appear before the unhappy results are fully reached. This has been supplemented by another on the part of the majority of the Senate. Neither of these great mistakes will be supported by the great majority of the Republican party of the country, while the refusal of twenty-three Senators to vote on a question which necessarily involves the humiliation of the Senate, will strengthen the opponents of President Grant's Santo Domingo policy.—*Providence Press.*

We say without cause, for we cannot make it bear any other look. We will give them all the credit for respectable intentions which the case admits of, and then we must add that they have done a great wrong and made a great mistake.—*Boston Journal.*

The almost universal sentiment of the Republican press throughout the country is that a great mistake has been made by Mr. Sumner's ejection from the place he has so long filled with credit to himself and to the nation, and the fact that he is succeeded by a man not his equal in talent, or culture, or the kind of experience needed for the position, increases the gravity of the mistake.—*Philadelphia Bulletin.*

The President forced this quarrel upon Mr. Sumner, and it is to be hoped the latter will not shrink from it.—Sumner has a deep hold upon the affections of the best men of the party; his enemies are not respected by anyone.—*Providence Herald.*

Grant, on Monday last, "dictated the names of the committee of five who reported Sumner's removal to the caucus," and this was the result of "a certain negotiation between President Grant and certain Senators."—*Patterson (N. J.) Press.*

When the highest legislative power in the land discards Sumner and selects Simon Cameron as its instructor, its leader, its organ, and its inquirer into the complicated details connected with foreign relations, the schoolboys should no longer be surprised that a horse was made consul in Rome. To strike Sumner down for one disagreement was an outrage, and is an indication that the independence of the Senate is gone, and will compel the belief abroad that it is truculent to patronage.—*Philadelphia Telegraph.*

A JURY SCENE IN WYOMING.—A dispatch from Laramie, Wyoming Territory, March 11th, gives the following:

Among the cases untried are four divorce suits. The female portion of the jury appear now to be perfectly at home with their task. The timidity manifested at the beginning is entirely worn off. Such of the testimony as is necessarily unrefined is listened to with as much regard for their sense of duty as is manifested by those of the sterner sex. Several of the ladies, to improve the tedious hours while on duty, bring with them their knitting and other such like work, and the array of the jury represents quite a curious appearance, having among them a negro.

DR. JULIEN PERRAULT,

Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has the pleasure to inform patients and others seeking confidential medical advice that he can be consulted daily at his office, Armory Hall Building, North East corner of Montgomery and Sacramento streets, San Francisco, Rooms Nos. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the result of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruits tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight. Discharge from the Urethra on going to stool or making water, Intellectual Faculties are Weakened, Loss of Manly Power, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing, or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams; melancholy, sighing, palpitation, faintings, coughs and slow fevers; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six or eight weeks.

Patients suffering from venerial disease in any stage, Gonorrhœa, Gleet, Strictures, Bubo, Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOTT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to DR. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They are a Gentle Purgative as well as a Tonic, possessing the combined virtues of a perfect Cathartic and a pure Stimulant. They act upon all the purifying organs of the human system, such as the Liver, and all the Visceral Organs, in their work of purification, and by keeping the digestive organs in healthy action, and by giving tone, vigor and strength to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.
