THE OFFICIAL PAPER FOR OREGON

A SHAMEFUL POLICY.

The act of the authorities at Washington in appropriating arms and ammunition pro rata to the several States of the Union has for several years past worked a hardship upon the Pacific coast people, and is especially harmful to our Oregon citizens just now. What in thunder does Massachusetts, New Hampshire, Pennsylvania, Ohio and other States need with tens of thousands of stands of arms each, when they have no enemy in their midst and no frontier to be protected while we here in Oregon have the Government's Indian wards quartered upon us and supplied with arms and ammunition, and our white settlers destitute of the means of defense!

This is a most wretchedly villainous policy, and the people of the Pacific States who are environed and constantly menaced by the savage beasts in whose favor the Government has for the past twenty years legislated, should demand of their Senators and Representatives in Congress such legislation as will place within our power a means of defense against these frequent outbreaks and murderous attacks.

Our frontier settlers now fleeing from their homes for want of proper means of defense is a sufficient plea to our friends at Washington for prompt action in the matter.

A TALENTED SHERIFF.

During the campaign just closed Mr. E. B. Purdom, a responsible Republican of this city, handed us a note for publication which charged Mr. Sol. King, of Benton county, with having "greenbacked" him (Purdom) at a time when that sort of currency was rating at about 40 cents on the dollar. This Mr. King has never denied, but now he wreaks his vengeance upon us as follows:

CORVALLIS June 20 78
Mr Brown
Sir you Will Plase Stop My Paper as I Do not Want it eney More if I am in your dept Send your bil and I Setle it Sol King

This is a verbatim copy of Sheriff King's letter—spelling, punctuation, capitalization and all—and demonstrates beyond a question that the Republicans of Benton county are eminently qualified to judge of the fitness of their county officials!

All right, Mr. King! We will "Plase" stop your paper, as you "Do not Want it enney more." You are not in our "dept" and you have no "bil" to "setle" with us.

Ajew, wise Solomon King of the great Radical party of Benton! Thou hast surely made a killing this time! Scat!

STITES AND POWELL.

Advices yesterday seem to indicate that the contest between Messrs. Stites and Powell for State Superintendent of Public Instruction is so close as to require the official vote to determine the result. All save two counties have been heard from which give Powell 178 majority. Baker and Grant are the counties yet to hear from, which gave Thayer 185 majority. If the same vote is given Mr. Stites he will be elected by 7 votes. We have an abiding faith in the good sense and judgment of the people of those two counties, and are therefore confident of Stites' election.

APPROPRIATIONS FOR OREGON.

The New York *Sun* thinks that the desire of Oregon Senators for an appropriation of $300,000 for river and harbor improvements in this State, is simply an electioneering movement on the part, and for the benefit, of Senator Mitchell. In this instance the *Sun* is in error. Every dollar of the money asked for is really required in Oregon for the stated purpose, in the interest of commerce, navigation and trade, and the State is entitled to it.

AS IT SHOULD BE.

Hon. John Whiteaker, our new member of Congress, is the Oregon member of the Democratic National Committee. He was given that position at the St. Louis Convention because the Oregon delegation knew he would be elected to Congress about this time, and would be handy to have about Washington when the Committee should next meet. Nothing like taking time by the fore top.

QUITE A DISTINCTION.

Hon. John T. Hughes, of Benton, is the only Democratic Representative of the last Legislature who is re-elected, and Hon. R. B. Cochran, of Lane, is the only Senator who has been returned. This is a remarkably flattering compliment to these gentlemen and one of which they should be justly proud.

OREGON PIONEERS.

The following are the officers of the Pioneer Association elected for the ensuing year: M. Crawford, President; W. L. White, Vice-President; J. H. Brown, Recording Secretary; W. H. Rees, Corresponding Secretary; J. M. Bacon, Treasurer; Wm. Barlow, Thos. Monteith, F. X. Mathieu, Board of Delegates.

THANKS to our friend, H. H. Gilfry, for a document of much value.

ANSWER TO HALSEY GREENBACKER.

HARRISBURG, June 10, 1878.

Editor Democrat:

After the frequent scurrilous attacks made upon my private character in the late canvass, I had reason to hope I would be allowed to enjoy the triumphs of the greenback principles in gallant old Linn unmolested. But it appears there is a certain shyster of the Democratic fold who is dissatisfied with his present notoriety, and surprised at the multitude of devoted greenbackers that could not be intimidated, bribed or bought. He feigns to make us believe that he is one of that noble band of patriots that is battling for principle, and exemplifies his devotion to the cause by imitating the deeds of that dastardly soldier that hid himself away during the battle, but when it was over he rushed out among the slain, plunging his sabre into the fallen at a furious rate to prove his courage and fealty. From the way this Halsey hero exults over his work he imagines that he has given me a fatal thrust. Hear him: "Dr. Hendrix, the Democratic scarehead, going over the county telling falsehoods about the record of the last Legislature, and, at the same time, secretly caucusing to sell out to the Republicans." It will be observed that while this bogus "greenbacker" gives my name to the public and holds me up as one of his slain trophies, he is careful to conceal his own name, but seizes upon a name that implies honor and respectability, instead of the one that law and principle attaches to him.

I descry the ear-marks of this much-domesticated animal, but I demand of him his true name, that the people may truly estimate the value of his hide. It is a little singular that this fellow should appropriate "greenbacker" for his nom de plume, the same having been used by me for many months past in the columns of this paper to demonstrate the financial theory of the greenback party. I now say to this bastard "greenbacker," that whenever he says that I at any time proposed "to sell out to the Republicans," he tells a bare and malicious lie, and I here and now brand him as a sneaking, cowardly, contemptible falsifier. The man that will tell a deliberate lie to rob his fellow man of a good name and defame his character, will steal. The man that will steal a name will steal anything else if he is sure he will not be caught, so I caution the good people of Halsey to keep a sharp lookout for this bogus "greenbacker." Allow me to further say that all of the proposition to "sell out" that I know anything of, comes from the Democratic party. This censorious "greenbacker" makes charges of prefidy against the Republicans, and declares that greenbackers with Democratic antecedents were shamefully sold out. Of this I know but little, and care less, for I have but little respect for the man, let him be Republican or Democrat, who votes in obedience to the sting of party lash. It is the proudest epoch in the history of my political life to know that there is between four and five hundred independent, noble freemen in Linn county, who stand away above and beyond the reach of party prejudice and will vote, live and die in the defense of their principles. This spurious "greenbacker" seeks to make the impression that he voted the greenback ticket and constitutes one of the number that was deluded into that "treacherous political snare," and was "sold out" by the Republicans. Poor fellow! He says, "let us go back to the house of our fathers, return to the good old Democratic fold." Now, my pretended whilom "greenbacker," this little piece of sophistry is entirely too transparent for sensible people to believe, and it is too low and contemptible for any one to practice, except such as stab in the dark, or appropriate false names to give vent to their spleen that they dare not do over their own signature.

J. F. HENDRIX.

BETTER THAN EVER BEFORE.

The Oregon Democracy have done better this year than ever before. They have secured a good working majority in both branches of the Legislature; have cleaned out the infamous Mitchell Custom House ring and insured the election of a U. S. Senator; have elected a Democratic Congressman to succeed a Republican and have continued the State Administration in the hands of the Democracy by electing a Democratic Governor.

But our Radical friends say this is the "off year" in politics. If it is, the Republicans are worse "off" than ever—that's all!

THE Quincy *Herald* says: When the Republican party was on its last legs, it was proposed to give the colored man a vote; that element gave the party a few years' extension, but now that the colored man votes the Democratic ticket it is proposed to give the Indians a chance to exercise the franchise as well as the tomahawk, and make all the Indian agents judges in the several Reservations. Mr. Lo is expected to deposit his ballot for the Great Father when he returns from the Paris Expesition, and again agrees to take upon himself the responsibility of a fifty thousand dollar office.

MORE INDIAN DEVILRY.

Last Saturday five Indians attacked three white men, near the mouth of Salmon river, in Tillamook county, and in the affray a white named Perry Dodson and an Indian were killed. The row grew out of a dispute over the ownership of some cattle.

INDIAN WAR IN OREGON.

Indians Massacreing the Settlers and Retiring Toward Baker City.

Last evening Governor Chadwick received the following telegrams from Baker City:

BAKER CITY, June 12th, } via WINNEMUCCA, June 13th. }

To S. F. Chadwick, Salem, Oregon:—Indians are massacreing settlers in southern part of this county and moving this way. Send one hundred stand of arms and ammunition.

(Signed) D. B. SCHOFIELD, County Judge.

Upon the receipt of which the Governor issued the following order:

STATE OF OREGON, } SALEM, June 13, 1878. }

Brig. Gen. M. V. Brown, Commanding 2d Brigade O. S. M.—SIR: I have the honor to make a requisition upon you for 100 stand of arms to be furnished from the companies under your command for the protection of settlers in Baker county from Indian massacre. The arms are to be shipped to D. B. Schofield, County Judge of Baker county, at Baker City.

Your obedient co. vant,

S. F. CHADWICK, Governor.

In pursuance of the foregoing order Gen. Brown will forward 50 stand of arms from Salem this morning, and the General will go to Portland and forward 50 more from there on to-morrow, and will also make a requisition upon the Vancouver arsenal for 5,000 rounds of ammunition, which will also be forwarded to-morrow. Gen. Brown has also tendered the Governor the service of the 2d Brigade, which will be held in readiness for duty subject to orders. It is greatly to be hoped that the reported outbreak may prove to be a mistake, but from the movements of Indians in other places it is to be feared that the worst has not been reported. We are glad to note that the Governor has taken prompt action in this matter and hope that every needed precaution will be taken to protect the citizens on the frontier.

(Salem Statesman, June 19th.)

LATER.

In interviewing Governor Chadwick, late Saturday afternoon, we learn that General Brown has been to Portland, and shipped the arms taken from the State Militia, they generally yielding a percentage from each company, and forwarded them to Baker City for the authorities, in compliance with a requisition from the Governor. Gen. Brown also made provision for transportation. The Governor speaks in highest terms of Gen. Brown, the officers of the Department of the Columbia, John R. Foster, agent of the Umatilla Stage Company and O. S. N. Co., for promptness in aiding him in the rapid transportation of the means of defense, considering the fact that no State funds are applicable at present to pay expense, except the assurance of the Governor that such expense will be paid.

The Governor says from his best information Gen. Howard is near the three forks of the Malheur river, between Canyon City and Stein Mountain, and Stewart's column is near Baker City, en route to Boise, and must pass through the country where Mr. Rhinhart and others were massacred. He has reason to believe, from information, that the Shoshones, Bannocks, Snakes, Malheurs, Weisers and Piutes, are concentrating in the direction of Stein Mountain, probably for the purpose of completing organization. Probably the next news of the matter will be an action with General Howard.

All the requisitions for arms and ammunition on Capt. Kress, ordnance department at Vancouver, have been promptly filled and forwarded.

The following dispatches were forwarded yesterday by the Governor:

SALEM, June 15, 1878.

J. H. KUYKE, Umatilla:—Is escort needed for arms and ammunition to their destination in Baker county? How are the Umatilla Indians? Answer.

S. F. CHADWICK.

SALEM, June 15, 1878.

D. B. SCHOFIELD, County Judge, Baker City:—From all I can learn General Howard is between Canyon City and Stein Mountain, and Stewart's column is near Baker City en route to Boise. Post me on Saturday.

S. F. CHADWICK.

These telegrams have not yet been answered, but when received will be at once given to the press, and the Governor has sent private telegrams to advise stock owners of the danger to which they are exposed. The Governor has been tendered the services of the militia in case they are needed, and if such forces are put in the field General Brown will take command.

The Governor has acted promptly and rendered every possible aid in his power, but the U. S. troops will probably be sufficient to take care of the contest without militia. In case militia are necessary a large force will be sent at once. The following dispatch was received by the Governor on yesterday:

WASHINGTON, D. C., June 15, 1878.

GOVERNOR S. F. CHADWICK, Salem, Oregon:—Orders have been issued directing compliance with your request of yesterday for arms and ammunition.

G. W. MCCRARY, Secretary of War.

NOTHING TO ABANDON.

Of all the absurd talk, the Springfield *Republican* declares, the absurdest is that about the President's abandoning the Southern policy. The Southern policy is simply the application of one principle to all States—that they shall be left to settle their own disputes, whether situated North or South of a certain degree of latitude. The President has treated the South as his oath to support the Constitution required that he should treat all parts of the country; there is nothing to abandon, and no way to abandon it if there were.

THE Detroit *Free Press* says: When Anderson connived at the fraud by which Louisiana was counted to Hayes, and was promised a good office for his service, the Republican papers all defended him and lauded his action. Now that he repents and confesses his offense, they all assault and vilify him. This depravity of the Republican press is lamentable.

GOV. WHITEAKER is the first member elect of the next Congress. Good enough for the Oregon Democracy.

THE INDIAN REVOLT!

Winnemucca's Return.

BOISE CITY, June 18.—Winnemucca, the Piute chief, came into Capt. Bernard's camp last night, bringing with him a small party of his men. Winnemucca tells a similar story regarding designs of the hostiles to that of his daughter Sarah.

The Raid on Burnt River.

A dispatch was received here last night from Baker City, Oregon, saying the hostiles had raided Burnt river yesterday, stole 22 head of horses, and probably did other mischief.

Troops on the March.

Capt. Bendire's company of cavalry left here early this morning for Old's ferry on Snake river.

Reported Raid on Canyon City.

SAN FRANCISCO, June 19.—A Silver City dispatch says: A messenger from the vicinity of Camp Harney reports serious Indian depredations. A party under Egan have burned Diamond ranch in Happy valley, near Stein's mountain. The Indians have captured over 400 horses. Thirty soldiers of the 1st cavalry have gone there to render assistance. Troops and supplies are greatly needed. French and Robie, with their employes, have been driven from Stein's mountains, and they report the mountains full of Indians; they also report all their stock killed or driven off and two men shot.

The latest from Col. Barnard's command states that he has a howitzer and three companies of cavalry, and will be reinforced by McGregor before reaching Camp Harney. They are in hot pursuit of the Bannocks.

Gen. Howard sent Grover and three companies of cavalry to Old's ferry to prevent the Bannacks going north.

Canyon City and vicinity is being raided by Indians. A number of whites have been killed.

Movement and Disposition of Troops.

BOISE CITY, June 19.—The situation is somewhat mixed, and reports from the front are mainly of the disposition and movements of troops which are now in Oregon. Very little is directly known there of how the efforts of the hostiles or their numbers. They are known to have been gone for several days from near Stein's mountain, and are now supposed to be swinging northward toward Baker City, Oregon. Gen. Howard was yesterday at the Stone House near the crossing of the Malheur river, with Stewart's command, consisting of the infantry and artillery. Major Downey and Capt. McGregor, with their commands are in the neighborhood of Fort Harney. Col. Barnard with his own and Whipple's command, has gone in the direction of Stein's mountain. Capt. Bendire with his company of cavalry is at Old's ferry. Major Stanford with volunteers, and Capt. Carr's cavalry are coming this way, on the overland road and will arrive here on Saturday. When here these companies will go to the front under command of General Grover. It will thus be seen that the troops are arriving in the country occupied by the Indians.

The Country Occupied by the Hostiles.

The field of operation is immense, affording many avenues of escape to the Indians, when too hotly pursued in any quarter. From the preparations made to meet them in Oregon, it is not likely that they will remain long in that state. They may be expected at any time to recross Snake river into Idaho and renew their depredations in the rear of the troops. The indications are that all the Indians in Southern Idaho and most of those in Eastern Oregon are with the hostiles. It will prove a difficult task with any considerable body of troops to guard against these raids which may be made by detached bands.

Alarm on Powder River.

There is great excitement in Powder river valley. The settlers have all left their homes and are flocing to the towns for safety. Troops are concentrating at Camp Lyon and a large portion of them will probable remain there.

Leo Winnemucca Captured.

Leo Winnemucca, on his way to join the hostiles, was captured, with five horses, by soldiers.

An Appeal from Grant County.

The following dispatch appears in San Francisco papers:

WHITE HORSE, Grant Co., } Or., June 15, 1878. }

To Major General McDowell, San Francisco: We have had to concentrate at this place to protect our lives, leaving our homes and our property in the possession of the hostile Indians. For God's sake help us if you can, and we will be thankful. Signed by W. J. Rans, D. M. Dushon, W. Christian and twenty-four others.

To endeavor to cover the top of Mount Vesuvius with tin plates, and to avoid any more volcanic eruptions, the *Board of Trade Gazette* alleges would be as sensible as to attempt to stifle public opinion and action which revolt against the stupendous fraud by which President Hayes occupies the seat which the vote of the people gave to Samuel J. Tilden. Those who pretend to say that trade and commerce will thrive all the more if this great national fraud is left undisturbed, either do not know anything of what they affect to represent, or else they wilfully misrepresent the facts. Trade and commerce are dependent upon honor and sound credit. Those give the feeling of security. When these fail, panic and doubt ensue.

GOOD FOR LAKE!

Lake county looms up grandly, giving Thayer 176 majority, Whiteaker 106, Reames 86, Brown 103, Noltner 91 and Stites 91, and electing the entire Democratic county ticket.

"HAM FAT."

Last Monday the Democracy of Portland elected Peter Taylor over Geo. Hata for Police Commissioner. And now the cheerful Democracy of Portland sing:

"Ham fat, ham fat, smoking in the pan," etc.

GOVERNOR THAYER.

Hon. W. W. Thayer's majority for Governor will be close on to one hundred.

Und shtill dose Republicans don't vas 'appy!

MR. WIGGINTON AND THE KLAMATH RESERVATION.

Congressman Wigginton, of California, has accomplished a good act in prevailing upon the House Committee to unanimously adopt a resolution requesting the Secretary of War to suspend the execution of General McDowell's order for the expulsion of numerous settlers from the Klamath Indian Reservation until the Committee shall have an opportunity to act on the subject next session.

The lands in controversy are alleged to have been settled in good faith at the time when all wild Indians were removed from the Reservation to Hoops Valley. It is pretty well established that the movement to drive the settlers from the lands is a big land-grabbing job in the interest of a few grasping speculators, and that there is neither equity nor justice in it. Mr. Wigginton will earn for himself the hearty thanks and gratitude of the settlers if he shall finally succeed in his excellent purpose to protect them in their rights.

TEN years ago a Clatsop county girl broke off a needle in her right foot, and last Sunday evening her lover found the missing piece. She says she felt a tickling sensation near the spot where it was discovered for some weeks, but attributed it to some affection of the lungs. Where the duce did the needle come out?—*Linn County Advertiser.*

Mac, that's a full chested conundrum, and one which any modest young man should immediately give up.

A GOOD VOTE.

Senator Grover will have the thanks of the whole people of Oregon, and especially of the settlers of our exposed frontier, for voting against the bill to reduce the army from 25,000 men to 20,000.

THE Republicans manage to scratch in on their candidates for Secretary of State, Treasurer and Printer. But Lordy, hain't the Democracy the cream, though!

The Imported Percheron Horses!

WHITE PRINCE

Will be at the stables of A. H. MARSHALL, ALBANY, Thursdays, Fridays and Saturdays; and Mondays, Tuesdays and Wednesdays at the stables of SOL. KING, CORVALLIS.

PRIDE OF PERCHE

Will be at the stables of GAINES FISHER, SALEM, Mondays, Tuesdays, Wednesdays and Saturdays, and at the stables of S. BROWN, GERVAIS, Thursday, and Fridays of each week.

I deem it unnecessary to give a minute description of these horses, as it is now a settled fact that there is no breed or family of large horses that show such an improvement on the common stock as the Percherons; this is proven by all those that have given them a trial, at work or as breeding animals, and could be certified to by hundreds of respectable parties in this State, Washington Territory and California, who have tested them. that find fault or object to the Percheron have not tried them, or are interested in some other stock.
