week.

The auxiety attendant upon the Mitchell has been succeeded by our Slater. The names of quite a number of candidates were proposed at the different sessions of the Democratic caucus, and it was hard to tell which would finally be successful, but on last Tuesday morning, about four o'clock. after an all-night's session, Mr. Slater ballot, and on the same day was elected. His election is but a just acknowle igment of the help rendered by East ern Oregon in the late election, and in regard to locality divides our delegation up in the best possible manner .-Hon, Jas. H. Slater is of tall and commanding figure, is a fluent speaker, and his Congressional record shows that he is possessed of sound judgment and unimpeachable integrity. He is a sound Democrat, and, unlike his predecessor, will work for the interests of our State. Although he was not the first choice of this county, he will please our people as well as any one who could be selected outside of "Old Linn."

AN INFAMOUS OUTBAGE.

And now we are informed that Gen. Howard is concentrating his Indian prisoners, to the number of 1,000, at Camp Harney, in the very midst of the settlement which those red devils raided and destroyed and devestated in their stampede from Stein's Mountain. Is this fair? Is this justice to the settlers of that section who have already suffered so much, and who were just now hoping for peace and tranquillity so that they might go back to their de- warrants drawn on state lands to be stroyed homes and begin life anew, that these restless, marauding, treachtrous fiends should be taken back and quartered in their very midst?
