"THE WANDERING JEW."-A rumo comes from a village near Antwerp that the historic "Wandering Jew" has been seen in that neighborhood. He is reported as having passed rapidly through the market place, and as having, on the outskirts of the village, addressed a few words to some children, who bolder than their communicious had followed in his path. He was some children, who bolder than their companions had followed in his path. He was
dressed in worn and dingy antique garments, carried a long staff, and with his
profuse beard streaming in the wind presented such awe inspiring appearance that
the terrified vilagers fled from him in
fright. When he passed and spoke to the
children he told them to go back and inform the people that a new rufer had
arisen in Europe, who would bring Belgium, Holland, and other countries under
his sway, that many strange vicissitudes
would be witnessed, and that many proud
heads would be brought low. On being
questioned as to his name he replied,
"Seek not to know. I have been here
before in the past. I shall be here again
in the future. Until the end of time shall
I walk the earth unceasingly." The apparition then waving its hand turned
from the children and resumed its plodding walk, and disappeared in the distance.

HALLS VEGETABLE SICILIAN HAIR RENEWER

Every year increases the popularity of this valuable Hair Breparation; which is due to merit alone. We can which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most

economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes."

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and AGUE from the system, and prevents the development of the disease, if

poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody: and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of discovered to the consequence of the miasmatic poison. TERMS TO CLUBS. THE DOLLAR WEEKLY SUN. Five copies, one year, separately addressed.

healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralcia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysteries, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and personatravelling or temporarily residing in the mainrious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and rannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail. I. W. ENGLAND, Publisher, San office, New York City. Dr. J. C. AYER & CO., Lowell, Mass.,
