A New Mining Enterprise.

A New Mining Enterprise A New Mining Enterprise Sometime during the past year a young man marked C. F. Post came up here from Eidorado connty, California, where he has been engaged in quarta mining for several vara. He was the owner of what he con-aidored a good laad, but he had been tirears up by trying to work it alone. After talking several parties in it to such an extered as in-several parties in it to such an extered as in-the interprise of the interprise of the interprise several parties in it to such an extered as in-the interprise of the interprise several parties in it to such an extered as in-several frames of the sevential of the interprise of the interpris

is 3 feet and 3 inches wile. Quarts taken out at that depth and assayed by Prof. Fisk, at Portland, gives an average of about \$20 to the ten. This is a good yield, and if it helds out the boys will come home with their pock-ets well lined with ducats. We hope their brightest anticipations may be realized. Net Calley, Last Saturday R. L. Barnes, Ed. Cox, Joa. Clark and Vanuy Smith were arrested for

Clark and Vanny Smith were arrested for disorderly conduct at the M. E. Church on the avaning previous. Not boing willing to plead guily to the charge, they demanded a jury. The case of R. L. Barnes was called first, L. H. Montanyo prosocuting, and D. M. of your mind. Conley, N. B. Humphrey and C. H. Hewitt defending. It lasted through the entire alternoon and wont to the jury about 5 o'clock. A verdict of not guilty was returned in about ten minutes and the defendant was discharged. After supper the case of Ed the face. Cox was taken up, a new jury empanneled, the same lawyers appearing as in the other case. This case did not last long, and the defendant was acquitted. The testimony in the cases of Clark and Smith being practically the same, Capt. Humphrey moved that they be discharged. Judge Baldwin austained the motion, and the defendants were discharged, thus saving quite a sum to the city. It seems to be perfectly clear that the education. persons arrested were not disorderly, and heir prosocution has put them to considerayou would prosper ble needless expanse, yet still it will have a good effect upon others. Boys who have been in the habit of acting disorderly there will learn that they must behave, or else be fined in the Recorder's Court.

Remarkable Success

The success of the leading literary paper

the West, The Chicago Ledger, is truly remarkable. Since its introduction to the reading public, six years ago, The Ledger has steadily advanced in favor, and is now acknowledged accord to no paper of its kind in the country. Its circulation is national, and has been obtained through the efforts of its character, and at the same time sell it at a price consistent with the present hard times. That they have succeeded, and well, too, the thousands of readers of The Ledger scattered from Maine to Texas and from Oregon te Florida will bear testimony.
