

FOR PRESIDENT: HORACE GREELY, OF NEW YORK. FOR VICE PRESIDENT: B. GRATZ BROWN, OF MISSOURI.

President Electors: L. F. LANE, of Douglas county, GEO. R. HELM, of Linn county, N. H. GATES, of Wasco county.

THE LOUISVILLE SIDE SHOW. On next Monday the Louisville conclude of discontents and mercenaries meet to make a last frantic effort to create a diversion in favor of Grant.

Such is the Grant faction; a party of unthinking men led on by an army of small fry political brokers, who sell them for so much per head to shoddy monopolists and office-seeking knaves.

A more disgusting exhibition of cowardice was never seen than that witnessed in President Grant's recent pardon of the Ku Klux prisoners confined at Albany, New York.

A PARTY OF PREJUDICE AND HATE.

The Grant faction presents a most pitiable spectacle. When led by those great men—Greely, Sumner, Trumbull, Cox and the host of eminent statesmen who now spurn and repudiate it—the Republican party commanded the respect even of its opponents.

Then it embodied ideas and enunciated principles which it had the ability to express and defend. Look at its now and behold the contrast—its leaders are men destitute of character and in many instances illiterate, coarse and vulgar, whose highest aspirations are to retain control of the offices of the Government with a view to make money.

They regard every man as their enemy who is not willing to join in their disgraceful squabble for spoils. Among the managers of the party may be found men of every shade of political opinion who are held together by no bond save a mutual desire to gain position and pelf.

The mass of the party is composed of men who are controlled by prejudice and sectional hate, and it is to these base and ignoble passions that appeals are made by Grant papers and orators.

The animosity engendered by our late fratricidal strife is aggravated anew and thousands listen to a rebash of the inflammatory appeals made during the war and forget that reason has resumed her sway and that peace reigns throughout our borders.

Such is the Grant faction; a party of unthinking men led on by an army of small fry political brokers, who sell them for so much per head to shoddy monopolists and office-seeking knaves.

How long will men suffer themselves to be led blindfold and shackled when it is in their power to stand upright in their manhood and in the dignity of freemen?

INGLE NOTES OF THE CAMPAIGN.

A Greeley Club is to be organized to Baker City. Grant is coming out for Greeley—on the 4th of March.

The battle cry of the Grantites is "Let us have a piece." Greeley's tour throughout New England was everywhere a triumphal march.

Vermont holds her State election next Tuesday, and Maine next Monday week (9th).

The New York Sun says the Administration expended \$800,000 to carry North Carolina.

The best informed men in the State regard Oregon as certain to go for Greeley by a handsome majority.

The Gazette, at Fort Wayne, Indiana, the only Grant paper in that city, is veering about in favor of Greeley.

"How easy do editors lie," exclaims the Bulletin. For a living illustration of the fact look at its "chief."

The New York Day Book will now lose caste in the Radical ranks, as it has hoisted the names of Greeley and Brown.

The Lexington Caucasian rejoices that the Grantites are henceforth to suffer the affliction of the company of Brick Pomeroy.

The Democrats and Liberals of Eastern Oregon, are working harmoniously and with a will in the cause of Greeley and reform.

"Is thy servant a dog?" mentally ejaculated Boutwell when ordered by Grant to go down South and beg for negro votes for his master.

Brick Pomeroy, of New York, Geo. A. Buys, of Eugene City, and Blatant Duncan "at large," are the men who lead the Louisville movement.

DEBTS OF NEARLY EVERY STATE IN THE UNION—THAT GREELY WILL BE MADE PRESIDENT BY AN ALMOST UNANIMOUS ELECTORAL VOTE.

The Pioneer edited by Emily Pitt Stevens, has hoisted the name of George Francis Train, for President. He would make a good candidate for Brick Pomeroy and Bratheran Duncan.

The Springfield Republican has a review of the situation in Vermont, by a correspondent, and the conclusions reached are, that there will be a change of 10,000 votes from Grant to Greeley.

The New York News has for some time past published an offer to bet \$10,000 on the election of Greeley. The telegraph states that the bet has been taken by a combination of gentlemen of Saratoga.

People wear Greeley hats, coats and fans, and with the latter pretty girls are pleased to cool their golden tresses, and now and then they kiss the benignant face of the kindly old philosopher of the Tribune.

The editor of the Eugene Journal, who has served with the negro police in Washington City for several years, says the colored voters of that city will not support Greeley. From his official associations we should judge that he ought to know.

Frank Hiscock, of Syracuse, N. Y., one of the most active republicans in that section, a member of the state constitutional convention in 1867, is bitterly denounced by the Grant organ at Syracuse for his activity in behalf of Greeley and Brown.

The Pantagraph says it has heard of one Greeley man who became a Grant man by listening to Mrs. Dunway's lecture at Roseburg. Whether any other influence was brought to bear upon him than the lady's rhetoric, the Roseburg organ saith not.

The Statesman thinks its suggestion regarding the election of a fusion candidate to the U. S. Senate impracticable. It is a matter of entire indifference to Democrats. The Statesman and Oregonian are the only parties which have manifested any uneasiness on the subject.

The Oregonian claims the election of Jacobs, Democrat, to the Governorship of West Virginia as a Grant victory. Now, the truth is, there were not enough Grantites in that State to make a ticket, and two Democratic candidates ran. West Virginia will give a majority of four to one for Greeley.

Since Governor Grover's inauguration he has received \$117,606.16 of the ten per cent fund accruing on the sale of public lands in Oregon. Under Wood's Administration it will be remembered that all that was received of this fund went to help make up the aggregate of Sam May's stealings.

O'Meara says Henry Wilson, the Radical candidate for Vice President, is not the author of the atrocious sentiment ascribed to him, abusing German and Irish adopted citizens. The Grant papers hasten to lay Mr. O'Meara's valuable ipse-dixit before their readers as conclusive evidence in the case. How's that for high?

Wilkes' Spirit of the Times, in view of the organization of a diamond expedition to Arizona by the White House ring at Washington, whose expenses will be paid from the public coffers, thinks that General Grant, if reelected, ought to be worth \$100,000,000 at the expiration of his second term. It is proposed that he then turn author, and write a book on "What I Know about Making Money out of the Presidency."

WHAT HORACE GREELY KNOWS SEWING MACHINES! OUR FAVORITE SEWING MACHINE! The cheapest and best sewing machine now manufactured for family use is probably the

NEW WILSON! WE CERTAINLY WOULD NOT BE OTHER since it works with equal facility on machine, wood, iron, tin, brass, copper, and leather. It does not paralyze the spine or weary the operator in any way; neither does it demand an incessant struggle to find out where the difficulty lies. There is no difficulty. It runs smoothly on cast-iron, brass, steel, rollers, gears and bands. It does the finest and most beautiful work on canvas, broad linen, and it will do anything that can be done by hand. It also has the merit of being cheaper than any other model, since it can be purchased, with a plain, substantial cover, iron stand and walnut frame, nicely finished in oil, for \$20. It does not get out of order, nor break needles, nor slip, nor jammer the cloth. So complete has
