OPPORTUNITY FOR AGENTS.—We have received from the publishers of Wood's Household Magazine, two beautifully tinted Crayon pictures representing the heads of a little boy and girl—"Our *Hope*" and "Our Joy." L. Prang & Co. originally published them at $4, but they are now offered with Wood's *Magazine* for one year at only $1.50. They are to be introduced by agents, who are allowed a handsome commission on this price, which makes a most desirable business for canvassers. While the magazine alone is richly worth the money, the pictures are charming, and must be seen to be appreciated. For full particulars address S. S. Wood & Co., Newburg, New York.

GO SLOW, BOYS.—Two young men from the country, whose names we did not learn, while in town some time since, managed to make things most too lively to suit the quiet disposition of our city *Marshal*, which, the same he was free to declare, whereupon the young gents aforesaid went for their country home a little too fast for our city executive. On last Wednesday the boys supposing the thing had grown to old to be dangerous, came into town and ran right into the arms of the very man they did not wish to meet. The city finances increased to the extent of ten dollars and the boys went home.

UNTRUE.—The reported killing of Frank Rice and son, which we published last week, we are glad to learn proved false. *Mr.* Wilson Johnson, who resides near Jefferson, returned from Eastern Oregon last Friday, and states that he camped with *Mr.* Rice a few days previous. Mr. Rice had heard the report, which seems to have originated in Oshoca, and sent a message by *Mr.* Johnson to his family to quiet their apprehensions as to his safety.—Whether the report was started by some malicious person, or how it originated is not stated.

MUSICAL MICE.—Professor Francis, the accomplished music teacher, of Salem, was recently on a tour through the country and towns of the valley repairing and tuning pianos. While going through a fine instrument, which had been giving forth rather uncertain and mysterious sounds for some time, he came across an interesting family of mice, numbering about fifteen, adults, juveniles and all. The Professor is of the opinion that the family is of rather a musical turn of mind.

LARGE PURCHASE OF SHEEP.—On last Wednesday Col. Jeo. Teal bought of *Mr.* Martin Payne of this county, 800 head of fine sheep, which the Colonel designs adding to his flock on his Polk county farm. The sheep are of Cotswold and *Merino* breeds and perhaps the finest flock of sheep in the state of equal number. Col. Teal has now 6,000 head of sheep on his ranch in Polk county, which contains 4,441 acres of beautiful rolling land, much of which is the best farming land in the State.

THE FRUIT CROP.—From all accounts from the country the apple crop of the present season seems to be a failure. Many large orchards are entirely destitute of fruit. Unless orchardists pay more attention to the care of their trees Oregon will soon lose its reputation as a fruit-growing State. Apple trees are short-lived and require more attention than has been devoted to them since apples ceased to command the old '52 prices.

ONE G. W. BIGGERS, M. D., of La Grande, Oregon, through the newspaper columns, denies that he owes this establishment $20, or any other sum. We now reassert that he owes us for office-rent and advertising, and we shall as soon as possible take the necessary legal steps to collect the amount due us ($22,50). That will certainly settle all controversy as to the veracity of our assertion.

ALBANY BROOMS.—W. D. Belding is now manufacturing in Albany, first class brooms from California raised broom corn. Mr. Belding's brooms excell the best Eastern made article in every respect. We trust that he may meet with the encouragement he merits. It is to the interest of all to patronize home manufacture and those who realize this important fact should inquire for Albany made brooms.

INVITATION EXTENDED.—At a meeting of Albany Fire Company, held on last Tuesday evening, a resolution was adopted inviting Portland Fire Co. No. 1 to visit Albany. The time of the expected visit is left with the Portland company, but it is anticipated by the Albany boys about the 9th of next month.

FINE PLUMS.—A. Carothers & Co. presented to this office a fine lot of plums, the largest and most delicious we have ever seen. They were from the Willamotte Nursery, belonging to G. W. Walling, for which Carothers & Co. are agents. The fruit is of a light purple color and as large as a medium sized peach.

HELD TO ANSWER.—Fred Hannon had a preliminary examination before Judge Tandy, of the County Court, on last Saturday, upon the charge of obtaining money under false pretenses.—He was held to answer at the next term of the Circuit Court in the bond of $200, which he gave with proper securities and went his way rejoicing.

RUNAWAY.—Two horses attached to a wagon made things lively on last Monday by taking it into their heads to make an excursion on their own hook through the northern part of town. They started from Morris' warehouse and struck off at a lively rate.—The owner soon succeeded in bringing them back. Damage light.

PARADISE SPRINGS.—W. R. Finley, proprietor of the Lower Soda Springs, has named his place Paradise Springs. He is prepared to accommodate invalids and others in good style. *Mr.* Finley proposes to continue improving this pleasant resort until it will be unequaled in the State.

BEARS.—Last Sunday a couple of black bears were brought to this city to be shipped to East Portland, for the purpose of putting them in the park in that city. They were captured in the mountains west of Corvallis, and are fair specimens of that species, one weighing 275 and the other 300 pounds.

FOR EASTERN OREGON.—*Mr.* E. G. Sperry, an old resident of this county, started last week with his family to remove to Eastern Oregon. He designs devoting his attention to stock raising among the rich bunch grass somewhere on the waters of the Deschutts.

SEVERE FALL.—A son of John Long, residing about 12 miles south of this city fell from a load of hay, one day last week, striking upon his head and shoulders and injuring himself severely.

SACKS READY.—Westlake & Simpson, successors to Cartright & Co., of the Froman Warehouse, notify the farmers that they are prepared to furnish the sacks to bring grain to their warehouse for storage or sale.

SOMETHING NEW AT SCIO.—A. Goldsmith has opened the Portland Store at Scio, where farmers and others can purchase any thing in the line of merchandise at Portland prices. Read advertisement in this paper.

RELIGIOUS.—Rev. Dr. Sargent, of Baltimore, of the M. E. Church, South, will fill the appointment of Rev. J. M. Lovell, at the Court House on next Sunday. Services at 11 o'clock, A. M.

A band of about one hundred head of cattle passed through town on last Monday en route for Eastern Oregon.

The Albany market is stocked at present with roasting-ears, water-melons, green corn, cholera morbus and ague.

Would it not be well for our city authorities to suggest to property owners the propriety of driving the nails in the side walks in front of their dwellings and places of business? The first thing anybody knows some one will be found with a seven inch spike thrust through their vitals.

From *Main* to California, the cry is that the New Wilson Straight Needle, Unnderfeed Sewing Machine, is the best machine for all kinds of work on both heavy and light-sewing. It runs easy and is simple; a child can use it. It is never out of order, and is always ready for business. It has lately taken the premium at the great Northern Ohio State Fair for best work done on the ground. Don't fail to see the New Wilson Machine, and remember that Fifty Dollars now buys the best sewing machine in the world. PACIFIC COASTERS.

A Greeley Club of Liberal Republicans has been organized in Lane county. A number of bedrock Republicans have enrolled their names.

The Central Pacific road now has about 3,000 cars, and the shops at Sacramento are turning them out at the rate of ten per day; notwithstanding, their rolling stock is insufficient for the traffic of the road.

A Mrs. Hansen died recently in Clackamas county under circumstances which cause the belief that she was poisoned. She was living with a second husband and suspicion seems to point to him as the guilty party.

A Washington county widower sent $350 to Scotland to pay the expenses of a Scottish lass, whom he desired to marry, to this country. She arrived in due time but upon being introduced to her adorer wished to be excused.

Judge Humason, of the Dalles, has been trying to buy the franchise of W. W. and C. R. Railroad, but failed. He had the money, and would have no doubt pushed a road through to Grande Ronde valley without delay—one very much needed.

Two horses attached to a buggy escaped from where they had been hitched on the White House road, near Portland, last Monday. They ran a considerable distance and leaped over a forty foot embankment. One of the horses had a leg broken and the buggy was completely wrecked.

One day last week Mr. Vincent, the keeper of the jail at Olympia, was locked in the inside of the institution by one of the prisoners named Guildare, After the door was securely fastened by Guildare, he left for parts unknown and has not been heard of since. He was in prison awaiting trial on a charge of attempting to commit rape.

The *Guard* says: On Wednesday a young man named James Richey, who lives in Camp Creek, was accidentally shot and badly wounded. He had gone hunting and while getting over a log his gun went off, the load entering his hand and passing up the arm to the elbow. REMARKABLE CURE OF THE SUPERINTENDENT OF THE GUADALOUPE MINE.

"THE WORK GOES BRAVELY ON."—CASE NO. 6001
—SECOND SERIES.

GUADALOUPE MINE, near San Jose, August 15, 1871.

DR. A. M. LORTEA & Co.—For a long time I have been afflicted with Rheumatism in my hands and feet, the pains most of the time being very severe. On the 7th of July I procured some of your UNK WEED REMEDY, and after taking only three bottles, find that I am quite restored to health and strength. I have had the Rheumatism for eleven (11) years, and think that the success of the "UNK" in curing a disease of long standing, in so short a time, is very remarkable.

As a tonic and appetizer I have never met with anything equal to the "UNK WEED REMEDY." During the time I was taking it I gained (15) pounds in weight. Trusting that this certificate may be useful in inducing others affected as I was to try the "UNK."

I remain, very truly yours,
JAMES T. BROWN,
n27tf. Sup't and Agent Guadalupe Mine.

A Perilous Season.

Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments.—The liver is more or less affected, the bowels are either constipated or much relaxed, the stomach but half performs the work of digestion, the appetite is poor, and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak, it braces and reinforces them. If the mind, which ever sympathises with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and anti-bilious medicine, is not known and appreciated. Throughout the tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the bitters made of acrid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people.—Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the tried remedy, Hostetter's Bitters, sold only in glass, and never in kegs or barrels.
