The Democrat.

FRIDAY..............AUGUST 28, 1874.

A GOOD LESSON.

If your boys revolt from study, give them an opportunity to test the pleasure of manual labor, and then let them follow the occupation they prefer. In nine cases out of ten, books will carry the day. "When I was a boy," said the elder Adams, "I had to study the Latin grammar, but it was dull, and I hated it. My father was anxious to send me to college; and, therefore, I studied grammar till I could bear it no longer, and, going to my father, I told him I did not like study, and asked him for some other employment. It was opposing his wishes, and he was quick in his answer. 'well, John, if Latin grammar does not suit, you may try ditching, perhaps that will. My meadow needs a ditch, and you may put by Latin and try that.' This seemed a delightful change, and to the meadow I went. But I soon found ditching harder than Latin, and the first forenoon was the longest I ever experienced. That day I ate the bread of labor, and glad was I when night came on. That night I made some comparison between Latin grammar and ditching, but said not a word about it. I dug the next forenoon, and wanted to return to Latin at dinner, but it was humiliating, and I could not do it. At night toil conquered pride, and I told my father—one of the severest trials of my life—that if he chose, I would go back to Latin grammar. He was glad of it; and, if I have gained any distinction, it has been owing to the two days' labor in that abominable ditch."

Two years ago the James brothers, the same two desperadoes who sacked the express car, and "went through," the passengers on the Chicago, Rock Island & Pacific, and at Gad's Hill' stole the money box at the Kansas State Fair. They rode into Kansas, on horseback, and when the cashier was walking to the bank with the receipts of the day—about $3,000, they pointed their pistols at his head, seized the box and galloped off. This was done in broad day-light, in the midst of a great crowd. Well, some time afterwards one of the Kansas City reporters wrote an article about these highwaymen, saying some kind things. He called them brave, and said they had done the most daring deed in the highwayman's record. A few nights afterwards the James brothers rode into Kansas City, went to the newspaper office, and called the reporter out, presented him a handsome watch and chain. They said the article in question touched them in a tender spot, and they desired to show gratitude.

"But I don't feel at liberty to take the watch," said the reporter.

"But do it to gratify us. We did not steal this watch; we bought it and paid for it with our own money," continued the desperadoes.

"No, you must excuse me," continued the reporter.

"Well then, if you can't take this watch," replied the James brothers regretfully, "perhaps you can name some person about here that you want killed?"

AN ICE HOUSE FOR FIVE DOLLARS.—A neighbor of mine, says a correspondent, has an enclosure about six feet square in the clear, and six feet high. The walls are formed of old refuse timbers thrown carelessly together, with no regard to form or comliness. The roof is made of hemlock boards. The entire cost of this building did not exceed five dollars; and, practically considered, it is a success; not ambitious of containing thirty-five loads of ice, but simply five loads. Ten years this little unpretentious house has been used for ice, and never yet dishonored a draft upon its crystal deposit. About six inches of sawdust was spread upon the ground floor, and in packing a space of about nine inches was left between the ice and the walls of the building for sawdust and about nine inches of sawdust was spread upon the top of the ice, and the thing was fixed. The three main principles observed here will always insure a supply of ice, viz: good ventilation, good drainage and plenty of sawdust. With these rules adhered to, a corner of any old pen-shed will prove quite efficient in preserving ice.

Here is a challenge sent by one Eureka man to another: You thought that you was a better man than I was: you thought that you was more highfalloutin than i was. But you are badly mistaken you are a backbiter and turn coat Lde hear By Chalenge you to fight a Duel on sunday 26 at 3½ p. m. with Double Barl Shot gun u have said anof a bout me and talked anof about i am as good as you are if not if you please ecept this fight at poston field V. i will leave you the sayso how many paces we are to stept off."

A Wahington Territory paper contains pictorial cuts of Mr. Beecher and Mrs. Tilton. To a close observer Mr Beecher's picture has a strong family resemblance to that eminent philanthropist, Dr. Walker of Vinegar Bitters fame, and Mrs. Tilton's presentment might have been used with equal propriety instead of the young lady who usually presides over the advertising column heralding the unparalled merits of Dr. Ayer's well-known curatives.

A gentleman who has just made the trip across the Cascade Mountains via the Barlow road, reports it in good condition. An examination of the books kept at the Toll Bridge at Sandy river, showed that up to August 12th, 850 head of beef cattle had passed over the road for Portland this season. Also, that there had passed from the Willamette Valley to Eastern Oregon about 3,000 head of stock cattle.

Indiana women are relating [illegible] of how they used [illegible] with Henry Ward Beecher [illegible] they add, "I was very

ADVERTISEMENTS.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
