The Democrat.

FRIDAYMAY 9, 1873.

DANGER TO THE PARMERS.

It is evident to every one who has taken any pains to investigate the matter that a Wheat Ring is being organized in Oregon for the purpose of centr ling the market and dictating the placed on board ship without expense, price of the coming crop. This ring ought to be worth San Francisco under the control of a wealthy prices, less freight and insurance, Eaglish firm who furnish ships and money, and expect to share largest of the year, the abundance or scarcity of tonnage, and charter of vessel.-in the profits of the enterprise. Their | Steamer freight is \$5.00 per ton, say Portland agents have already received | 25 ets. per 100 pounds. orders to ship only by the Holladay wheat at Astoria. It is far preferline of boats and buy only where wheat able to Portland. can be controlled for such shipment.

Thus, by crushing out the opposition and leaving the carrying trade in the hands of a single line, commanding sive wheat merchant on the coast
