Week after next the County Commissioners' Court meets again, when some decision is expected on the question of county aid for the construction of the proposed bridge across the Santiam at Lebanon. We regret to learn that some persons in this section of the county are taking.

Sate are waking up to their true interests by inaugurating new enterprises that will give increased facilities to the producers, easier and cheaper outlets for the transportation and better markets for their produce. The people of the Upper Willamette Valley have suffered serion this section of the county are taking.

Several pleased to enlighten the public mind on this point that it established all that was intended, the project is feasible.

Mrs. New Mrs. New Magon, near Harrisburg would be better than the wagon, near that was intended, the project is feasible. Week after next the County Comthis section of the county are taking of an active part against the granting of ings to the seaboard. We have a relief to the seaboard. We have a relief to the seaboard by nature the valley would be much better and the valley would be much better and the valley would be much better and Coos county or Coos an active part against the granting of aid by the county. Such conduct gon lavishously endowed by nature with all the essential elements to that rich and prosperous section of our county which will most be benefitted by the enterprise. While this thighest type of civilization. The distribution of our climate, the fertility of our climate and prosperous and independent people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. The valley would be much better and accommodate ten times as many of his people. Th part of the county, extending from salubrity of our climate, the fertility to see the truth of the assertion. Albany to Brownsville and Harris of our soil—its varied productions, He further compliments the people burg and traversed by the Calipsois, our incalculable water power conspired to render us a people blessed the most liberal assistance in the with peculiar advantages with a place no value on an enterprise unplace no value on an enterprise unpla

the Connecticut election was much of that is now shut up by natural bar-tention to the following extract from the result of an outlet that is now shut up by natural bar-tention to the following extract from the result of an outlet. the St. Louis Democrat, which is an acknowledged leading organ of the Republican party of the "Great ple of Harrisburg resolved to build with an air of trumph he asks, "what is the prospect on a straight line to Albany almost every farmer will give it aid contract a will give it aid contract and contract the prospect of the considerations and the prospect of the considerations are ple of Harrisburg resolved to build will give it aid contract the prospect of the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the prospect of the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the considerations are prospect on a straight line to Albany almost every farmer will give it aid contract the consideration are prospect on a straight line to Albany almost every farmer will give it aid contract the contrac Republican party of the "Great the canal, and to that end filed articles of incorporation and went to publicans met with a crushing defeat cles of incorporation and went to Muddy to have clear water turned week. He says it was right but the there, it adds: "The majority for the work with glowing hopes and prosopposition of many Republicans to glee of delight, the women were the civil rights bill, the force bill, charmed and the men were inspirited, atraughtened up and looked about an inch taller until the issue of the seat Pinchback, and all the rest of that headlong course in which Busicas of April 9th appeared with Butler has led, and which has proved a revelation from one of our most so fatal. It is not discouraging to honored and gifted aitizens. R. B. Cochran, upon "The McKenzie Cuthose who care for Republican printing and the grass of the gras of that headlong course in which Democratz of April 9th appeared with istered to those who have dragged the effect to extract the stiffening heavy outlays that do not attach to barn and hung himself with a log the republican party so far from those out of the verteral column of some principles. No Senatorial election of our most sturdy supporters of the was pending, and one or two memonterprise. We believe the effect is sides a number of smaller streams, claimed; "That's the kind of a close bers of Congress, more or less, will only temporary and that a healthy make no difference. But the defeat vigorous and successful reaction will vated above high water mark of all Buens V than the loss of one member of Con-gress. It will tend to make many two routes that may be taken for the

amphantly quotes it) that "the Democratic majority on the State ticket two miles a half before coming to is somewhat smaller than it was a goes on to quote a long homily from the Herald on the mistakes of the Bernder and the surface above the low water mark, starting out at the ferry as shown by the level was 15 feet, and the funny part comes in—and the funny part comes in—and the funny part comes in—and the mention it—when, would continue but a short distance, being to make a cut of the surface above the low water culation from this source as all the grain grown in the same district."—

The proposition is frankly conceded, and increased tax on whiskey. What is this poor country coming to?

The Novada Transcript has "some times thought that some people main if set a good deal of selfishness in their efforts to save their souls. What saver becomes of the rest of manking."

THE MARRIER AND HARRISBURG that we are in any one's way with

Hannmonn, April 19, 1875.

times to know that the people of Or-egon in various localities of the State are waking up to their true in-has not established much." We are

with peculiar advantages with a place no value on an enterprise unproper development of our latent resources. Being thus impressed the people of Corvallis conceived the proposed bridge is expected to benefit have had nothing. This is unfair. The county is now comparatively out of debt, and no ax-payer will feel the additional barden which the appropriation asked for would impose upon the whole county. The amount wanted is only \$4,000, for which good and responsible citizens propose to bind themselves that the bridge shall be built—a first-class one, too, of the Smith Truss pattern.

Being thus impressed the place no value on an enterprise unplease in their little village."

This is a gratuitous assumption with reference to the people of Harrisburg, and was evidently suggested to his mind by the anticipated "little village" that is expected to spring up at the head of the "Albany canal," so or it may have been prompted by the application of Harrisburg with the idea of building the Xaquim at the head of the "Albany canal," so or it may have been prompted by the built—a first-class one, too, of the Smith Truss pattern.

Our space forbids further remarks Our space forbids further remarks pon this question at the present Willamette river improved, and the will be leaded with humber and A Victoria City to the land of the land o upon this question at the present time, but we believe ninety-nine out of every hundred tax-payers in the county will endorse our views on this question.

Willamette river improved, and the will not be a day but a ship grasshoppers instead.

A Virginia City hoodlam is in jail this may be the reason that people in "little villages" areso lightly estimated. He seems to make sport of the would open up an extensive and valuable country upon the waters of the people of Harrisburg building a canal "as there are but gave a larger donation to the Kansas Now since the Belletin didn't think unble country upon the waters of the about about eight or ten persons in grasshopper sufferers than any other Now since the Bulletin didn't think until country specific consequent trade, the Connecticut election was much of McKenzie, with its consequent trade, that "little village" that are willing Masons of a like number.

it adds: The majorny for the war and thought that stream. It is generally thought that water can be turned in-

Republicans who were not as brave and faithful as he before, more cowardly and ready to compromise with evil than ever."

By-the-way, the Bulctin said the other day, that it intended to produce that may be taken for the power as Albany has a great surplus of water running to waste and can supply the demands of the city for all time from its present source of supply.

Resolved, "That the terriple question:

Resolved, "That the erriple question:

Resolved, "That the corriple question:

Resolved, "That the level as wicked man dies he goes to hell." Unless he is a Sioux City man; then he goes to the Black Hills.

Here's a sentence in which some of the words floored the best spallers of the words floored the best spallers. By-the-way, the Buletin said the content day, that it intended to produce the alough and come out at Brumfully too, that all the products of the alough and come out at Brumfully too, that all the products of the alough. In speaking of the latter cut after all. Why don't it trot out those figures?

Again: Mr. C. avers, and truthfully too, that all the products of the McKenzie district would be shipped by this "straight line to a place on the Willamette where boats can arrive the year round." We concede wrong san last week. He went those figures?
