ITEMS OF INTEREST.

Seventeen thousand Russians are every year banished or sentenced to penal servitude in Siberia.

Two hundred thousand acres of timber are annually required for ties for the railroads of the United States.

The Chinese keep grapes a long time fresh by cutting a hole in a pumpkin, cleaning it out, and, after filling with ripe fruit, replacing the cover.

The wise ones are already foretelling the great things that are to happen in the coming year, 1880, and not the least of these is that the month of February will have five Sundays—a thing that will not happen again for [illegible] years.

In Russia the proportion of farm laborers is one man to every 11½ acres. In the best farmed sections of the western part of the United States [illegible]

An English [illegible] process to [illegible] perfection, and by a single [illegible] of the printing block; chromos [illegible] that require from thirty to sixty stones each, can be printed with a single block by this new process, with the addition of one stone merely to put in the more delicate lines of the faces, foliage, landscape, etc.; and, in fact, anything printed in color can be reproduced from a single block. The results of the process are indestructible, and can be applied to any material.

A rapid penman can write thirty words a minute. To do this he must draw his quill through the space of a rod—sixteen feet and a half. In forty minutes his pen travels a furlong, and in five hours and a third, a mile. We make on an average sixteen curves or turns of the pen in writing each word. Writing thirty words a minute we must make 488 to each second; in an hour, 28,800; in a day of only five hours, 144,000, and in a year of 300 days, 43,200,000. The man who made 1,000,000 strokes with a pen a month was not at all remarkable. Many men, newspaper men for instance, make 4,000,000.

The following curious calculations appears in a French journal: The Prince Imperial had seventeen wounds. There are seventeen letters in the name Napoleon Bonaparte. The addition of the figures 1808, the date of the birth of Napoleon III., makes seventeen so does 1826, the date of Empress Eugenie's birth, and 1853, the date of their marriage. From that to 1870, the year of their fall, was seventeen years. The Prince was seventeen years of age when his father died. There are seventeen letters in the name of Lieut. Carey, and the addition of the figures 1862, the date date of Prince Victor's birth, again produces seventeen.

The first stone of the Cologne Cathedral was laid Aug. 15, 1148, and it is thought it will be completed in another year. The two towers have now reached their last stage, and have only to be fitted with their massive caps of solid stone-work. For this purpose two great scaffoldings have to be erected at a dizzy height; one of them, however, already approaches completion. When the caps have been finished, then a still higher story will have to be added to the scaffoldings, in order to fix on the tops of the caps the gigantic foliated crosses, almost thirty feet high, which are to crown the towers. The operation will, it is expected, be performed next spring.

The first French ballet in New York was given at the Bowery about 1827. Mme. Hutton, the principal dancer, on appearing in her brief and gauzy costume, was greeted with a storm of hisses, which ended in an uproar and the departure of many from the theatre. The curtain was rung down, and no further performance was given that night. There was a general attack upon the troupe in the papers of the next day, and the exhibition was characterized as the most shameful and indecent ever presented in the city. The consequence was that standing room could not be found the following night on the rising of the curtain. The house was black with men only. Within a week, however, a few ladies appeared, and before the end of the month fashionable New York had flocked in large numbers to the theatre.

A German gentleman who keeps a seven-by-nine lager beer shop at the South End, treated himself to a day's vacation, leaving his son in charge of "ter pizziness" and a keg of beer. On his return he found the keg empty, and addressed his offspring as follows: "How is dis, Yawcob, dot you makes me only und dollar and dirty cents for dose keg of beer! Show me how you draw der beer." Yawcob took the glass and drew it nearly full of beer, with but the least margin of froth, when the old gentleman, seizing his hand, said: "You make dose glasses stand higher down from der keg, Yawcob; der profit in der pizziness is in ter pubbles."—*Boston Bulletin.*

Pretty Mouths

Should have pretty teeth in them, but it is not unusual to see between rosy lips, teeth discolored and decaying through neglect. This disfiguring defect should be repaired without delay, by using fragrant SOZODONT, which removes every particle of tartar from the teeth and renders them snow white. This admirable aid to beauty is perfectly harmless and exhales a most delightful aroma, and is in every respect preferable to the ordinary tooth pastes and powders. Try it and see for yourself.

OLD, TRIED, AND TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy, the

MEXICAN Mustang Liniment,

FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years, until now it encircles the habitable globe.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable.

A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, cow, or sheep.

It cures foot-rot, hoof-ail, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swinney, sprains, founder, wind-gall, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.

It is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and in every way the most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ringworm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood, and cause derangement and decay. It stimulates and enlivens the vital functions. It promotes energy and strength. It restores and preserves health. It infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair, who will give AYER'S SARSAPARILLA a fair trial. Remember, the earlier the trial, the speedier the cure.

Its recipe has been furnished to physicians everywhere; and they, recognizing its superior qualities, administer it in their practice.

For nearly forty years AYER'S SARSAPARILLA has been widely used, and it now possesses the confidence of millions of people who have experienced benefits from its marvellous curative virtues.

ANOTHER TRIUMPH! —FOR THE— Webfoot State!

NO MORE BACKACHE!

No More Kidney Troubles!

OREGON HAS LONG BEEN NOTED FOR THE wonderful variety of her natural resources. Her hills and valleys are stored with the choicest of Nature's lavish gifts. One by one these elements of her greatness are being sought out, understood and adapted to the use of her people. The latest of these discoveries is the

OREGON KIDNEY TEA,

A plant that grows in mountain fastnesses which are seldom trodden by the foot of man. This remedy presents the leaf in its natural state, and is not one of those nauseous liquids put up to sell, and which too often cover noxious and deleterious drugs, but is kind nature's own remedy, her "last best gift to woman." The Tea made by steeping this leaf is a CERTAIN AND SPEEDY CURE FOR ALL THAT AILS THE KIDNEY AND URINARY ORGANS. [illegible]

Many mistake the pains arising from defective action of the Kidneys for RHEUMATISM, and in attempting to cure the latter by outward applications fail entirely to reach the seat of the disease. We do not offer the OREGON KIDNEY TEA as a specific for rheumatism, but are satisfied that many cases of so-called RHEUMATISM would yield to its remedial virtues.

PRINCIPLES OF PRACTICE.

I do not belong to any particular creed nor sect in medicine, nor found my practice upon any theoretical dogma, nor supposed universal law of cures, but I claim there exists a constitutional power in every living being that tends to guard off and remove disease.

I claim that woman, in a normal condition, is perfect and free from disease; and whenever she is sick or diseased, some law of her being has been violated, and that the disease is the penalty. I select my remedies from the common storehouse of medical learning and apply them in accordance with clearly ascertained facts and principles of Physiology and Pathology, and the known action of medicine upon the human organism in health and disease; I strive to pursue a genuine Electicism in the selection of curative agents; I endeavor to prescribe them according to fixed and determined principles of cure.

I claim to keep myself fully up with the progress of medical science. What is useful in Allopathy, Homeopathy and Hydropathy, I use; in other words I select, from the various and conflicting systems, my rules, practice, and mode of treating diseases, and this is all the Reformed Practice, or the School Which Selects.

I make Uterine Diseases a specialty. For sixteen years I have been engaged in treatment of Female complaints in every form. I positively have a cure for most cases of Prolapsus Uteri, (Female weakness). I use no Calomel nor mercurial drugs in any form. I use no Pessaries. I instruct all my sex how to live. I give medicine that will assist all the functions of the human organism to perform their normal work.

Mrs. Sarepta Smith is a graduate of the Philadelphia Medical College, and her diploma can be seen at her rooms.

Ladies who are afflicted with any Uterine diseases will do well to call on Mrs. Smith. She will describe their diseases and symptoms, without asking any questions. All consultations will be free. 5tf

(Successors to R. V. PIERCE, M. D.)

DR. R. V. PIERCE, having acquired a world-wide reputation in the treatment of Chronic Diseases, resulting in a professional business far exceeding his individual ability to conduct, some years ago induced several medical gentlemen to associate themselves with him, as the Faculty of the World's Dispensary, the Consulting Department of which has since been merged with the INVALIDS' HOTEL. The organization has been completed and incorporated under the name and style of World's Dispensary Medical Association, with the following officers:

Hon. R. V. PIERCE, Pres. F. D. PIERCE, V. Pres.
JNO. E. PIERCE, Sec. LESTER B. SMITH, Treas.

NINE PHYSICIANS AND SURGEONS of eminence and skill have been chosen as the Faculty.

CHRONIC DISEASES of all forms come within the province of our several specialties.

LUNG DISEASES.—This division of practice is very ably managed by a gentleman of mature judgment and skill. Bronchial, Throat, and Lung Diseases treated with the most successful results.

DISEASES OF WOMEN.—Especially are our facilities of a superior order for the cure of all those chronic diseases peculiar to females.

NERVOUS DISEASES.—Paralysis, Nervous Debility, Epilepsy (Fits), Chorea (St. Vitus's Dance), Neuralgia, and other nervous affections, receive the attention of an expert in this specialty.

NOT NECESSARY TO SEE PATIENTS.—By our original system of diagnosis, we can treat many chronic diseases as successfully without as with a personal consultation. For particulars see "People's Common Sense Medical Adviser" (1,000 pages, sent post-paid for $1.50) or "Invalids' and Tourists' Guide Book" (100 pages, 10 cents post-paid).

SURGICAL CASES.—Among the operations which we are called upon most frequently to perform, are those for Nasal Polypus, Harelip, Tumors, Fistula in Ano, Piles, Hernia (Rupture), Hydrocele (Dropsy of the Scrotum), Varicocele, Ovarian and Uterine Tumors, Calculi (Stone in the Bladder), Stricture, etc., etc. We also treat successfully, by a new method without surgical operation, Cancers, Club-feet, Spinal Curvature, and other deformities. (See pamphlet entitled, "Motion as a Curative Agent," sent on receipt of 10 cents.)

Address, World's Dispensary Medical Association, BUFFALO, N. Y.

WOMAN

By an immense practice at the World's Dispensary and Invalids' Hotel, having treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and positive remedy for these diseases.

To designate this natural specific, I have named it

Dr. Pierce's Favorite Prescription

The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results in the special diseases incident to the organism of woman, singled it out as the climax or crowning gem of my medical career. On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly, I am willing to stake my reputation as a physician; and so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. (For conditions, see pamphlet wrapping bottle.)

The following are among those diseases in which my Favorite Prescription has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhea, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or Falling of the Uterus, Anteversion and Retroversion, Bearing-down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, and Female Weakness. I do not extol this medicine as a "cure-all," but it admirably fulfills a singleness of purpose, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, post-paid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.

Favorite Prescription sold by Druggists.
